African American Lives Henry Louis Gates Jr.,Evelyn Brooks Higginbotham.2004-04-29 African American Lives offers up-to-date, authoritative biographies of some 600 noteworthy African Americans. These 1,000-3,000 word biographies, selected from over five thousand entries in the forthcoming eight-volume African American National Biography, illuminate African-American history through the immediacy of individual experience. From Esteban, the earliest known African to set foot in North America in 1528, right up to the continuing careers of Venus and Serena Williams, these stories of the renowned and the near forgotten give us a new view of American history. Our past is revealed from personal perspectives that in turn inspire, move, entertain, and even infuriate the reader. Subjects include slaves and abolitionists, writers, politicians, and business people, musicians and dancers, artists and athletes, victims of injustice and the lawyers, journalists, and civil rights leaders who gave them a voice. Their experiences and accomplishments combine to expose the complexity of race as an overriding issue in America's past and present. African American Lives features frequent cross-references among related entries, over 300 illustrations, and a general index, supplemented by indexes organized by chronology, occupation or area of renown, and winners of particular honors such as the Spingarn Medal, Nobel Prize, and Pulitzer Prize.

United States Entrepreneurs and the Companies They Built Wahib Nasrallah.2003-08-30 This pioneering work provides an index to over 1,700 biographies of prominent U.S. entrepreneurs, innovators and company executives published in over 120 biographical collected works which are identified, examined, and indexed here. These collected works cover a span of over 100 years and include men and women who shaped the history of American enterprise. In the past, collected works such as these have never been indexed but, finally, this book makes the biographies accessible to the general public. Wahib Nasrallah has created the only

book available today that indexes these stories of corporate success as they are documented in collected works of biography. A large number of executive biographies are published in collected works that are rich with stories of American enterprise, male and female entrepreneurs of many ethnic backgrounds. Since these stories have never been indexed before, United States Entrepreneurs and the Companies They Built: An Index to Biographies and Collected Works is a central research tool in both academic and corporate worlds.

Indexing Biographies and Other Stories of Human Lives Hazel K. Bell.2020-02-26 Stories of human lives can be fascinating but frequently difficult to index well. The new, updated fourth edition of Hazel K. Bell's Indexing Biographies is a valuable guide to the points for consideration when indexing life histories, biographies, autobiographies, letters and other narrative texts. Topics include the indexing of fiction, analysis of the text before indexing, names and their various forms, appropriate language choice for index entries, impartiality of the indexer, and how to treat main characters (through appropriate subheading structure) and minor characters (where strings of locators are sometimes unavoidable). The book also discusses more technical matters of index layout, presentation and arrangement of entries, such as how to judge whether alphabetical, chronological, page order or thematic grouping is most appropriate for the text. Examples of good practice and outstanding indexes are provided throughout. Lists of useful reference works and relevant articles from The Indexer journal are also suggested. There is, of course, a comprehensive index. Indexing Biographies contains fine advice on best indexing practices for book indexers, trainee indexers, authors, publishers and all lovers of life histories. It is an excellent overview of the complex, important and rewarding task of indexing such material.

Indexes to a Balzac Bibliography (Classic Reprint) William Hobart Royce.2018-03-20 Excerpt from Indexes to a Balzac Bibliography The success obtained by Mr. Royce's Balzac Bibliography and the general tone of the reviews on both sides of the water encourage the publication of this supplement. In fact, the main criticism passed on the original work was that the very wealth of material called for a thorough Index. Considerations of space and time forbade its inclusion in the first volume. But the critical objection is at length answered. Valuable as Royce's bibliography is, it becomes invaluable to the student and amateur of realistic fiction through the abundance of references here furnished. Neither volume is complete without the other. The Index by Periodicals in which Balzac is treated connects with Part II of the original Bibliography. The arrangement of item-numbers is chronological under each journal and thus, if worked out, will chart certain waves of enthusiasm for Balzac, or the reverse. Further, if a reader desires to know what or how many articles on the novelist have been printed in the Nation or in the Revue des deux mondes, this list will promptly guide him to the appropriate titles.
