Breathing the Same Air: A Peace Corps Romance Gerry

Christmas. 2015-04-10 Author Gerry Christmas is one of Kennedy's Children, an idealist who answered the call to join the Peace Corps not once but twice. In *Breathing the Same Air*, a gritty memoir of love and loss, he narrates his volunteer experiences in both Thailand and Samoa. From the sultry alleys of Bangkok to the serpentine paths of his Polynesian island, Christmas explores new frontiers of mind, body, and spirit. He shares stories from cross-cultural miscues and screw-ups to Peace Corps politics and squabbles. He also ventures into the classroom where he talks about his Thai and Samoan students who effuse a certain candor, curiosity, and charm. And he narrates pursuing

Aied, his long-lost love, and the difficult decision to return to the United States. As Christmas looks back on his Peace Corps days, he is mindful of President Kennedy's words: ... we all inhabit this small planet. We all cherish our children's futures. We all breathe the same air. And we are all mortal.

The Life of an African Peace Corps Child Chia

Tasah.2015-07-31 My autobiography recounts my life from 1980 as an African Peace Corps child until I became a US citizen in 2012. I lived a full life as a needy child from a poverty-stricken nuclear family of nine and believe I have something fascinating to share with the world. Despite my pennilessness, I made great strides in my endeavors and thrived. I call myself a Peace Corps child of Africa because American Peace Corps volunteers, with benevolent and philanthropic gestures, encouraged my growth into an authentic adult. Mr. Alan Lakomski whisked me away from my job as bartender and manager of a confidential decadent brothel at Club 185 Njinikom at age fourteen and sent me to secondary school. He returned to the United States when his term expired. Bill Strassberger replaced Dan Hunter and supported my education. Christine Swanson advised me to apply to the master-of-education program in human resource development at the University of Minnesota in 2003. I graduated in 2005 with an MEd and now work as an independent team-building and cultural-diversity consultant at All World Languages and Cultures, Inc., in Kansas City, Missouri.

Corps's first fifty years. Revelatory and candid, journalist Stanley Meisler's engaging narrative exposes Washington infighting, presidential influence, and the Volunteers' unique struggles abroad. He deftly unpacks the complicated history with sharp analysis and memorable anecdotes, taking readers on a global trek starting with the historic first contingent of Volunteers to Ghana on August 30, 1961. In the years since, in spite of setbacks, the ethos of the Peace Corps has endured, largely due to the perseverance of the 200,000 Volunteers themselves, whose shared commitment to effect positive global change has been a constant in one of our most complex—and valued—institutions.

One World, One Day Barbara Kerley.2009 This sophisticated yet elegant picture book uses exquisite, moving photographs from top international photographers and Kerley's poetic text to follow the course of one day to convey a simple yet profound concept: the world's inhabitants are a global family. American Taboo Philip Weiss.2009-03-17 In 1975, a new group of Peace Corps volunteers landed on the island nation of Tonga. Among them was Deborah Gardner -- a beautiful twenty-three-year-old who, in the following year, would be stabbed twenty-two times and left for dead inside her hut. Another volunteer turned himself in to the Tongan police, and many of the other Americans were sure he had committed the crime. But with the aid of the State Department, he returned home a free man. Although the story was kept quiet in the United States, Deb Gardner's death and the outlandish aftermath took on legendary proportions in Tonga. Now journalist Philip Weiss shines daylight on the facts of

With bravura reporting and vivid, novelistic prose, Weiss transforms a Polynesian legend into a singular artifact of American history and a profoundly moving human story.

Third Culture Kids: The Children of Educators in

International Schools Ettie Zilber.2009-11-16 The concept of the Third Culture Kids (TCKs), children who follow their globetrotting parents around the world, is not a new one and has been widely studied. However, there is one specific group of TCKs who have, until now, been largely ignored EdKids, the children of international school educators.

Monique and the Mango Rains Kris Holloway.2006-07-20 In a remote corner of West Africa, Monique Dembele saved lives and dispensed hope every day in a place where childbirth is a life-and-death matter. Monique and the Mango Rains is the compelling story of the authors decade-long friendship with Monique, an extraordinary midwife in rural Mali. It is a tale of Moniques unquenchable passion to better the lives of women and children in the face of poverty, unhappy marriages, and endless backbreaking work, as well as her tragic and ironic death. In the course of this deeply personal narrative, as readers immerse in village life and learn firsthand the rhythms of Moniques world, they come to know her as a friend, as a mother, and as an inspired woman who struggled to find her place in a male-dominated world.

Fiesta of Sunset Taylor Dibbert.2011-02-15 “A recollection of memories that can only be understood through the imperfection of time ... a memoir about learning, being wrong just as many times as right, and growing as a constant process. A piece of life in words ... a revealing, honest work.” — Celia Peris-Peris, PhD Men who voted for George W. Bush don’t fit the mold of your typical Peace Corps volunteer. But Taylor Dibbert isn’t your typical anything. Born and raised in Dallas, Dibbert lived far away from the third world countries he saw on the news. Yet something called to him, and so from 2006–2008, Dibbert lived in a small, indigenous village in Guatemala, after unpredictably joining the Peace Corps. *Fiesta of Sunset* tells not only of the adventures of a far off land; it also provides a closer look into the back alleys and sad streets of a country struggling with poverty, corruption, crime and more. Some of the mysterious and romantic stereotypes of the Peace Corps are set to rest in this engaging example of one young American’s experience abroad and how, while there, he began to learn how mistakes often pave the path to understanding. Ultimately the Peace Corps is about empowerment, helping the world’s poor help themselves. But there’s something more that JFK left out of his groundbreaking Peace Corps speech. Personal growth lies at the heart of the volunteer experience. As the Peace Corps celebrates its historic 50th anniversary, this uniquely compelling book reminds us that the organization’s mission is more relevant now than ever.

although she secretly worried about life without sushi, frothy coffee drinks and air conditioning. But with college diploma in hand, it was time to put up or shut up. So with some ambivalence she arrived at the Peace Corps office, sporting her best safari chic attire, to casually look into the steps one might take to become a global humanitarian, a la Angelina Jolie. But when Eve meets John, her dashing young Peace Corps recruiter, all her ambivalence flies out the window. She absolutely must join the Peace Corps and win John's heart in the process. After spending a year in the jungle in Ecuador, she runs back to the states, vowing to stay within easy reach of a decaf cappuccino for the rest of her days. Just as she's getting reacquainted with the joys of toilet paper, John gets a job with CARE and Eve must decide if she's up for life in another third world outpost. Before you can say, pass the malaria prophylaxis, the couple heads off to Uganda, and the fun really begins— if you call having rats in your toilet fun. Fortunately, in Eve's case you certainly can, because to her, every experience is an adventure to embrace and the pages come alive with all of the poignant and uproarious details. From intestinal parasites to getting caught in a civil war, culture clashes to unexpected friendships, *First Comes Love*, then *Comes Malaria* is an honest and laugh-out-loud look at Eve's misadventures as an aspiring do-gooder and her search for love and purpose, which she finds in the last place she expected.

Voices from the Peace Corps Angene Wilson. 2011-03-01 President John F. Kennedy established the Peace Corps on March 1, 1961. In the fifty years since, nearly 200,000 Americans have served in 139 countries, providing technical assistance, promoting a better understanding of American culture, and bringing the world back to the United States. In *Voices from the Peace Corps: Fifty Years of Kentucky Volunteers*, Angene Wilson and Jack Wilson, who served in Liberia from 1962 to 1964, follow the experiences of volunteers as they make the decision to join, attend training, adjust to living overseas and the job, make friends, and eventually

return home to serve in their communities. They also describe how the volunteers made a difference in their host countries and how they became citizens of the world for the rest of their lives. Among many others, the interviewees include a physics teacher who served in Nigeria in 1961, a smallpox vaccinator who arrived in Afghanistan in 1969, a nineteen-year-old Mexican American who worked in an agricultural program in Guatemala in the 1970s, a builder of schools and relationships who served in Gabon from 1989 to 1992, and a retired office administrator who taught business in Ukraine from 2000 to 2002. Voices from the Peace Corps emphasizes the value of practical idealism in building meaningful cultural connections that span the globe.

A Peace Corps Profile Kirk A. Hackenberg.2002 This book is a detailed account of one man's experiences serving, not one, but two tours in the Peace Corps as a volunteer. He takes you from the beginning of what prompted him to join the Peace Corps and leaves nothing out of the next four years of his service. Being a volunteer in a foreign country, living at the level of those being served, provides a lifetime of experiences wrapped up in a short amount of time. Each day brought new challenges, some humorous, some rather horrific, but life lessons as never predictable. From the jungles of Nicaragua, through the civil war there, to working on the coast of Chile, the author takes you on a journey that will leave you amazed at what one person can do.

Hower.2020-07-07 March 1, 2021, Peace Corps turns sixty. Its mission—to teach a skill and to spread the Peace Corps brand of goodwill around the world—still resonates. In *No Greater Service*, author Alvin J. Hower highlights its relevance yesterday, today, and the years to come. This memoir offers a stirring, personal, vivid, and action-packed account of a Peace Corps volunteer's remarkable life in the underserved areas of the southern Philippines. With curiosity, empathy, and wry humor, Hower creates a distinct Peace Corps photo memoir. An avid photographer, he produced more than 5,000 images of everyday people and the awe-inspiring beauty of a nation of 7,641 islands. He was a teacher and social worker in General Santos City, and a management consultant for a mission school in the remote mountains of Lake Sebu, Surallah, working and living with the indigenous T'boli people featured in the August 1971 *National Geographic Magazine*. *No Greater Service* also serves as a history of his host country, providing information about its complex customs and traditions as well as the notable stories of Filipinos he met and their fascinating updates fifty years later. At times hilarious, others sad and grim, it also shares a love story of his romantic alliance with a Filipina girl.

The Other Side of the World: Vision and Reality embraces and celebrates the experiences of idealistic, young Peace Corps volunteers as they confronted the ancient and enigmatic civilization of India four decades ago. Prompted by memories and emotions tapped during a gathering on the 40-year reunion of their return to the States, members of India 44 A&B provide reflections that are honest, compelling, insightful, riotous, humbling, and yet redemptive. These reflections give expression to feelings long repressed and, at the same time, uncover the mysterious ways in which their service in remote India transformed and redirected the trajectory of their lives. Their stories provide a humorous and deeply moving

description of village life, where imperfect language skills and limited technical capabilities interacted with good intentions and stubborn dedication to produce embarrassment on the one hand, and the occasional minor miracle on the other. This is not a feel-good testimony to the Peace Corps on its golden anniversary. Rather, it is a sobering depiction of the lives of volunteers living in one of the Peace Corps' most demanding site countries, where frustrations and challenges were found in abundance. Yet at the end of the day, these stories generally attest to the wisdom of the Peace Corps concept, which affirms the powers of volunteerism and the giving of self. For many, it was the first time these volunteers had articulated their feelings since leaving India. Mary Jo Clark, Thomas Corbett, Michael Simonds and Haywood Turrentine compiled the book. Respectively, the authors reside in San Diego, California, Madison, Wisconsin, the greater Hartford area, and Birmingham, Alabama. <http://sbpra.com/HaywoodTurrentine>

Through the Eyes of My Children Frances L. Stone.2012-02

Through the Eyes of My Children is a delightful read for any young adult readers, from middle school on up, interested in true life adventures about young people. This is the story of a family that becomes Peace Corps Volunteers and most important it is told in the voices of the children. Daniel the oldest sees it as a grand adventure, Nancy sees the many ways we are the same but different, Peter has lots of fun--but finds it just plain too hot, and Matthew at three years is along for the ride holding up under affectionate cheek pinches. It is these four children who tell about living in a third world country as volunteers. The friends they make, the adventures they have, and how they adjust to another culture. They tell of the things they had to cope with, the things they had to learn to live with, and do without. What was it like to eat dog meat? What was it like not to have good water to drink? What was it like to be the different one? But most important while

learning about all the differences, they learned about all the ways as a people we are all the same. The experience of learning about, living within, and identifying with another culture would help prepare them to become citizens of the world. During the 1970's the U.S. Peace Corps began taking families as volunteers. Taking families lasted for only a brief period in the '70's, and has been pretty much lost in Peace Corps' history. During that brief period Frances and Paul eagerly made the decision to sign up for the program as a way of serving their country overseas for two years. They were among the first families to join. They went to the Philippines for two years with their four children to share their expertise in agriculture and education while keeping up with their four energetic, enthusiastic youngsters.

Join the author during every stage of preparation, experience every culture shock, and gain a real sense of what isolation can feel like living in a traditional, rural Muslim community. Robert OQuinns style of writing draws the reader into the narrative with the authors descriptive prose and detailed accounts. His job was to find a way to teach English in a mountain village located next to the border of China. The winters were long and brutal, and the cultural challenges were endless, but he would ultimately learn the true essence of Kyrgyz hospitality.
