Her half-siblings hate her, her best friend's girlfriend is ruining their friendship, and her own so-called boyfriend is only after her for her father's name. When her broken heart results in a snowboarding accident that exiles her from the mountains-the one place where she feels free and accepted for who she is, not what she has-can Syrah rehab both her busted-up knee, and her broken heart? Justina Chen Headley writes with an engaging wit and a powerful, distinct voice. Her first novel, *Nothing But the Truth* (and a few white lies) was a *Border's Original Voices* nominee, a *Book Sense* pick, and received a starred review from *Publisher's Weekly*: Headley makes an impressive debut with this witty, intimate novel.

Firstborn: A Novel Lorie Ann Grover.2014-01-28 Where does a firstborn girl fit in a world

dominated by men? When Tiadone was born, her parents had two choices: raise their daughter as male and force her to suppress all feminine traits, or leave her outside the community to die in the wilds. Now, as the first female living as male in her village, Tiadone must prove her father didn't make a mistake by letting her live. As her time of male initiation approaches, Tiadone desperately wishes to belong, and be accepted in her world—though at every step it appears the Creator allows traditional feminine gifts and traits to emerge, as well as cursing her with a singing bird the ruling culture sees as a sign of the devil. Worse, as Tiadone completes her initiation rites, she finds she is drawn to her male best friend and patrol mate in ways that are very much in line with the female gender. Confused and desperate, Tiadone tries to become what she must be while dealing with what she indeed has become: a young woman who may be able to free her people from despotic rule and allow the Creator's name to be sung once more.

Teaching Young Adult Literature Today Judith A. Hayn, Jeffrey S. Kaplan. 2012 Teaching Young Adult Literature Today introduces the reader to what is current and relevant in the plethora of good books available for adolescents. More importantly, literary experts illustrate how teachers everywhere can help their students become lifelong readers by simply introducing them to great reads—smart, insightful, and engaging books that are specifically written for adolescents. Hayn, Kaplan, and their contributors address a wide range of topics: how to avoid common obstacles to using YAL; selecting quality YAL for classrooms while balancing these with curriculum requirements; engaging disenfranchised readers; pairing YAL with technology as an innovative way to teach curriculum standards across all content areas. Contributors also discuss more theoretical subjects, such as the absence of lesbian, gay, bisexual, transgender and questioning (LGBTQ) young adult literature in secondary classrooms; and contemporary YAL that responds to the changing expectations of digital generation readers who want to blur the boundaries between page and screen.

Teaching Literature to Adolescents Richard Beach, Deborah Appleman, Bob Fecho, Rob Simon. 2016-03-10 This popular textbook introduces prospective and practicing English teachers to current methods of teaching literature in middle and high school classrooms. It underscores the value of providing students with a range of different critical approaches and tools for interpreting texts and the need to organize literature instruction around topics and issues of interest to them. Throughout the textbook, readers are encouraged to raise and explore inquiry-based questions in response to authentic dilemmas and issues they face in the critical literature classroom. New in this edition, the text shows how these approaches to fostering responses to literature also work as rich tools to address the Common Core English Language Arts Standards. Each chapter is organized around specific questions that English educators often hear in working with pre-service teachers. Suggested pedagogical methods are modelled by inviting readers to interact with the book through critical-inquiry methods for responding to texts. Readers are engaged in considering authentic dilemmas and issues facing literature teachers through inquiry-based responses to authentic case narratives. A Companion Website [<http://teachingliterature.pbworks.com>] provides resources and enrichment activities, inviting teachers to consider important issues in the context of their current or future classrooms.

Caring Hearts and Critical Minds Steven Wolk. 2023-10-10 Imagine if going to school meant more than preparing kids for a test, teaching a canned curriculum, and training students for their future as workers. What if school were also about cultivating students to be caring, community-involved citizens and critical, creative thinkers who love to read? In *Caring Hearts & Critical Minds*, teacher-

author Steven Wolk shows teachers how to help students become better readers as well as better people. I want [my students] to be thinkers and have rich conversations regarding critical issues in the text and be able to formulate opinions regarding these issues, says Leslie Rector, a sixth-grade teacher who collaborated with Wolk on some of the units featured in this book. Wolk demonstrates how to integrate inquiry learning, exciting and contemporary literature, and teaching for social responsibility across the curriculum. He takes teachers step-by-step through the process of designing an inquiry-based literature unit and then provides five full units used in real middle-grade classrooms. Featuring a remarkable range of recommended resources and hundreds of novels from across the literary genres, *Caring Hearts & Critical Minds* gives teachers a blueprint for creating dynamic units with rigorous lessons about topics kids care about'sfrom media and the environment to personal happiness and global poverty. Wolk shows teachers how to find stimulating, real-world complex texts called for in the Common Core State Standards and integrate them into literature units. I know from experience that a great book changes the reader, says Karen Tellez, an eighth-grade teacher featured in the book. For me, books have helped me escape, fall in love, recover from heartbreak, and have broken open my mind from the age of twelve. . . . I hope [my students] gain better reading comprehension, confidence as readers, connections to the characters and events, a curiosity for the world, and tolerance for others. *Caring Hearts & Critical Minds* shows teachers how to turn these hopes and goals into reality.

Teaching Language as Action in the ELA Classroom Richard Beach,Faythe Beauchemin.2019-03-14 This book explores English language arts instruction from the perspective of language as social actions that students and teachers enact with and toward one another to create supportive, trusting relations between students and teachers, and among students as peers. Departing from a code-based view of language as a set of systems or structures, the perspective of languaging as social actions takes up language as emotive, embodied, and inseparable from the intellectual life of the classroom. Through extensive classroom examples, the book demonstrates how elementary and secondary ELA teachers can apply a languaging perspective. Beach and Beauchemin employ pedagogical cases and activities to illustrate how to enhance students' engagement in open-ended discussions, responses to literature, writing for audiences, drama activities, and online interactions. The authors also offer methods for fostering students' self-reflection to improve their sense of agency associated with enhancing relations in face-to-face, rhetorical, and online contexts.
