Gratitude Miles Brian Shell.2014-11-27 One man drives from Detroit to California and back in order to give gratitude to those people who helped him become a published author, musician, and artist after being an electrical engineer. He says thank you to many and becomes a ghost to his past ghosts. In order to make this trip, he had to get fired first from his job which helped him find the freedom and the money to go. It's the grind he goes through that makes it memorable. Also though, it's the fact that he touches so many souls with an attitude of gratitude. This book captures his journey much like Zen and the Art of Motorcycle Maintenance. Feel his gratitude in the pages of this book and read about the shining star that helped him set sail to go in the first place. It's a trip that is the best of his life. It changed him. Let it change you too.

Summit 8000 Andrew Lock.2016-11-28 A thrilling memoir of the spectacular high-altitude mountaineering achievements of Andrew Lock: the only Australian to have summited all fourteen 8000-metre peaks in the world, including Mount Everest—twice. We learn 'why does he do it?' Why does anyone take on such a challenge, knowing how easily they might be killed?Andrew Lock gives us a gripping account of his death-defying ascents and explains his passion for climbing in small teams, or solo, without Sherpas or bottled oxygyen. His story is one of extraordinary passion, self-motivation, perseverance and resilience, as he leads us through his sixteen-year odyssey to achieve the Grand Slam of Himalayan mountaineering. We are taken through the victories, the near-misses and the tragedies. The intense human drama of the expeditions infuses Summit 8000—funny, fierce and always fascinating stories about survival, climbing rivalries and mountaineering politics. The remote and stunning landscapes and cultures that Andrew encounters on his journeys add rich texture to his tale, culminating in his 2014 trip to Everest, where he was witness to the deadliest avalanche in the peak's history.
