Joan Garry's Guide to Nonprofit Leadership Joan Garry.2017-02-28 Nonprofit leadership is messy Nonprofits leaders are optimistic by nature. They believe with time, energy, smarts, strategy and sheer will, they can change the world. But as staff or board leader, you know nonprofits present unique challenges. Too many cooks, not enough money, an abundance of passion. It's enough to make you feel overwhelmed and alone. The people you help need you to be successful. But there are so many obstacles: a micromanaging board that doesn't understand its true role; insufficient fundraising and donors who make unreasonable demands; unclear and inconsistent messaging and marketing; a leader who's a star in her sector but a difficult boss... And yet, many nonprofits do thrive. Joan Garry's Guide to Nonprofit Leadership will show you how to do just that. Funny, honest, intensely actionable, and based on her decades of experience, this is the book Joan Garry wishes she had when she led GLAAD out of a financial crisis in 1997. Joan will teach you

how to: Build a powerhouse board Create an impressive and sustainable fundraising program Become seen as a 'workplace of choice' Be a compelling public face of your nonprofit This book will renew your passion for your mission and organization, and help you make a bigger difference in the world.

Corpus Anarchicum Hamid Dabashi. 2012-09-24 This book is a meditation on and an attempt to understand suicidal violence in the immediate context of its most recent political surge: the decade between 2001 and 2011, from the suicidal mission of Muhammad Atta and his band in the United States to the suicide of Mohamed Bouazizi in 2010 in Tunisia. After the former a devastating military strike and occupation of two Muslim countries commenced, and after the latter a massive transnational democratic uprising ensued. Suicidal violence is neither specific to Islam nor peculiar to our time. It has been manifested in practically all cultures and religions and throughout human history. But the suicidal violence we witness today is of an entirely different disposition because the bodies (both of the assailant and of the assailed) on which it is perpetrated are no

The posthuman body, as Dabashi here proposes, is the body of a contingent and contextual being, and as such an object of disposable knowledge; while the human body that it has superseded was corporeally integral, autonomous, rational, indispensable, and above all the site of a knowing subject.

with men, unhealthy, self-styled dumb blonde... who awakens to her destiny of healing bodies, minds and souls. Meet Nadine Mercey, high vibrational healer. This is her personal story. Reading it will change yours. Her mission is raising awareness about the potential in all of us to boost our personal vibration so we can be healthy, in loving relationships, and laughing often and out loud. lol About the Author Nadine Mercey is a high vibrational healer. She grew up in Brantford, Ontario, and confesses to having never done well at formal education. My mind just didn't work like other people's. Looking back, she recognizes signs of mild autism in her behavior. For twenty years, Nadine worked in real estate, rising to become one of Canada's top realtors. Her success came from an uncanny ability to intuitively understand the needs and motivations of buyers and sellers. Her awakening to the extent of her intuitive capabilities came from selling a haunted house -- one that had been featured in her dreams since childhood. Soon she was experiencing great vibrational development -- and receiving messages in her mind from voices who identified themselves as angels. She is guided and protected by the Gabrielle Collective and other energies. Nadine conducts readings, often at great distances, during which she communicates with the client's spirit guide(s) and/or angel(s). These entities provide instruction about what is required to raise the person's vibration, in order to restore balance to soul, mind and body. Generally energy flows into the person's body as Nadine visualizes areas that need help. Healing happens through creative visualization, and only when intended for the highest and best interest -- to help that person progress toward his or her predetermined life purpose. Blessed with extraordinarily high vibration, Nadine devotes a portion of her practice to healing other intuitives and to making people aware of their own intuitive capabilities. She is a medical intuitive, who has helped doctors identify illnesses in their patients. Nadine is a dynamic presenter at seminars, and has been the subject of a documentary film.

Pro and amateur athletes will gain new awareness and better health by reading her new book. -- Peter Zezel, NHL hockey legend and coach Nadine Mercy is the most powerful healer that I know and will astonish even her most ardent skeptic. This profound book is a must read! -- renown psychic medium Karyn Reece (as seen on Lifetime Channel, TLC and Discovery Channel) Deeper Souls, Less Shoes is a fascinating and breezy narrative. At first I felt like a voyeur, but soon I realized this book was all about me, too! Nadine's tale gives me permission to fully embrace the many odd occurrences that fall into my life daily and to expect that these occurrences or clues, will fit together to create a picture, MY LIFE, larger, more fulfilling and powerful than I can currently imagine. After reading Nadine's book I am filled with confidence to look, and guess what... it's there. Thank you, sister! -- Linda Schaumleffel, Olympic athlete and brain fitness expert
