Proverbes & dictons de la langue d'oc Pierre Trinquier.1993 En
puisant dans le célèbre dictionnaire languedocien-français (1785)
de l'abbé de Sauvages, l'auteur donne un état de la sagesse
populaire du midi de la France à la fin de l'Ancien Régime.

Dictionnaire des dictons et proverbes Agnès Pierron.2000 Le
dicton nous parle de la lune et des nuages, il fait parler le loup, le
coq et l'alouette. Grâce à lui, on peut faire de la météo mais on
peut aussi prévoir si les temps seront durs ou favorables, au
rythme des jours et des saisons. Le proverbe, courte maxime tirée
de l'expérience, est indémodable et inusable. Sur le mode de la
métaphore, il donne à réfléchir sur la condition humaine et porte
conseil. Et comme le dit un proverbe chinois : Lorsqu'on a appris
le livre des proverbes, on n'a plus d'efforts à faire pour parler. Un
recueil incontournable pour retrouver tous ces trésors de sagesse
du monde entier.

Literary Translation, Reception, and Transfer Norbert

Bachleitner.2020-09-21 The three concepts mentioned in the title of this volume imply the contact between two or more literary phenomena; they are based on similarities that are related to a form of 'travelling' and imitation or adaptation of entire texts, genres, forms or contents. Transfer comprises all sorts of 'travelling', with translation as a major instrument of transferring literature across linguistic and cultural barriers. Transfer aims at the process of communication, starting with the source product and its cultural context and then highlighting the mediation by certain agents and institutions to end up with inclusion in the target culture. Reception lays its focus on the receiving culture, especially on criticism, reading, and interpretation. Translation, therefore, forms a major factor in reception with the general aim of reception studies being to reveal the wide spectrum of interpretations each text offers. Moreover, translations are the prime instrument in the distribution of literature across linguistic and cultural borders; thus, they pave the way for gaining prestige in the world of literature. The thirty-eight papers included in this volume and dedicated to research in this area were previously read at the ICLA conference 2016 in Vienna. They are ample proof that the field remains at the center of interest in Comparative Literature.

What the Buddha Taught Walpola Rahula.2007-12-01 “A terrific introduction to the Buddha’s teachings.” —Paul Blairon, California Literary Review This indispensable volume is a lucid and faithful account of the Buddha’s teachings. “For years,” says the Journal of the Buddhist Society, “the newcomer to Buddhism has lacked a simple and reliable introduction to the complexities of the subject. Dr. Rahula’s *What the Buddha Taught* fills the need as only could be done by one having a firm grasp of the vast material to be sifted. It is a model of what a book should be that is addressed first of all to ‘the educated and intelligent reader.’ Authoritative and clear, logical and sober, this study is as comprehensive as it is masterly.” This edition contains a selection of illustrative texts from the Suttas and the Dhammapada (specially translated by the author), sixteen illustrations, and a bibliography, glossary, and index. “[Rahula’s] succinct, clear overview of Buddhist concepts has never been surpassed. It is the standard.” —Library Journal
