This does NOT include the original book, and this is the ONLY official version put out by the author. Speed read people, decipher body language, detect lies, and understand human nature. Is it possible to analyze people without them saying a word? Yes, it is. Learn how to become a "mind reader" and forge deep connections. How to get inside people's heads without them knowing. Read People Like a Book isn't a normal book on body language of facial expressions. Yes, it includes all of those things, as well as new techniques on how to truly detect lies in your everyday life, but this book is more about understanding human psychology and nature. We are who we are because of our experiences and pasts, and this guides our habits and behaviors more than anything else. Parts of this book read like the most interesting and applicable psychology textbook you've ever read. Take a look inside yourself and others! Understand the subtle signals that you are sending out and increase your emotional intelligence. Patrick King is an internationally bestselling author and social skills coach. His writing draws of a variety of sources, from scientific research, academic experience, coaching, and real life experience. Learn the keys to influencing and persuading others. •What people's limbs can tell us about their emotions. •Why lie detecting isn't so reliable when ignoring context. •Diagnosing personality as a means to understanding motivation. •Deducing the most with the least amount of information. •Exactly the kinds of eye contact to use and avoid Find shortcuts to connect quickly and deeply with strangers. The art of reading and analyzing people is truly the art of understanding human nature. Consider it like a cheat code that will allow you to see through people's actions and words. Decode people's thoughts and intentions, and you can go in any direction you want with them.

To stay up to date with new releases, Kindle Books, and Tips has a free email subscription service you can use as well as an RSS feed and social media accounts. Open Culture is best suited for students who are looking for eBooks related to their course. The site offers more than 800 free eBooks for students and it also features the classic fiction books by famous authors like, William Shakespeare, Stefan Zweig, etc. that gives them an edge on literature. Created by real editors, the category list is frequently updated. Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars). BookGoodies has lots of fiction and non-fiction Kindle books in a variety of genres, like Paranormal, Women's Fiction, Humor, and Travel, that are completely free to download from Amazon. Each book can be read online or downloaded in a variety of file formats like MOBI, DJVU, EPUB, plain text, and PDF, but you can't go wrong using the Send to Kindle feature. Now that you have a bunch of ebooks waiting to be read, you'll want to build your own ebook library in the cloud. Or if you're ready to purchase a dedicated ebook reader, check out our comparison of Nook versus Kindle before you decide. Browse the free eBooks by authors, titles, or languages and then download the book as a Kindle file (.azw) or another file type if you prefer. You can also find ManyBooks' free eBooks from the genres page or recommended category. Beside each of these free eBook titles, you can quickly see the rating of the book along with the number of ratings. This makes it really easy to find the most popular free eBooks. A keyword search for book titles, authors, or quotes. Search by type of work published; i.e., essays, fiction, non-fiction, plays, etc. View the top books to read online as per the Read Print community. Browse the alphabetical author index. Check out the top 250 most famous authors on Read Print. For example, if you're searching for books by William Shakespeare, a simple search will turn up all his works, in a single location.
