The Stray Cat Handbook Tamara Kreuz.1999-12-15 Finally, a book that deals with stray cats; a how-to guide to trapping and dealing with a stray cat. As a pet owner, animal lover and director of a humane organization that deals with stray cats every day, this book gives us one more tool to offer to people who want to help the thousands of strays that wander our streets. Bravo! Joseph J. Sprague, Jr., Executive Director, Tree House Animal Foundation Tamara Kreuz cares about the plight of stray and feral cats and gives practical ways to help them. Individuals and shelters can benefit from this book. If those who find stray animals can themselves set about to help by finding homes for domestic strays, or by creating safe havens for feral cats, this will make life a lot easier for shelter personnel, who are all too often overburdened by the number of animals they receive. We highly recommend The Stray Cat Handbook. Louise Holton and Becky Robinson, Co-founders, Alley Cat Allies: The National Feral Cat Network This is a must read for those considering animal rescue work. The information and suggestions provided are first rate and are based on actual experiences.
