Worlds of Influence United Nations.2021-05-31 For the last 20 years, the Innocenti Report Card series has led the way in comparing children's well-being across rich countries. Report Card 16 develops this further through a multi-level approach to show that children's well-being is influenced by children's own actions and relationships, by the networks and resources of their caregivers, and by public policies and the national context. This approach is aligned with the 1989 United Nations Convention on the Rights of the Child, in that it recognizes the responsibilities of governments, families and communities to help realize children's rights and promote their well-being.

Linda Vista (TCG Edition) Tracy Letts.2020-09-22 “Letts is a master of pitch-dark comedies that measure the grisliest depths of human behavior...Linda Vista is very funny, equally unsettling...An inspired, ruthless take on the classic midlife-crisis comedy.” —Ben Brantley, New York Times Fifty-year-old Wheeler is moving into his own apartment after a nasty divorce. With a blend of humor and humanity, Pulitzer Prize-winning playwright Tracy Letts demonstrates the ultimate midlife crisis: the bewildering search for self-discovery once you’ve already grown up.

New Exercises Franck André Jamme.2008 A writer of rare quality.--Henri Michaux Like tiny poetic word searches, these small poems reveal themselves as tightly packed aphorisms, physically manifesting themselves in the world with a wisdom that is somehow simultaneously novel and ancient. Franck Andre Jamme has published twelve books of poems and fragments since 1981, as well as numerous illustrated books. In 2005, he won the Grand Prix de Poesie de la Societe des Gens de Lettres. His work has been praised by Edmond Jabes and Rene Char and translated by John Ashbery.

Nicola & Giovanni Pisano Anita Fiderer Moskowitz.2005 In the year 1260, Nicola Pisano, the sculptor who initiated the revival of classicizing ideals that would later form a major component of Italian Renaissance art, created a remarkable and unusual monument for the Baptistry of Pisa, a hexagonal pulpit supported by seven colorful columns and displaying on its parapet five visually compelling narrative reliefs; several years later he designed a second pulpit, this time for the cathedral of Siena. Toward the end of the century, his son Giovanni received a pulpit commission for the parish church of Sant'Andrea, Pistoia, to be

followed a few years later (c. 1302) by another one for the cathedral of Pisa. These four extraordinary monuments, each building upon both older traditions and its own immediate predecessors, yet each a highly innovative and original solution, are the primary subject of this book. The pulpits by Nicola and Giovanni Pisano were produced during a period of enormous economic, intellectual, cultural and spiritual flux. The expanded body of knowledge that resulted from the rise of Scholasticism—a theological-intellectual current that, beginning in the French cathedral schools of the twelfth century, attempted to reconcile Christian faith with the newly valued ideals of observation and reason, in short, to synthesize Christian and classical learning—found expression in new themes and naturalistic motifs abounding in painting, book illumination and sculpture, and in religious and civic iconography. In contrast to the emphasis on transcendental experience of the earlier Middle Ages, the new urban-centered religious orders of the thirteenth-century, such as the Dominicans and the Franciscans, fostered a more direct, empathetic relationship between ordinary mortals and God and his saints. The Pisano pulpits were profoundly informed by these new conditions and concerns, and in turn they contributed to changing perceptions about the natural world and the nature of religious experience. Indeed, these pulpits are among the earliest visual manifestations in Italy of the scholastic inclination to embrace a wide range of knowledge, for the narratives relating biblical history are augmented by representations of Virtues and Vices, Liberal Arts, and pagan prophetesses of antiquity. The sermons expounded from these and other urban pulpits were very much enhanced by the charisma of their preachers and the interplay between the verbal and the visual, both of which were expressed in the vernacular, that is, in the case of sermons no longer only in the remote Latin tongue, and in the case of visual imagery no longer employing the abstract forms and symbols of earlier periods. But preaching was by no means the sole function

of these raised platforms; they were used for a variety of ceremonial occasions and, like the para-liturgical mystery and miracle plays that were becoming increasingly popular, they satisfied the needs for edification, diversion, and even entertainment, needs as compelling in the thirteenth and fourteenth centuries as they are today. In this book, we explore in word and image these and other issues related to the pulpits of Nicola and Giovanni Pisano, both as individual masterpieces and as monuments within the larger context of pulpit traditions. Nicola and Giovanni, different as were their sculptural styles, were both consummate story-tellers and it is nothing less than astonishing to observe the formal devices employed to make those stories as compelling as possible: We shall thus witness varying interpretations of the narratives, differing iconographic emphases and formal devices, changing conceptions of the human figure, and the development of spatial awareness in the work of both father and son. By offering close readings of the narrative and figural iconography, and the sculptural form conceived to give them expression, this book invites the modern viewer-reader to follow the itinerary of their original audience, the worshiper standing before and walking around each pulpit. In addition, however, numerous close-up views of passages difficult to see in situ offer privileged access to details readily visible primarily to the sculptor at work rather than the standing or circumambulating spectator.

The Natural Musician Dina Kirnarskaya.2009-06-11 What turns some people into great musicians, but not others. Is it down to genes, sheer hard work, or some other quality in the individual. The Natural Musician is the story of how we become composers, performers, or discriminating listeners. It searches for those psychological traits essential for turning one into a musician.

Rimbaud's Theatre of the Self James R. Lawler.1992 In a new interpretation of a poet who has swayed the course of modern poetry--in France and elsewhere--James Lawler focuses on what

he demonstrates is the crux of Rimbaud's imagination: the masks and adopted personas with which he regularly tested his identity and his art. A drama emerges in Lawler's urbane and resourceful reading. The thinking, feeling, acting Drunken Boat is an early theatrical projection of the poet's self; the Inventor, the Memorialist, and the Ing nu assume distinct roles in his later verse. It is, however, in Illuminations and Une Saison en enfer that Rimbaud enacts most powerfully his grandiose dreams. Here the poet becomes Self Creator, Self-Critic, Self-Ironist; he takes the parts of Floodmaker, Oriental Storyteller, Dreamer, Lover; and he recounts his descent into Hell in the guise of a Confessor. In delineating and exploring the poet's theatre of the self Lawler shows us the tragic lucidity and the dramatic coherence of Rimbaud's work.

The World Goes Pop Elsa Coustou,Lina Dzuveroric.2015-01-01

A global survey of Pop art that reassesses its roots, impact, and legacy This groundbreaking book surveys the concurrent engagements with the spirit of Pop throughout the world, from the frequently studied activity in the United States, England, and France to less well-known developments in Central and Eastern Europe, Latin America, Asia, Africa, and the Middle East. One of the first publications to examine Pop art with this global scope, The World Goes Pop explores the wide-ranging movements that developed on different continents, such as Nouveau Réalisme, Neo Dada, New Figuration, and Spiritual Pop. This unique presentation offers the opportunity to compare how Pop art around the world differed due to geography, local traditions, and different cultures' social and political underpinnings. Fascinating essays touch upon key themes that factored into various Pop movements, including feminism, political representation, sexual politics, and seriality. A bold design and 200 striking illustrations showcase pieces by more than 60 artists, many of whose works have never been exhibited outside their home nations. The book

also features a combined interview with a number of the living artists featured within, giving important insight into the thoughts and processes of Pop's international practitioners.

The Rejection of Consequentialism Samuel

Scheffler. 1994-08-11 In contemporary philosophy, substantive moral theories are typically classified as either consequentialist or deontological. Standard consequentialist theories insist, roughly, that agents must always act so as to produce the best available outcomes overall. Standard deontological theories, by contrast, maintain that there are some circumstances where one is permitted but not required to produce the best overall results, and still other circumstances in which one is positively forbidden to do so. Classical utilitarianism is the most familiar

consequentialist view, but it is widely regarded as an inadequate account of morality. Although Professor Scheffler agrees with this

assessment, he also believes that consequentialism seems initially plausible, and that there is a persistent air of paradox surrounding typical deontological views. In this book, therefore, he undertakes to reconsider the rejection of consequentialism. He argues that it is possible to provide a rationale for the view that agents need not always produce the best possible overall outcomes, and this motivates one departure from consequentialism; but he shows that it is surprisingly difficult to provide a satisfactory rationale for the view that there are times when agents must not produce the best possible overall outcomes. He goes on to argue for a hitherto neglected type of moral conception, according to which agents are always permitted, but not always required, to produce the best outcomes.

Emotions as Commodities Eva Illouz.2017-09-28 Capitalism has made rationality into a pervasive feature of human action and yet, far from heralding a loss of emotionality, capitalist culture has been accompanied with an unprecedented intensification of emotional life. This raises the question: how could we have become increasingly rationalized and more intensely emotional? *Emotions as Commodities* offers a simple hypothesis: that consumer acts and emotional life have become closely and inseparably intertwined with each other, each one defining and enabling the other. Commodities facilitate the experience of emotions, and so emotions are converted into commodities. The contributors of this volume present the co-production of emotions and commodities as a new type of commodity that has gone unseen and unanalyzed by theories of consumption - emodity. Indeed, this innovative book explores how emodity includes atmospherical or mood-producing commodities, relation-marking commodities and mental commodities, all of which the purpose it is to change and improve the self. Analysing a variety of modern day situations such as emotional management through music, creation of urban sexual atmospheres and emotional transformation through psychotherapy, *Emotions as Commodities*

will appeal to scholars, postgraduate students and postdoctoral researchers interested in fields such as Sociology, Cultural Studies, Marketing, Anthropology and Consumer Studies.

The Recitation of Forgetting Franck André Jamme.2003 Poetry. Translation. French author Franck Andre Jamme is the author of ten volumes of poetry.THE RECITATION OF FORGETTING , translated by John Ashbery, is his first book-length appearance in English. The semitones have deserted us, that were near. Each color has made itself strong, twice pure, as though born of itself. She said, 'Look, blood is flowing, you dip your finger in it, you sense the syllables as they pass, skull then arm then finally hand, listen: yes, the eye sees, but most of all it illuminates, it is light as much as daylight is.' The world, unforgivable. Jamme is also the editor of Rene Char's complete works and an independent art curator. A chapbook of his work, EXTRACT FROM THE LIFE OF A BEETLE, previously published by Black Square Editions, is also available from SPD.

Beyond the Soundtrack Daniel Goldmark, Lawrence Kramer, Richard Leppert, Richard D. Leppert.2007-06-08 Put briefly, this is a superb collection of essays. They are lucidly and eloquently written, and make their points with wit and clarity. They are full of perceptive, highly stimulating, and occasionally provocative illustrations of how practice connects to theory (and vice versa) without getting bogged down in academic language. The contributors include a combination of exceptionally admired film music scholars, and of musicologists renowned for their keen insights into the cultural contexts of music production and reception. This book is an excellent resource and compelling read.—Derek B. Scott, author of From the Erotic to the Demonic: On Critical Musicology

Source Music in Motion Pictures Irene Kahn Atkins.1983 This book discusses what the author calls source music. She defines it as music, the origin of which is visually justified on the screen, as for example to see and hear someone playing the piano in a film. This discussion includes the history of its use in films, special types of source music, and the source music sequence.

Heidegger on Truth and Myth Hayim Gordon,Rivca Gordon.2006 Truth and myth are predominant themes in Martin Heidegger's thinking. Heidegger showed that ancient Greek understanding of truth as aletheia («unconcealment») can teach us about learning from the wisdom that is found in myths and can also enhance human existence. This book describes some of Heidegger's major insights concerning truth as aletheia and their implications. It also shows how Heidegger's thinking on truth discloses the shallowness and the disrespect for truth in the writings of four well-known postmodernist writers: Lyotard, MacIntyre, Rorty, and Derrida.

Modern Art in Eastern Europe S. A. Mansbach.2001-02-05 This pioneering and award-winning study provides the world with the first coherent narrative of Eastern European contributions to the modern art movement. Analyzing an enormous range of works, from art centers such as Prague, Warsaw and Budapest, (many published here for the first time), S.A. Mansbach shows that any understanding of Modernism is essentially incomplete without the full consideration of vital Eastern European creative output. He argues that Cubism, Expressionism and Constructivism, along with other great modernist styles, were merged with deeply rooted, Eastern European visual traditions. The art that emerged was vital modernist art that expressed the most pressing concerns of the day, political as well as aesthetic. Mansbach examines the critical reaction of the contemporary artistic culture

and political state. A major groundbreaking interpretation of Modernism, *Modern Art in Eastern Europe* completes any full assessment of twentieth-century art, as well as its history. *Modern Art in Eastern Europe* is the recipient of the 1997 C.I.N.O.A. Prize, awarded by La Confédération Internationale de Négociants en Oeuvres d'Art. The prize is awarded to defray the costs of publication in order to encourage publishers to produce manuscripts of particular merit and the works of younger art historians.

Balbuzar Geïrard Moncomble. 2022-01-12 A fable about freedom, about resistance, about power. And an ode to nature. In the Sarboucane sea, Balbuzar the pirate reigns supreme. He attacks, plunders, sinks, and ransoms everything that comes within his reach. Savage, cruel, formidable, certainly, Balbuzar is, but also with a certain bonhomie, and a great sense of justice. He is in harmony with the sea, the islands, the wind, the rocks. Around him, birds, always. Men, women, children...they all love him. For he is free as the air. But now the Empress Pépita XIII is worried about her state of affairs, and Balbuzar's constant plundering. She sends against him her best officer, the Commodore, at the head of an armada. He represents force, order, law. Arrogant, domineering, relentless. And sure to be the one who will clean the Sarboucane sea. Balbuzar and the Commodore clash. Two exceptional sailors, two sharp warriors. The fight begins, shattering, tumultuous. The struggle, however, is unequal, for the Commodore has immense resources, an army behind him and the power of the empire. He's built a gigantic ship that will surely sweep away the pirates and their black-flag flotilla. Balbuzar's fate seems certain. Will the outlaw be crushed by the enormity of the adversary? Cooked in the imperial pot? Or will the cunning pirate find the rift in the monster's breastplate? Will he defeat his monstrous foe, like David blasting Goliath? A story that will delight young and old, and artwork that bears repeated viewing to take it all in. Will the cunning pirate Balbuzar be able to find

the chink in the monstrous Commodore's armor? Geirard Moncombe's prose deftly balances action, humor, and poetry while Freideiric Pillot's stunning, gorgeously detailed illustrations help paint this rousing, unforgettable tale. One that you'll want to come back to again and again... Featuring 32 double page illustrations interspersed with text. If you're an art geek, this book is a MUST!

Leo and His Circle Annie Cohen-Solal.2010-05-18 Leo Castelli reigned for decades as America's most influential art dealer. Now Annie Cohen-Solal, author of the hugely acclaimed *Sartre: A Life* ("an intimate portrait of the man that possesses all the detail and resonance of fiction"—Michiko Kakutani, *The New York Times*), recounts his incalculably influential and astonishing life in *Leo and His Circle*. After emigrating to New York in 1941, Castelli would not open a gallery for sixteen years, when he had reached the age of fifty. But as the first to exhibit the then-unknown Jasper Johns, Castelli emerged as a tastemaker overnight and fast came to champion a virtual Who's Who of twentieth-century masters: Rauschenberg, Lichtenstein, Warhol, and Twombly, to name a few. The secret of Leo's success? Personal devotion to the artists, his "heroes": by putting young talents on stipend and seeking placement in the ideal collection rather than with the top bidder, he transformed the way business was done, multiplying the capital, both cultural and financial, of those he represented. His enterprise, which by 1980 had expanded to an impressive network of satellite galleries in Europe and three locations in New York, thus became the unrivaled commercial institution in American art, producing a generation of acolytes, among them Mary Boone, Jeffrey Deitch, Larry Gagosian, and Tony Shafrazi. *Leo and His Circle* brilliantly narrates the course of one man's power and influence. But Castelli had another secret, too: his life as an Italian Jew. Annie Cohen-Solal traces a family whose

fortunes rose and fell for centuries before the Castellis fled European fascism. Never hidden but also never discussed, this experience would form the core of a guarded but magnetic character possessed of unfailing old-world charm and a refusal to look backward—traits that ensured Castelli’s visionary precedence in every major new movement from Pop to Conceptual and by which he fostered the worldwide enthusiasm for American contemporary art that is his greatest legacy. Drawing on her friendship with the subject, as well as an uncanny knack for archival excavation, Annie Cohen-Solal gives us in full the elegant, shrewd, irresistible, and enigmatic figure at the very center of postwar American art, bringing an utterly new understanding of its evolution.

Revenge of the Translator Brice Matthieussent. 2018-09-25 The work of a novelist and translator collide in this visionary and hilarious debut from acclaimed French writer Brice Matthieussent. *Revenge of the Translator* follows Trad, who is translating a mysterious author’s book, *Translator’s Revenge*, from English to French. The book opens as a series of footnotes from Trad, as he justifies changes he makes. As the novel progresses, Trad begins to take over the writing, methodically breaking down the work of the original writer and changing the course of the text. The lines between reality and fiction start to blur as Trad’s world overlaps with the characters in *Translator’s Revenge*, who seem to grow more and more independent of Trad’s increasingly deranged struggle to control the plot. *Revenge of the Translator* is a brilliant, rule-defying exploration of literature, the act of writing and translating, and the often complicated relationship between authors and their translators.

Brecht and Company John Fuegi.2002 The result of twenty-five years of research on three continents, Brecht and Company is a revolutionary portrait of one of the world's greatest theater artists -- and the people upon whom he built his reputation. A noted Brecht scholar, John Fuegi traces the evolution of Brecht's parasitic relationships and aggressive ambition through close analysis of diaries, letters, and drafts of the literary works, revealing a man who was personally dazzling, a genius at assembling and directing the plays created in his workshop, but ultimately lacking in literary stamina, for which he depended on his lovers. A landmark study about the life and times of one of the most influential figures in twentieth-century theater, Brecht and Co. will forever change our understanding of Brecht and his oeuvre. [An] enormous, fascinating biography. -- The New Yorker One of the most important critical studies of the century. -- New York Magazine

Jacques Tati David Bellos.2012-04-17 The full story of one of France's greatest cinema legends, a clown whose film-making innovation was to turn everyday life into an art form. Jacques Tati's Monsieur Hulot, unmistakable with his pipe, broly and striped socks, was a creation of slapstick genius that made audiences around the world laugh at the sheer absurdity of life. This biography charts Tati's rise and fall, from his earliest beginnings as a music hall mime during the Depression, to the success of Jour de Fête and Mon Oncle, to Playtime, the grandiose masterpiece that left the once celebrated director bankrupt and begging for equipment to complete his final films. Analysing Tati's singular vision, Bellos reveals the intricate

staging of his most famous gags and draws upon hitherto inaccessible archives to produce a unique assessment of his work and its context for film lovers and film students alike.

Gilgamesh .2003-07-08 National Book Award Finalist: The most widely read and enduring interpretation of this ancient Babylonian epic. One of the oldest and most universal stories known in literature, the epic of Gilgamesh presents the grand, timeless themes of love and death, loss and reparations, within the stirring tale of a hero-king and his doomed friend. A National Book Award finalist, Herbert Mason's retelling is at once a triumph of scholarship, a masterpiece of style, and a labor of love that grew out of the poet's long affinity with the original. "Mr. Mason's version is the one I would recommend to the first-time reader." —Victor Howes, *The Christian Science Monitor* "Like the Tolkien cycle, this poem will be read with profit and joy for generations to come." —William Alfred, Harvard University

[The Dismemberment of Orpheus](#) Ihab Hassan. 1982 In this book, the first edition of which was published in 1971 by Oxford University Press, Ihab Hassan takes Orphic dismemberment and regeneration as his metaphor for a radical crisis in art and language, culture and consciousness, which prefigures

postmodern literature. The modern Orpheus, he writes, sings on a lyre without strings. Thus, his sensitive critique traces a hypothetical line from Sade through four modern authors-- Hemingway, Kafka, Genet, and Beckett--to a literature still to come. But the line also breaks into two Interludes, one concerning 'Pataphysics, Dada, and Surrealism, and the other concerning Existentialism and Aliterature. Combining literary history, brief biography, and critical analysis, Hassan surrounds these authors with a complement of avant-garde writers whose works also foreshadow the postmodern temper. These include Jarry, Apollinaire, Tzara, Breton, Sartre, Camus, Nathalie Sarraute, Robbe-Grillet, and in America, Cage, Salinger, Ginsberg, Barth, and Burroughs. Hassan takes account also of related contemporary developments in art, music, and philosophy, and of many works of literary theory and criticism. For this new edition, Hassan has added a new preface and postface on the developing character of postmodernism, a concept which has gained currency since the first edition of this work, and which he himself has done much to theorize.
