Promise at Dawn Romain Gary.2017-10-31 A classic of modern French literature, the thrilling real-life story of the military hero, ladies man, writer, and loving son I grew up longing for the day when I could tear down the veil of darkness and absurdity concealing the true face of the universe and discover at last a smile of kindness and wisdom; I grew up in the certitude that one day I should help my fellow men to wrest the world from our enemies and give back the earth to those who ennoble it with their courage and warm it with their love. *Promise at Dawn* begins as the story of a mother's sacrifice: alone and poor, she fights fiercely to give her son the very best. Romain Gary chronicles his childhood in Russia, Poland, and on the French Riviera; he recounts his adventurous

life as a young man fighting for France in World War II. But above all he tells the story of the love for his mother that was his very life—their secret and private planet, their wonderland “born out of a mother’s murmur into a child’s ear, a promise whispered at dawn of future triumphs and greatness, of justice and love.”

We Survived ... at Last I Speak Leon Malmed.2013 This is Leon Malmed's true story of his and his sister Rachel's escape from the Holocaust in Occupied France. When their father and mother were arrested in 1942, their French neighbors agreed to watch their children until they returned. Leon's parents were taken first to Drancy, then to Auschwitz-Birkenau, and they never returned. Meanwhile their downstairs neighbors, Henri and Suzanne Ribouleau, gave the children a home and family and sheltered them through subsequent roundups, threats, air raids, and the war's privations. The courage, sympathy, and dedication of the Ribouleaus stand in strong contrast to the collaborations and moral weakness of many of the French authorities. Papa Henri and Maman Suzanne were honored as Righteous Among the Nations by Yad Vashem in 1977. It is a narrative of love and courage, set against a backdrop of tragedy, fear, injustice, prejudice, and the greatest moral outrage

of the modern era. It is a story of goodness triumphing once more over evil--Publisher's description.

So Long a Letter Mariama Bâ.2012-05-06 Written by award-winning African novelist Mariama Bâ and translated from the original French, *So Long a Letter* has been recognized as one of Africa's 100 Best Books of the 20th Century. The brief narrative, written as an extended letter, is a sequence of reminiscences —some wistful, some bitter—recounted by recently widowed Senegalese schoolteacher Ramatoulaye Fall. Addressed to a lifelong friend, Aissatou, it is a record of Ramatoulaye's emotional struggle for survival after her husband betrayed their marriage by taking a second wife. This semi-autobiographical account is a perceptive testimony to the plight of educated and articulate Muslim women. Angered by the traditions that allow polygyny, they inhabit a social milieu dominated by attitudes and values that deny them status equal to men. Ramatoulaye hopes for a world where the best of old customs and new freedom can be combined. Considered a classic of contemporary African women's literature, *So Long a Letter* is a must-read for anyone interested in African literature and the passage from colonialism to modernism in a Muslim country. Winner of the prestigious Noma Award for Publishing in Africa.

Implementation of the European Convention on Human Rights and of the Judgments of the ECtHR in National Case-law Janneke Gerards,J. W. A. Fleuren.2014 This book questions the correctness of these assumptions and aims for further study of them. This is done by disentangling and illuminating the different elements underlying the interrelationship between the Court and the national courts. The objective is to distinguish between the requirements set by the Court; the constitutional powers and competences of national courts to interpret and apply international law, in particular the

Convention; the way in which these courts actually use these competences to deal with the Court's interpretative approaches; and the type of criticism that is levelled at the Court's case-law. These elements are studied from the perspective of the Court as well as from a national perspective, in particular for Belgium, France, Germany, the Netherlands, Sweden and the United Kingdom. Analysing these elements separately enables a fruitful assessment of their interrelationship and provides a sound basis for a constructive debate on the implementation of the Convention in national law, which is based on solid constitutional foundations rather than assumptions and intuitions. The current book is therefore of great interest to those who are interested in debates on the interrelationship between the Court and the states - scholars, as well as judges, policy makers and politicians - but also to those who take a more general interest in constitutional implementation mechanisms, judicial powers and judicial argumentation.

Transitions, T1 : Le Roi orque R.A. Salvatore.2011-02-17 La paix récemment établie entre les nains de Castelmithral et le royaume des orques est déjà menacée. Les tribus orques se font la guerre et Bruenor est résolu à y mettre un terme et à sauver ce qu'il a mis tant de temps à bâtir. Mais il faudra bien plus que des épées et des haches pour établir une nouvelle ère dans cette région tourmentée. Les puissants seigneurs de part et d'autres devront apprendre à se connaître et à s'estimer malgré leurs différences. Le chemin de la compréhension et du respect est long et semé d'embûches.

History and Memory after Auschwitz Dominick LaCapra.2018-09-05 The relations between memory and history have recently become a subject of contention, and the implications of that debate are particularly troubling for aesthetic, ethical, and political issues. Dominick LaCapra focuses on the interactions among history, memory, and ethicopolitical concerns as they emerge in the aftermath of the Shoah. Particularly notable are his analyses of Albert Camus's novella *The Fall*, Claude Lanzmann's film *Shoah*, and Art Spiegelman's comic book *Maus*. LaCapra also considers the Historians' Debate in the aftermath of German reunification and the role of psychoanalysis in historical understanding and critical theory. In six essays, LaCapra addresses a series of related questions. Are there experiences whose traumatic nature blocks understanding and disrupts memory while producing belated effects that have an impact on attempts to address the past? Do some events present moral and representational issues even for groups or individuals not directly involved in them? Do those more directly involved have special responsibilities to the past and the

way it is remembered in the present? Can or should historiography define itself in a purely scholarly and professional way that distances it from public memory and its ethical implications? Does art itself have a special responsibility with respect to traumatic events that remain invested with value and emotion?

Abnormal Michel Foucault.2016-09-01 Three decades after his death, Michel Foucault remains one of the towering intellectual figures of the last half-century. His works on sexuality, madness, the prison, and medicine are enduring classics. From 1971 until his death in 1984, Foucault gave public lectures at the famous Collège de France. These seminal events, attended by thousands, created the benchmarks for contemporary social enquiry. The lectures comprising *Abnormal* begin by examining the role of psychiatry in modern criminal justice, and its method of categorising individuals who resemble their crime before they commit it. Building on the themes of societal self-defence developed in earlier works, Foucault shows how defining normality became a prerogative of power in the nineteenth century, shaping the institutions-from the prisons to the family-meant to deal with monstrosity, whether sexual, physical, or spiritual. The Collège de France lectures add immeasurably to our appreciation and understanding of Foucault's thought.

The Body of Evidence Francesco Paolo De Ceglia.2020 When, why and how was it first believed that the corpse could reveal 'signs' useful for understanding the causes of death and eventually identifying those responsible for it? *The Body of Evidence. Corpses and Proofs in Early Modern European Medicine*, edited by Francesco Paolo de Ceglia, shows how in the late Middle Ages the

dead body, which had previously rarely been questioned, became a specific object of investigation by doctors, philosophers, theologians and jurists. The volume sheds new light on the elements of continuity, but also on the effort made to liberate the semantization of the corpse from what were, broadly speaking, necromantic practices, which would eventually merge into forensic medicine--
