

Pinjaman Pusat Zakat Selangor

Fiqh Al Zakah Yusuf Al Qaradawi.2023-04-03 In the hierarchy of Islamic faith and religious duties, zakat is next only to the acclamation of Allah's unity and prophecy of Muhammad (peace be unto him) and the five daily prayers. It is rather significant that a measure of far-reaching economic consequences should find such a high place in that hierarchy and be counted as one of the five pillars of Islam. Zakat is doubly important in the way of life that is Islam. On the one hand, it is a means of spiritual purification and, on the other, a way to regain balance and equilibrium in social and economic life. One would expect religious scholars and economists not to miss these points and pay due attention to this unique institution. However, the subject of zakat did not attract the attention of contemporary scholars to an extent commensurate with its importance. There is a need for economists, legal experts, and shariah scholars who would elaborate and analyze the law of zakat in a contemporary manner. Sheikh Yusuf al Qardawi's book is one of those exceptions to the above, giving one hope and reassurance to continue. First published more than 3 decades ago, *Fiqh al-Zakat* still remains unparalleled in its comprehensiveness, exposition, and depth. It is, therefore, with great pleasure that we present it to the English reading public. Shaykh Yusuf Al-Qaradawi Born in Egypt 1926. One of the most prominent scholars of the 20th century. He memorized the Quran before the age of 10. He is an expert on principles of Islamic jurisprudence (Fiqh), the Arabic language, and other Islamic Sciences. He has published over 100 books, which are bestsellers in the Islamic world. His books cover various topics, such as: Fiqh, how to understand the Sunnah, how to understand the Qur'an, a two volume book on Zakat which many scholars consider as a treasure house for the Islamic library, environment, Fiqh of Minorities, poetry, and many other topics. Shaykh Al-Qaradawi represents an original effort to make the comprehensive rules of Islam accessible and understandable to non-specialists. He always tries to join between the principles of the religion and the problems facing Muslims today.

Fundraising for Social Change Kim Klein.2016-04-18 The bible of grassroots fundraising, updated with the latest tools and methods Fundraising for Social Change is the preeminent guide to securing funding, with a specific focus on progressive nonprofit organizations with budgets under \$5 million. Used by nonprofits nationally and internationally, this book provides a soup-to-nuts prescription for building, maintaining, and expanding an individual donor program. Author Kim Klein is a recognized authority on all aspects of fundraising, and this book distills her decades of expertise into fundraising strategies that work. This updated seventh edition includes new information on the impact of generational change, using social media effectively, multi-channel fundraising, and more, including expanded discussion on retaining donors and on legacy giving. Widely considered the 'bible of grassroots fundraising,' this practically-grounded guide is an invaluable resource for anyone who has to raise money for important causes. A strong, sustainable fundraising strategy must possess certain characteristics. You need people who are willing to ask and realistic goals. You need to gather data and use it to improve results, and you need to translate your ideas in to language donors will understand. A robust individual donor program creates stable and long-term cash flow, and this book shows you how to structure your fundraising appropriately no matter how tight your initial budget. Develop and maintain a large base of individual donors Utilize strategies that pay off sooner rather than later Expand your reach and get your message out to the donor pool Translate traditional fundraising methods into strategies that work for social justice organizations with little or no front money Basing your fundraising strategy on the contributions of individual donors may feel like herding cats—but it's the best way for your organization to maintain maximum freedom to pursue the mission that matters. A robust, organized, planned approach can help you reach your goals sooner, and Fundraising for Social Change is the field guide for putting it all together to make big things happen.

Poverty and Charity in Medieval Islam Adam Sabra.2000-12-21 A full-length treatment of poverty and charity in medieval Islamic society.

Smart Urban Development Vito Bobek.2020-02-19 Debates about the future of urban development in many countries have been increasingly influenced by discussions of smart cities. Despite numerous examples of this urban labelling phenomenon, we know surprisingly little about so-called smart cities. This book provides a preliminary critical discussion of some of the more important aspects of smart cities. Its primary focus is on the experience of some designated smart cities, with a view to problematizing a range of elements that supposedly characterize this new urban form. It also questions some of the underlying assumptions and contradictions hidden within the concept.

Late Mamluk Patronage Khaled A. Alhamzah,Khālid Ḥamzah.2009 This book attempts to look at the structure and functions of the constituent elements of the Ghuriyya complex through the medium of contemporary sources --in particular its waqfiyya--and in doing so, the motives and attitudes of the patron, his goals and his ambitions are defined. In addition, the study seeks to place the monuments in broader context and examine them within the more extended social, economic, political, and cultural environment of al- Ghuri's reign. This book will be of considerable interest to academics and students working on the history of art and architecture, history, culture and urbanism of the Middle East. Its subject is the expressive intent of Mamluk architecture, using new cultural and iconographical approaches. The book offers the first complete English translation of the main parts of Islamic Arabic waqf. The Ghuriyya complex is of interest and significance because of its relatively good conservation; moreover, it constitutes one of the largest and finest late Mamluk royal foundations. The Waqfiyya of Ghuriyya foundations contains not only descriptions of specific monuments, but also stipulations defining, in the most precise detail, types of activities taking place within the confines of these monuments. The book shows how important the waqf documents are-- they are a valuable source for understanding Mamluk architecture. This work, illustrated by 25 fine-quality images, introduces new primary sources and provides new interpretations.

Social Capital and Risk Sharing Abbas Mirakhor,Adam Ng,Mansor H. Ibrahim.2015-09-22 This exciting new addition to Palgrave Studies in Islamic Banking, Finance, and Economics argues that social capital can facilitate rule-compliance and co-operation in the sharing of risk in financial and economic activities.

Enhancing Board Effectiveness Franklin N. Ngwu, Onyeka Osuji, Chris Ogbechie, David Williamson. 2019-03-07 Enhancing Board Effectiveness seeks to examine the conceptualization and role of the board in a variety of contexts and articulate solutions for improving the effectiveness of the board, especially in developing and emerging markets. Enhancing Board Effectiveness with therefore address the following central questions: To what extent is the concept and role of the board evolving? What rights, powers, responsibilities and other contemporary and historical experiences can enhance the effectiveness of the board, especially in the particular contexts of developing and emerging markets? What socio-economic, political, regulatory and institutional factors/actors influence the effectiveness of the board and how can the policies and practices of such actors exert such influences? In what ways can a reconstructed concept of the board serve as a tool for theoretical, analytical, regulatory and pragmatic assessment of its effectiveness? In examining this issues, Enhancing Board Effectiveness will investigate theoretical, socio-economic, historical, empirical, regulatory, comparative and inter-disciplinary approaches. Academics in the relevant fields of accounting, behavioural psychology/economics, development studies, financial regulation, law and management/organizational studies, political economy and, public administration will find this book of high interest.

Perusahaan Kecil dan Dilema Usahawan Melayu Rosman Mahmood, Mohd Rosli Mohamad. Selepas lebih 30 tahun orang Melayu diberi keistimewaan di bawah tiga dasar nasional - Dasar Ekonomi Baru (1971-1990), Dasar Pembangunan Nasional (1991-2000) dan Dasar Pembangunan Wawasan (2001-2010) - masalah ekonomi Melayu masih belum mampu diatasi secara tuntas.

Towards Realization of the Higher Intentions of Islamic Law Jamal al-Din Atiyah. 2007-01-01 This book takes an important step towards the realization of the higher intentions of the Islamic law. First, it opens the door towards the integration of contemporary values and worldview into the maqasid terminology. This is carried out via the sections on the role of reason and experience in identifying maqasid. Secondly, the book gives answers to the complex theoretical questions on the role of maqasid in ijihad, juristic theorization (usul), and the Islamization of the human, social, and physical sciences. Last, but not least, the book highlights the role and the necessity of a 'maqasid-informed' mindset on the intellectual and communal levels, and takes a pioneering futuristic look into this very important branch of Islamic knowledge. Maqasid al-Shariah (Higher Intentions of the Islamic Law) is the most promising tool for the 'contemporization' of Islamic law and its philosophical foundations. It is also - as this book reveals - a promising tool for the realization of Islamic values and principles in the realms of judiciary, society, and even science.

Fatwa dalam perundangan Islam Othman Ishak. 1981

The Oceanic Languages Donald MacDonald. 1907 The main purpose of the book is to describe the Efate language. Comparison is made with other languages in order to elucidate certain aspects of Efate or as evidence in support of the author's theory that the Oceanic languages have their origin in Semitic.

Quantitative Models for Performance Evaluation and Benchmarking Joe Zhu. 2017-05-04 The author is one of the prominent researchers in the field of Data Envelopment Analysis (DEA), a powerful data analysis tool that can be used in performance evaluation and benchmarking. This book is based upon the author's years of research and teaching experiences. It is difficult to evaluate an organization's performance when multiple performance metrics are present. The difficulties are further enhanced when the relationships among the performance metrics are complex and involve unknown tradeoffs. This book introduces Data Envelopment Analysis (DEA) as a multiple-measure performance evaluation and benchmarking tool. The focus of performance evaluation and benchmarking is shifted from characterizing performance in terms of single measures to evaluating performance as a multidimensional systems perspective. Conventional and new DEA approaches are presented and discussed using Excel spreadsheets — one of the most effective ways to analyze and evaluate decision alternatives. The user can easily develop and customize new DEA models based upon these spreadsheets. DEA models and approaches are presented to deal with performance evaluation problems in a variety of contexts. For example, a context-dependent DEA measures the relative attractiveness of similar operations/processes/products. Sensitivity analysis techniques can be easily applied, and used to identify critical performance measures. Two-stage network efficiency models can be utilized to study performance of supply chain. DEA benchmarking models extend DEA's ability in performance evaluation. Various cross efficiency approaches are presented to provide peer evaluation scores. This book also provides an easy-to-use DEA software — DEAFrontier. This DEAFrontier is an Add-In for Microsoft® Excel and provides a custom menu of DEA approaches. This version of DEAFrontier is for use with Excel 97-2013 under Windows and can solve up to 50 DMUs, subject to the capacity of Excel Solver. It is an extremely powerful tool that can assist decision-makers in benchmarking and analyzing complex operational performance issues in manufacturing organizations as well as evaluating processes in banking, retail, franchising, health care, public services and many other industries.

Annual report on the National Archives of Malaysia for ... Arkib Negara Malaysia.1994

Isu 11 - Saya Ikhlas!!! Nampak Tak? Majalah Jom!.2013-01-18 Majalah Jom! menandakan setahun penerbitannya dengan keluaran Majalah jom! Isu 11 yang bertajuk 'Saya Ikhlas!!! Nampak Tak?' Kali ini, kami membawakan pula tema tentang paksi hubungan di antara manusia dengan Allah S.W.T iaitu ikhlas. Sebuah perkataan yang begitu mudah disebut tetapi membawa makna yang begitu besar. Tanpa ikhlas, semua amal menjadi sia-sia. Keikhlasan juga bukanlah sesuatu yang boleh dilihat dan dinilai oleh mata kasar. Malah, para malaikat juga tidak tahu sama ada amal yang dilakukan oleh individu itu ikhlas atau tidak. Namun, amal yang dilakukan dengan ikhlas akan terpancar dan manfaatnya akan berkekalan kepada manusia. Ia menjamin ganjaran pahala di akhirat kelak. Kerana itu, kita sebagai Muslim wajib mengikhhlaskan diri kita pada setiap masa dan ketika.

Islamic Social Finance Valentino Cattelan.2018-08-06 The current dynamics of world economy show remarkable changes in the socio-economics of credit provision and entrepreneurship. If the emergence of the sharing economy is fostering innovative models of collaborative agency, networking and venture business, economic actors are also looking for a more sustainable development, able to foster profitability as well as community welfare. This book investigates Islamic social finance as a paramount example of this economy under change, where the balance between economic efficiency and social impact is contributing to the transformation of the market from an exchange- to a community-oriented institution. The collected essays analyse the social dimension of entrepreneurship from an Islamic perspective, highlighting the extent to which the rationales of sharing, distribution and cooperation, affect the conceptualization of the market in Islam as a place of shared prosperity. Moving from the conceptual roots of this paradigm to its operative branches, the contributing authors also connect the most recent trends in the financial market to Shari'ah-based strategies for community welfare, hence exploring the applications of Islamic social finance from the sharing economy, FinTech and crowdfunding to microcredit, waqf, zakat, sukuk and green investments. An illuminating reference for researchers, practitioners and policy-makers dealing with the challenges of a global market where not only is diversity being perceived as a value to be fostered, but also as an important opportunity for a more inclusive economy for everybody.

Peranan majlis-majlis/jabatan-jabatan agama Islam dalam pembangunan ekonomi umat Islam di Malaysia Jaafar bin Ahmad.1984 On the role of Islamic religious institutions in the economic development of the Muslim community in Malaysia.

Accounting, Auditing and Governance for Takaful Operations Sheila Nu Nu Htay, Mohamed Arif, Younes Soualhi, Hanna Rabittah Zaharin, Ibrahim Shaugee.2012-09-24 A comprehensive guide to current issues and practices in governance for Takaful and re-Takaful operations As the global demand for Islamic insurance products increases, a thorough understanding of Takaful principles is vital for accountants, auditors, and leaders of companies offering these products. This book covers the basic accounting principles and practices of Takaful operations, including the segregation of assets, liabilities, income, and expenditures between the Takaful operator and participants; the setting aside of cash reserves for meeting outstanding claims and future claims; and the management of revenue and expenditure. Featuring extensive case studies from real-world situations, this book is the perfect primer for accounting students and practitioners unfamiliar with Islamic finance and Takaful operations. Written by experts from the International Islamic University Malaysia, the leading organisation in research in Islamic finance Covers all the major accounting principles and practices Based on real-world experience and packed with illustrative case studies For practicing accountants and business leaders, this book offers a thorough education in Takaful operations while also serving as an excellent guide for undergraduate students and researchers.

The Foundations of Islamic Banking Mohamed Ariff, Munawar Iqbal.2011-01-01 After barely half a century of experience, Islamic banking has become established as a new niche industry across the world offering new and sophisticated financial products designed to be compliant with the principles of Islamic legal principles and common law. This comprehensive book explores the theory, principles and practices underpinning this rapidly expanding sector of banking. Expert contributors including eminent scholars and senior practitioners in the field examine the roots of the principles of ethical Islamic financial transactions, which have evolved over several millennia, on issues including usury, interest rates, financial contracting for funding enterprises, for mortgages, for leasing and other financial transactions. Regulatory and governance issues are discussed, and the practice and operation of Islamic financial institutions are explained via three distinct case studies. Importantly, the final chapter looks at what steps are being taken to provide professional accreditation to Islamic banking professional personnel, and prescribes requirements for training in this growing industry.

Creativity & Innovation Ashwini Kumar Singh.2021-03-17 "Creativity and innovation are to events, what the heart and soul are to the living." The book aims at encouraging readers to capture the traits and develop skills for enhancing their creative and innovative capabilities, cultivating the culture of creativity and innovation. Creativity is inventiveness with new ideas; critical thinking is generating and selecting ideas; and innovation turns creativity into products, processes and services. Creativity + Critical thinking + Innovation = Path of Desired Change The primary difference between creativity and innovation is that the former refers to conceiving a new idea while the latter involves converting that idea into a marketable commodity. Creativity and innovation are an attempt to gain a competitive advantage. Organizations are now focusing on enhancing their employees' creativity and not merely developing their technical competencies and skills. Undoubtedly, creativity is the most important human resource of all without which there would be no progress, and we would be forever repeating the same patterns. Innovation is at the heart of all successful companies.
