Les hommes aussi ont la chair de poule Karine Lambert.2020-03-05T00:00:00+01:00 Max, Simon, Théo, Paul et Fabrizio viennent de se faire larguer. Un enchaînement de circonstances les réunit dans une ancienne école réhabilitée en chambres d'hôtes. Colocataires malgré eux, ils composent une improbable tribu dont les certitudes ont volé en éclats. Au fil des semaines, entre la crise de la machine à laver, le cours d'écologie sentimentale et les tours de manège, ils apprennent à vivre ensemble. Le moment est venu d'appivoiser leurs fragilités et de construire l'avenir avec les femmes. Leur monde s'est écroulé. Parviendront-ils à en inventer un autre ? Une seule évidence, ils ne renonceront pas à l'amour. Avec l'écriture visuelle et la musique des mots qui la caractérisent, Karine Lambert explore le cœur des hommes d'aujourd'hui, leurs paradoxes, leur humanité, et surtout, leur désir d'être heureux. Un écho tendre et drôle à son premier roman L'immeuble des femmes qui ont renoncé aux hommes Plus de 250 000 lecteurs francophones Paru en 13 langues dans 25 pays

Négritude Isabelle Constant,Kahiudi C. Mabana.2009-03-26 Doit-on considérer la Négritude comme un mouvement ancré dans la fin de la période coloniale et sur lequel il n'y a plus lieu de revenir ? C'est une des questions que le colloque qui s'est tenu à l'Université des West Indies à la Barbade en l'honneur du centenaire de la naissance de Senghor s'efforce d'explorer. Lylian Kesteloot nous rappelle encore récemment dans son étude Césaire et Senghor un pont sur l'Atlantique l'importance de ce mouvement qui entre les années trente et soixante a participé à la naissance de la littérature africaine. La question du particularisme que le mot Négritude implique et de son opposé l'universel sera largement débattue dans les pages de cet ouvrage. Les articles de cet essai discutent les défauts essentialistes de la Négritude senghorienne, mais également le fait que dans les termes de Senghor « la Négritude est un mythe », donc une construction identitaire, l'expression d'une invention. Il envisageait par exemple l'avènement d'un socialisme africain, dans une interprétation unique du marxisme. En tant que mouvement poétique, philosophique, littéraire, ou en tant que réponse idéologique à une oppression, les auteurs africains et antillais étudiés ici et qui traitent de thèmes très contemporains, démontrent la vivacité d'une Négritude toujours d'actualité dans sa présentation des cultures. Il faut bien entendu dépasser la notion raciale contenue dans le terme et insister sur le culturel, le philosophique et l'esthétique, pour accepter que la Négritude ait une pertinence actuelle. Notamment nous verrons que la Négritude s'est métamorphosée aux Antilles où au Brésil en d'originaux projets idéologiques et esthétiques. Should Negritude be seen as a movement that originated at the end of the colonial era and merits no further study in this contemporary world? This is one of the questions explored in the Colloquium held at the University of the West Indies, Barbados, to mark the centenary of the birth of Léopold Sedar Senghor. In a recent study, Césaire et Senghor: Un pont sur l'Atlantique, Lylian Kesteloot reminds her readers of the importance of Negritude which contributed to the emergence of African literature between 1930 and 1960. The idea of essentialism which the word Negritude implies, as well as the opposite idea of universalism, will be widely discussed in the pages of this work. This collection of essays acknowledges the essential shortcomings of Senghor's Negritude, but, at the same time, underlines the fact that in Senghor's words, "Negritude is a myth" and therefore has to do with the construction of (an) identity and is the expression of an imaginary creation. It envisaged, for example, the creation of an African form of socialism within a unique interpretation of Marxism. In this volume, African and Caribbean writers who are concerned with contemporary issues, demonstrate the vitality of Negritude as a poetic, philosophical and literary movement and as an ideological response to oppression that is still relevant in its presentation of cultures. Clearly, it is necessary to go beyond the notion of race implied in the term and to focus on the cultural, philosophical and aesthetic elements in order to appreciate the relevance of Negritude today. Most notably in the Caribbean or Brazil, Negritude has been transformed into original ideological and aesthetic projects.

Experimental Embryology in Aquatic Plants and Animals Hans-Jurg Marthy.2012-12-06 The NATO Advanced Study Institute on Experimental Embryology in Aquatic Plant and Animal Organisms was attended by more than 70 participants, including 15 invited main lecturers from 18 different countries. In accordance with the main purpose of the meeting, senior scientists, postdoctoral investigators and graduate students working in areas of descriptive and experimental embryology, classical, molecular and developmental biology, physiology and biochemistry etc. , were brought together for two weeks as a community with a strong common interest in development; that is, the multiple phenomena and mechanisms, in molecular, cellular, genetic and organismic terms, observed in the development of aquatic organisms. Initial concern that the great variety of biological models as well as of research subjects would harm the scientific quality and coherency of the course was unnecessary. It was exactly this breadth which made the Institute worthwhile for each of the participants. Since many of the students were younger scientists starting a career, it was the main goal of the course to offer a concise overview of selected system models of primarily aquatic organisms and to present and discuss research carried out in the past and in progress. Thus, each main speaker gave two in-depth lectures: one in which he presented an overview of his model and another dealing with current investigations.

Cinq essais sur la mort africaine Louis-Vincent Thomas.2013-06-29 Louis-Vincent Thomas (1922-1994) a été professeur à la faculté des lettres et sciences humaines à l'Université de Dakar de 1958 à 1968 et professeur de sociologie et d'anthropologie à la Sorbonne jusqu'à sa retraite en 1988. Membre fondateur puis président de la Société française de thanatologie, il s'est imposé comme la référence incontestée de l'anthropologie de la mort. Il laisse en effet une oeuvre considérable sur les rites et cultes mortuaires, les attitudes face au cadavre, les conduites de deuil, les rapports avec la mort et les morts, les imaginaires thanatiques, les mythes et les fantasmes eschatologiques. Publiés en 1968 à Dakar par la faculté des lettres et sciences humaines, ces Cinq essais sur la mort africaine constituent l'ouvrage classique de l'ethnothanatologie. Ils offrent par ailleurs une magistrale synthèse sur les croyances religieuses, les cosmogonies et les ontologies de l'Afrique traditionnelle. Grâce à sa longue familiarité avec les cultures africaines, Louis-Vincent Thomas y restitue la diversité des ethnies et des coutumes, les interactions entre les vivants et les morts, les obligations envers les défunts, les rapports avec les ancêtres. Ce livre est donc fondamental autant par son apport sur les questions de la mort et de ses représentations, que pour son érudition concernant les cultures et ethnies africaines. Il reste à ce titre d'une grande actualité.

Clés et codes du packaging: sémiotique appliquée (retirage) CAVASSILAS Marina.2012-08-01 Cet ouvrage propose une méthode opérationnelle pour analyser une communication visuelle, principalement le packaging. Cette méthode, dénommée SEMIO-PACK®, permet de décoder les signes du packaging et d'établir son positionnement dans les moindres détails. Ses piliers méthodologiques sont empruntés aux disciplines que sont la sémiotique, l'histoire de l'art, la communication et les sciences cognitives. Avant de présenter l'application de cette méthode à de nombreux packagings (couvrant une cinquantaine de catégories de produits grande consommation), l'ouvrage présente les fondements de la sémiotique puis les processus cognitifs et symboliques impliqués dans la perception visuelle. Cette méthode se révèle un outil indispensable pour optimiser les processus d'analyse et de création du packaging. Clés et codes du packaging s'adresse aux professionnels, étudiants et chercheurs dans les domaines du marketing, du design, de la communication et de la sémiotique ainsi qu'à toute personne curieuse de maîtriser les rouages de la communication visuelle.

Ma poule pond des pierres Lala Denamganäi.2014-10-03 Tanoutamon aurait passé le restant de sa vie à cracher sur tout et vomir sur tout, s'il ne s'était pas trouvé un jour à Paris sur la Place de la Concorde. C'était un midi. L'obélisque pointait le bout de ses vingt-trois mètres de haut bien droit sur le soleil rendu au milieu du ciel. Tanoutamon s'avança au plus près. C'est là que Tanoutamon découvrit les hiéroglyphes gravés sur les parois du monument. Se déroulant entre l'Europe et l'Afrique, Ma poule pond des pierres est de ces histoires d'amour littéralement fabuleuses, aux accents oniriques et aux tons merveilleux, qui nous entraînent immédiatement dans leur univers hors norme, le rationnel ayant depuis longtemps abdiqué face à la puissance imaginative de l'auteur. Légendes et cosmogonies, prémonitions, événements quasi fantastiques et curieuses apparitions participent ainsi pleinement à la composition de cette oeuvre inclassable et envoûtante, qui renouvelle à sa façon le mythe des âmes soeurs et prédestinées l'une à l'autre.

Religion, Colonization and Decolonization in Congo, 1885-1960. Religion, colonisation et décolonisation au Congo, 1885-1960 Vincent Viaene,Bram Cleys,Jan De Maeyer.2020-10-30 Religion in today's Democratic Republic of Congo has many faces: from the overflowing seminaries and Marian shrines of the Catholic Church to the Islamic brotherhoods, from the healers of Kimban-guism to the televangelism of the booming Pentecostalist churches in the great cities, from the Orthodox communities of Kasai to the 'invisible' Mai Mai warriors in the brousse of Kivu. During the colonial period religion was no less central to people's lives than it is today. More surprisingly, behind the seemingly smooth facade of missions linked closely to imperial power, faith and worship were already marked by diversity and dynamism, tying the Congo into broader African and global movements. The contributions in this book provide insight into the multifaceted history of the interaction between religion and colonization. The authors outline the institutional political framework, and focus on the challenge that old and new forms of slavery entailed for the missions. The atrocities committed at the time of the Congo Free State became an existential question for young Christian communities. In the Belgian Congo after 1908, more structural forms of colonial violence remained a key issue marking religious experiences. And yet, religion also acted as a bridge. The authors emphasize the role intermediaries such as catechists or medical assistants played in the African "appropriation" of Christianity. They examine the complex interaction with indigenous religious beliefs and practices, and zoom in on the part religions played in the independence movement, as well as on their reaction to independence itself. Coming at a moment when Belgium confronts its colonial past, this volume provides a timely reassessment of religion as a key factor.

Les Yeux grands ouverts Jean-Christophe MARCHAND.2021-08-05T00:00:00Z Entouré de ses appareils indispensables qui lui permettent de communiquer partout et tout le temps, Jean traverse son siècle et son époque : téléphone, tablette, ordinateur portable, cet équipement le rend opérationnel et autonome, alors qu'il n'est en vérité qu'assujéti et contraint, sans en avoir encore pris réellement conscience. C'est le contact avec la nature, arbres, vent, oiseaux, animaux, dans la maison nichée dans la colline qui va lui faire sentir combien la technologie vient perturber sa réception de la planète, combien les ondes transportées viennent interférer avec la vibration lente, puissante et éternelle du monde, comment le contact intime avec la vie tout autour de lui est finalement brouillé et comme parasité par les ondes factices et embarquées. L'homme augmenté, transhumain, bardé de capteurs et de puces, devenu objet breveté donc propriété d'une entreprise, n'a finalement toujours pas compris le chant de l'oiseau, le souffle du vent, l'appel de l'étoile, il s'en éloigne toujours un peu plus croyant trouver dans la technologie l'aboutissement de sa quête, alors que son désir sincère, seul, aurait suffi.
