Heart of Darkness (a Classics Novel by Joseph Conrad) Joseph Conrad.2021-12-07 The reading of all good books is like conversation with the finest (people) of the past centuries. - Descartes A new edition of Heart of Darkness, the 1899 masterpiece by Polish-British novelist Joseph Conrad about a voyage up the Congo River into the Heart of Africa. The story is narrated by Charles Marlow, recalling his obsessive quest to locate the ivory trader Kurtz, who has become ensconced deep in the jungle managing a remote outpost. As he ventures further and further down the Congo, Marlow finds himself and his surroundings become increasingly untethered. Heart of Darkness has been widely re-published and translated into many languages. It provided the inspiration for Francis Ford Coppola's 1979 film Apocalypse Now. In 1998, the Modern Library ranked Heart of Darkness 67th on their list of the 100 best novels in English of the twentieth century. Literary critic Harold Bloom wrote that Heart of Darkness had been analysed more than any other work of literature that is studied in universities and colleges, which he attributed to Conrad's unique propensity for ambiguity. Joseph Conrad (1857-1924) was a Polish-British writer, regarded by many as one of the finest English-language novelists of the 20th century. An early modernist, his narrative style, anti-heroic characters, and focus on the psychological lives of his protagonists were extremely influential on other authors. Conrad's experience as a Polish emigre to Great Britain also brought a unique perspective to his novels, often set on the outskirts of the British Empire with a focus on the costs of imperialism and colonialism. Among his most popular and influential works were Heart of Darkness (1899), Lord Jim (1900), Typhoon (1902), Nostromo (1904), The Secret Agent (1907), and Under Western Eyes (1911). A 19th century classics literature edition.

Heart of Darkness Joseph Conrad.2021-03-22 How Conrad's imperial horror story Heart of Darkness resonates with our globalized times. - The conversation Heart of Darkness is a short novel by Polish novelist Joseph Conrad, written as a frame narrative, about Charles Marlow's experience as an ivory transporter down the Congo River in Central Africa. The river is a mighty big river, that you could see on the map, resembling an immense snake uncoiled, with its head in the sea, its body at rest curving afar over a vast country, and its tail lost in the depths of the land. In the course of his travel in central Africa, Marlow becomes obsessed with Mr. Kurtz. The story is a complex exploration of the attitudes people hold on what constitutes a barbarian versus a civilized society and the attitudes on colonialism and racism that were part and parcel of European imperialism. Originally published as a three-part serial story, in Blackwood's Magazine, the novella Heart of Darkness has been variously published and translated into many languages. In 1998, the Modern Library ranked Heart of Darkness as the sixty-seventh of the hundred best novels in English of the twentieth century. Joseph Conrad has written two of the most chilling, disturbing, and noteworthy pieces of fiction of the twentieth century.

Heart of Darkness (Global Classics) Joseph Conrad.2018-08 Heart of Darkness (1899) is a novella by Polish-English novelist Joseph Conrad, about a voyage up the Congo River into the Congo Free State, in the heart of Africa, by the story's narrator Charles Marlow. Marlow tells his story to friends aboard a boat anchored on the River Thames. This setting provides the frame for Marlow's story of his obsession with the ivory trader Kurtz, which enables Conrad to create a parallel between the greatest town on earth and Africa as places of darkness. Central to Conrad's work is the idea that there is little difference between so-called civilised people and those described as savages; Heart of Darkness raises questions about imperialism and racism. Originally issued as a three-part serial story in Blackwood's Magazine to celebrate the thousandth edition of the magazine, Heart of Darkness has been widely re-published and translated into many languages. In 1998, the Modern Library ranked Heart of Darkness 67th on their list of the 100 best novels in English of the twentieth century.

El corazón de las tinieblas Joseph Conrad.2007-06-01 Woven around a minimal plot - Marlow's trip on the Congo river to replace Kurtz, a commercial agent who is gravely ill - Heart of Darkness is a tense moral reflection about solitude and man's struggle against the uncontrollable forces of nature. Joseph Conrad (1857-1924) introduces the reader to a hallucinating world where the darkness of the African jungle and the eeriness of forgotten instincts merge, creating a trap of annihilating power to which the characters will ultimately submit.

The Reception of Joseph Conrad in Europe Robert Hampson, Véronique Pauly.2022-05-05 Born and brought up in Poland bilingually in French and Polish but living for most of his professional life in England and writing in English, Joseph Conrad was, from the start, as much a European writer as he was a British one and his work - from his earliest fictions through Heart of Darkness, Nostromo and The Secret Agent to his later novels - has repeatedly been the focal point of discussions about key issues of the modern age. With chapters written by leading international scholars, this book provides a wide-ranging survey of the reception, translation and publication history of Conrad's works across Europe. Covering reviews and critical discussion, and with some attention to adaptations in other media, these chapters situate Conrad's works in their social and political context. The book also includes bibliographies of key translations in each of the European countries covered and a timeline of Conrad's reception throughout the continent.

Africans in Europe Michael Ugarte.2010 What differentiates emigration from exile? This book delves theoretically and practically into this core question of population movements. Tracing the shifts of Africans into and out of Equatorial Guinea, it explores a small former Spanish colony in central Africa. Throughout its history, many inhabitants of Equatorial Guinea were forced to leave, whether because of the slave trade of the early nineteenth century or the political upheavals of the twentieth century. Michael Ugarte examines the writings of Equatorial Guinean exiles and migrants, considering the underlying causes of such moves and arguing that the example of Equatorial Guinea is emblematic of broader dynamics of cultural exchange in a postcolonial world. Based on personal stories of people forced to leave and those who left of their own accord, Africans in Europe captures the nuanced realities and widespread impact of mobile populations. Ugarte illustrates the global material inequalities that occur when groups and populations migrate from their native land of colonization to other countries and regions that are often the lands of the former colonizers. By focusing on the geographical, emotional, and intellectual dynamics of Equatorial Guinea's human movements, readers gain an inroad to the consciousness of an age and an understanding of the global realities that will define the cultural, economic, and political currents of the twenty-first century.

World Treasures of the Library of Congress Library of Congress.2002 Published to coincide with the ongoing World Treasures exhibition, which first opened in the summer of 2001, Beginnings reveals how common themes have been treated in different cultures - be they African, Hindu, Hispanic, Tibetan, Islamic, Judeo-Christian or Native American - and is an exploration of how such cultures have dealt with the creation of the universe and explained the heavens and earth. Underlying these seemingly complex issues are three key questions: Where does it - the universe, the cosmos - all come from? How can we explain and order the universe and cope with it? How do we record the experience? These questions and the answers to them are presented in over 130 color images from the Library's collections ranging from a twelfth-century Taoist scroll painting of The Eight Immortals by Zhao Boju, to a Mesopotamian Incantation Bowl. Beginnings closes with a section that includes the earliest examples of writing and printing.

While it was perhaps temporarily overshadowed by postmodernism, recent years have seen a resurgence of interest in modernism on both sides of the Atlantic. These volumes respond to a need for a collective and multifarious view of literary modernism in various genres, locations, and languages. Asking and responding to a wealth of theoretical, aesthetic, and historical questions, 65 scholars from several countries test the usefulness of the concept of modernism as they probe a variety of contexts, from individual texts to national literatures, from specific critical issues to broad cross-cultural concerns. While the chief emphasis of these volumes is on literary modernism, literature is seen as entering into diverse cultural and social contexts. These range from inter-art conjunctions to philosophical, environmental, urban, and political domains, including issues of race and space, gender and fashion, popular culture and trauma, science and exile, all of which have an urgent bearing on the poetics of modernity.
