Kick the Drink...Easily! Jason Vale.2011-03-01 There is no such thing as an alcoholic and there is no such disease as alcoholism! (as society understands it). Whether you agree with this statement or not, one thing is for sure, you will never see alcohol in the same light ever again after reading this book. Jason Vale takes an honest and hard hitting look at people's conceptions of our most widely consumed drug. Jason's major argument is there is no such thing as an 'alcoholic' and that we are conditioned to accept alcohol as a 'normal' substance in today's society despite the fact that it is the major cause of many of today's social problems and a wide range of health issues. This book is much more than a simple eye opener, it will: change the way you see alcohol forever; show you how to stop drinking; help you enjoy the process and enjoy your life so much more than you do now without having to drink alcohol. So open your mind and take a journey with Jason to explore the myths about the most used and accepted drug addiction in the world!

And she knows the way out.”—Mehmet Oz, MD “Dr. Kellyann Petrucci has done a terrific job bringing the science of detoxification to the table. This is a top-notch way to deal with the multiple toxic challenges posed by our modern world.”—David Perlmutter, MD, #1 New York Times bestselling author of *Grain Brain* and *Brain Wash* Whether from stressful times like the holidays or from the demands of your regular routine, your body naturally becomes depleted over time, making it even more difficult to lose weight and maintain the energy and vitality you need to get through the day. This is something Dr. Kellyann Petrucci experienced firsthand in 2017 while she was writing her last book, doing nonstop TV appearances, and running her business. She gained 20 pounds, her hormones went haywire, and she was at a loss for how to turn things around. She decided it was time to hit the reset button and created her simplest plan yet, specifically designed to help the millions of women who are overweight, overworked, and overextended get reenergized both physically and mentally. This is a comfortable, incredibly powerful 5-day cleanse protocol that resets your metabolism, giving you the kind of quick, confidence-boosting results you need to get back on a healthy track. The power ingredient in the Cleanse and Reset is collagen, which improves skin elasticity and brings back that coveted youthful glow, eases joint pain, heals leaky gut, supports weight management, and has anti-inflammatory properties. The healing and reparative smoothies, shakes, soups, and bone broth blends that you’ll enjoy on the 5-day cleanse are packed with collagen and can be adapted to any diet, with a focus on modifying the cleanse for the keto diet (along with great collagen alternatives for vegetarians and vegans!). The program also includes an optional 1-day “keto push” that you can follow for an extra boost the day before you begin your cleanse. Dr. Kellyann's Cleanse and Reset will help you slim your body, deep-cleanse your cells, and reclaim your energy and focus so you can start feeling truly good again.

The 17 Day Diet Dr Mike Moreno.2011-05-12 Dr Mike Moreno's 17 Day Diet is a revolutionary new weight-loss programme that activates your skinny gene so that you burn fat day in and day out. The diet is structured around four 17-day cycles: Accelerate- the rapid weight loss portion that helps flush sugar and fat storage from your system; Activate-the metabolic restart portion with alternating low and high calorie days to help shed body fat; Achieve - this phase is about learning to control portions and introducing new fitness routines; Arrive - A combination of the first three cycles to keep good habits up for good. Each cycle changes your calorie count and the food that you're eating. The variation that Dr. Mike calls 'body confusion' is designed to keep your metabolism guessing. This is not a diet that relies on a tiny list of approved foods, gruelling exercise routines, or unrealistic calorie counts that leave you hungry and unfulfilled. Each phase comes with extensive lists of what dieters can and can't eat while on the phase, but also offers acceptable cheats. He advises readers not to drink while on the diet, but concedes that if they absolutely have to then they should at least drink red wine. Dr Mike knows that a diet can only work if it's compatible with the real world, and so he's designed the programme with usability as a top priority.

Low Fat Recipes Michael Bridge.2021-04-13 ☐ 55% OFF for Bookstores! NOW at \$ 25,97 instead of \$ 35,97! LAST DAYS! ☐ Are you ready to start lean and green diet? Your Customers Will Never Stop To Use This Amazing Cookbook! People may make fun of you for choosing to exercise and diet. They may not believe in you for whatever reason. This may be because they could not imagine themselves changing their lifestyle in such a way, so in

their eyes, you must also fail at it. Shrug it off and continue as usual, and you will be the one laughing when you reach your goals. It's not an issue what other people think as it's your actions that dictate your outcome. To achieve this, you need to let go of all your fears that could make it harder for you and concentrate on the result. You can also look at it as a game or challenge to become fun rather than something you hate. The best way to do this is to find another person to share your progress with. This can be friends or family or even people you don't know and sometimes a group. Because you have the same goals as other people out there, you may even make some new friends. You can make certain meals feel like a treat even though they are nowhere near as bad as some of your usual eating habits, but you can still fill that desire. Moderation and better choices come into play here, so don't order the burger and fries. Have a chicken salad instead. Every time you look in the fridge and spot something you really shouldn't be eating, think of that food in the future and not the present. It may taste nice when you eat it, but you will feel guilty afterward, and a few days after that, the scale may not show the progress you wanted it to show, so just think ahead of time before making any decision when making food choices. If you are not on the Lean and Green diet, but you need low-carb meals to achieve quick weight loss, you can't be wrong with buying this book. This book covers: - How The LEAN AND GREEN Diet Works? - Simple And Easy LEAN AND GREEN Diet Cookbook - Recommended Cooking Methods - Tricks To Eliminate The Food Scale - Smoothies And Breakfasts - Hearty Soup And Salads - Side Dishes And Snacks - Beef & Lamb - Pork - Poultry - Legumes And Vegetables - Sweet Tooth Snacks & Dessert . And Much More!!! Buy it NOW and let your customers get addicted to this amazing book!
