You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator - a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). The easiest way to read Wikibooks is simply to open them in your web browser. AvaxHome is a pretty simple site that provides access to tons of free eBooks online

under different categories. It is believed to be one of the major non-torrent file sharing sites that features an eBooks&eLearning section among many other categories.
