Inconceivable Ben Elton.2010-05-26 Lucy desperately wants a baby. Sam is determined to write a hit movie. The problem is that both their efforts seem to be unfruitful. And given that the average IVF cycle has about a one in five chance of going into full production, Lucy's chances of getting what she wants are considerably better than Sam's. What Sam and Lucy are about to go through is absolutely inconceivable. The question is, can their love survive? Inconceivable confirms Ben Elton as one of Britain's most significant, entertaining and provocative writers.

Cultural Functions of Intermedial Exploration .2021-11-08 This collection of 19 essays is the first one devoted to function-oriented analyses of intermedial interrelationships in literature, art, music, and film. The contributors — among others, Werner Wolf, James Heffernan, Walter Bernhart, Siglind Bruhn, Claus Clüver, Valerie Robillard, and Tamar Yacobi — are leading international scholars in the field of intermediality. The common basis of the essays in this volume — ranging from intermedial studies of medieval liturgical practices, early cinema, modernist art, ekphrasis, music and literature, art and literature, film and literature, hymns, and pop music, to the musical and technological aspects of Concrete poetry — is the ambition to pay attention to the cultural contexts that enhance the significance of these intermedial works and trends under examination. Since the contributions cover different types of intermedial endeavours from various periods and times, a kind of historicizing perspective is outlined. So, in pursuit of a still lacking coherent historical survey of cultural functions of intermediality, this volume might be recognized as a step towards such a Funktionsgeschichte for intermedial exploration.

Elton Plays: 1 Ben Elton.2013-12-17 Ben Elton's plays in one volume for the first time Gasping: . . . an often hilarious satire on yuppiedom, advertising and corporate greed (Daily Telegraph); . . . the sharpest futuristic comedy since Henceforward, and the best Green comedy since The Good Life was young.(Financial Times). Silly Cow: It has an ingenious plot. . . another perfect occasion for a Ben Elton satire on the modern world. . . (Financial Times). Popcorn: An enjoyable, intelligent, thought-provoking play (Independent); It thrills on stage precisely because it adopts the sick humour, sickening violence and downright sexiness of the Stone-Tarantino school of film-making that Elton is satirising (Evening Standard).

Blast from the Past Ben Elton.2009-10-14 Ready to follow Nick Hornsby and Helen Fielding as the next big thing from Cool Britannia to hit America is Ben Elton. Already known to a wide public television audience as the funnyman behind Blackadder, The Young Ones, and The Thin Blue Line, Elton, author of Popcorn, lights up the literary sky with Blast from the Past. Part noir thriller, part hilarious send-up of the politics of extremism, Blast from the Past is the new novel from English comedy phenomenon (stand-up, playwright, television writer, and author) Ben Elton--a name soon to be known in all circles once Joel Schumacher's film of his book Popcorn reaches the silver screen. In the early 80s, when Polly was a seventeen-year-old ideological peace protestor and Jack was a U.S. Army captain stationed at England's Greenham Common, the two had a secret and very unlikely affair. No two people could have had more to argue about, save that they couldn't live without each other, yet one day Jack came to the conclusion that he loved soldiering more than Polly and sacrificed their love to be a career army man. Now, sixteen years later, Polly is a lonely thirty-something social

This Other Eden Ben Elton.1993 Small, well appointed future. Semi detached. If the end of the world is nigh, then surely it's only sensible to make alternative arrangements. Certainly the Earth has its points, but what most people need is something smaller and more manageable. Of course there are those who say that's planetary treason, but who cares what the weirdos and terrorists think? Not Nathan. All he cares is that his movie gets made and that there's somebody left to see it.

Ben Elton's dark, savagely comic novel imagines a post-apocalyptic society where religious intolerance combines with a sex-obsessed, utterly egocentric culture. In this world, nakedness is modesty, independent thought subversive, and ignorance is wisdom. A chilling vision of what's to come? Or something rather closer to home?

The First Casualty Ben Elton.2012-11-08 'A work of formidable imaginative scope' Daily Telegraph The first casualty when war comes is truth . . . Flanders, June 1917: a British officer and celebrated poet, is shot dead. , He is killed not by German fire, but while recuperating from shell shock well behind the lines. A young English soldier is arrested and, although he protests his innocence, charged with his murder. Douglas Kingsley is a conscientious objector, previously a detective with the London police, now imprisoned for his beliefs. He is released and sent to France in order to secure a conviction. Forced to conduct his investigations amidst the hell of The Third Battle of Ypres, Kingsley soon discovers that both the evidence and the witnesses he needs are quite literally disappearing into the mud that surrounds him. Ben Elton's tenth novel is a gut-wrenching historical drama which explores some fundamental questions: What is murder? What is justice in the face of unimaginable daily slaughter? And where is the honour in saving a man from the gallows if he is only to be returned to die in a suicidal battle?

Green Light for Murder Heywood Gould.2012-12-18 A mad director, off his meds, is making a movie about how he murders the producers who ruined his career. The movie is in his mind. The murders are real. Tommy Veasy, a pot-smoking homicide detective--our hero--who writes poetry to help him solve cases and ward off despair, thinks he sees a pattern in these seemingly accidental deaths. His colleagues think he's being dramatic. But the bodies keep piling up. The staff of a syndicated TV show in its tenth year, formerly an international hit but now only being aired in Montenegro and Botswana, worries about how they will maintain their Hollywood lifestyles when they become unemployable. How will the producer finance his two-hooker-a-weekend habit? How will the staff writer pay private school tuition, an underwater mortgage, tennis club dues, the housekeeper, the gardener, cable TV bills, the couples' therapist, et al.? Not a big problem: the mad director has planted a bomb in the office phone and is frantically trying to set it off. And meanwhile, a home invader keeps invading the wrong homes, to everyone's perplexity. In other words: it's just another day in paradise.

Identity Crisis Ben Elton.2019-04-04 Why are we all so hostile? So quick to take offence? Truly we are living in the age of outrage. A series of apparently random murders draws amiable, old-school Detective Mick Matlock into a world of sex, politics, reality TV and a bewildering kaleidoscope of opposing identity groups. Lost in a blizzard of hashtags, his already complex investigation is further impeded by the fact that he simply doesn't 'get' a single thing about anything anymore. Meanwhile, each day another public figure confesses to having 'misspoken' and prostrates themselves before the judgement of Twitter. Begging for forgiveness, assuring the public "that is not who I am". But if nobody is who they are anymore - then who the f###k are we? Ben Elton returns with a blistering satire of the world as it fractures around us. Get ready for a roller-coaster thriller, where nothing - and no one - is off limits.

But EcoAction isn't in society: it just lives in the same place, along with the cockroaches. If you're facing the richest and most disgusting scheme in history, you have to do more than stick up two fingers and say 'peace'.
