*Three-Way Street* Jay Howard Geller, Leslie Morris. 2021-03-11 As German Jews emigrated in the nineteenth and early twentieth centuries and as exiles from Nazi Germany, they carried the traditions, culture, and particular prejudices of their home with them. At the same time, Germany—and Berlin in particular—attracted both secular and religious Jewish scholars from eastern Europe. They engaged in vital intellectual exchange with German Jewry, although their cultural and religious practices differed greatly, and they absorbed many cultural practices that they brought back to Warsaw or took with them to New York and Tel Aviv. After the Holocaust, German Jews and non-German Jews educated in Germany were forced to reevaluate their essential relationship with Germany and Germanness as well as their notions of Jewish life outside of Germany. Among the first volumes to focus on German-Jewish transnationalism, this interdisciplinary collection spans the fields of history, literature, film, theater, architecture, philosophy, and theology as it examines the lives of significant emigrants. The individuals whose stories are reevaluated include German Jews Ernst Lubitsch, David Einhorn, and Gershom Scholem, the architect Fritz Nathan and filmmaker Helmar Lerski; and eastern European Jews David Bergelson, Der Nister, Jacob Katz, Joseph Soloveitchik, and Abraham Joshua Heschel—figures not normally associated with Germany. *Three-Way Street* addresses the gap in the scholarly literature as it opens up critical ways of approaching Jewish culture not only in Germany, but also in other locations, from the mid-nineteenth century to the present.

**German Memory Contests** Anne Fuchs, Mary Cosgrove, Georg Grote. 2006 Since unification in 1990, Germany has seen a boom in the confrontation with memory, evident in a sharp increase in novels, films, autobiographies, and other forms of public discourse that engage with the long-term effects of National Socialism across generations. Taking issue with the concept of *Vergangenheitsbewältigung*, or coming to terms with the Nazi past, which after 1945 guided nearly all debate on the topic, the contributors to this volume view contemporary German culture through the more dynamic concept of memory contests, which sees all forms of memory, public or private, as ongoing processes of negotiating identity in the present. Touching on gender, generations, memory and postmemory, trauma theory, ethnicity, historiography, and family narrative, the contributions offer a comprehensive picture of current German memory debates, in so doing shedding light on the struggle to construct a German identity mindful of but not wholly defined by the horrors of National Socialism and the Holocaust. Contributors: Peter Fritzsche, Anne Fuchs, Elizabeth Boa, Stefan Willer, Chloe E. M. Paver, Matthias Fiedler, J. J. Long, Dagmar C. G. Lorenz, Cathy S. Gelbin, Jennifer E. Michaels, Mary Cosgrove, Andrew Plowman, Roger Woods. Anne Fuchs is Professor of modern German literature and Georg Grote is Lecturer in German history, both at University College Dublin. Mary Cosgrove is Lecturer in German at the University of Edinburgh.

**The Septuagint and Messianism** Michael Anthony Knibb. 2006 The question of the extent to which the Septuagint reflects an evolution in messianic belief in comparison with the Masoretic Text has come into prominence in recent years, and in view of the role played by messianism in Jewish belief of the late Second Temple period and in early Christianity it seemed very appropriate that *The Septuagint and Messianism* should be chosen as the theme of the 2004 Colloquium Biblicum Lovaniense. This volume contains the papers given at the Colloquium, which are concerned both with methodological issues and with the interpretation of specific texts (in practice the majority of the texts in the Septuagint for which a messianic interpretation has been claimed). The papers are very far from all reflecting the same approach, and it has frequently happened that the same texts have been treated by different contributors from very different viewpoints. But the fact such different viewpoints are expressed is a proper reflection of the complexity of the issues involved in the question of the extent of messianic belief in the Septuagint, and of the fact that the question requires a nuanced answer. It is in any case hoped that the varied approaches reflected in the papers will serve to make clear the underlying reasons for the differences between those who take a minimalist and those who take a maximalist view on the subject of the Septuagint and Messianism.

*Where Europe Begins: Stories* Yoko Tawada. 2007-05-17 A gorgeous collection of fantastic and dreamlike tales by one of the world's most innovative contemporary writers. Chosen as a 2005 Times Literary Supplement Book of the Year, *Where Europe Begins* has been described by the Russian literary phenomenon Victor Pelevin as a spectacular journey through a world of colliding languages and multiplying cities. In these stories' disparate settings—Japan, Siberia, Russia, and Germany—the reader becomes as much a foreigner as the author, or the figures that fill this book: the ghost of a burned woman, a traveler on the Trans-Siberian railroad, a mechanical doll, a tongue, a monk who leaps into his own reflection. Through the timeless art of storytelling, Yoko Tawada discloses the virtues of bewilderment, estrangement, and Hilaritas: the goddess of rejoicing.

*In My Brother's Shadow* Uwe Timm. 2006 Uwe Timm was born in Germany in 1940. Just three years later his brother, Karl-Heinz, who was sixteen years his senior and a sapper in the elite SS Death's Head Division, was killed. His notebook was returned to the family, and the last entry read: 'I close my diary here because I don't see any point in recording the cruel things that sometimes happen.' When Timm decided to write this astonishing memoir, he feared the possibility that his brother's unit had taken part in the shooting of civilians and Jews. Yet he wanted to piece together his brother's experience, and also that of his nation, which once considered the qualities of an SS man so exemplary. As Timm unleashes his memories of

this devastating time, he also pinpoints the questions that his parents' generation seemed unable to face, and offers new insights into the impact of the war on ordinary Germans.

Recoding World Literature B. Venkat Mani.2016-12-01 Winner, 2018 Aldo and Jeanne Scaglione Prize for Studies in Germanic Languages and Literatures, Modern Language Association Winner, 2018 German Studies Association DAAD Book Prize in Germanistik and Cultural Studies. From the current vantage point of the transformation of books and libraries, B. Venkat Mani presents a historical account of world literature. By locating translation, publication, and circulation along routes of "bibliomigrancy"—the physical and virtual movement of books—Mani narrates how world literature is coded and recoded as literary works find new homes on faraway bookshelves. Mani argues that the proliferation of world literature in a society is the function of a nation's relationship with print culture—a Faustian pact with books. Moving from early Orientalist collections, to the Nazi magazine *Weltliteratur*, to the European Digital Library, Mani reveals the political foundations for a history of world literature that is at once a philosophical ideal, a process of exchange, a mode of reading, and a system of classification. Shifting current scholarship's focus from the academic to the general reader, from the university to the public sphere, *Recoding World Literature* argues that world literature is culturally determined, historically conditioned, and politically charged.

The Eternal Philistine Odon Von Horvath.2012-03-27 This never-before translated work by a major yet overlooked mid-20th century writer is a brutally funny look at the human comedy on the eve of Europe's descent into Fascism. It tells the tale of a failed used car salesman who wants to live the high life, and so decides to travel by train from Munich to Barcelona to attend the World's Fair — in hopes of meeting a beautiful, rich woman who will provide for his every whim. It's a highly-stylized and, at times, raucously funny tale of the almost-absurd: a dark and satiric look at Europeans, and especially Germans, on the brink of cataclysm. Adrift in their acquisitive desires, they are vulnerable to the propaganda of the State — making this novel brilliantly foresightful in its understanding of politics and human nature at a crucial point in modern history. Ödön von Horváth's scathing insight, in fact, led to his having to flee the very society he depicted when, living in Berlin, he drew the wrath of the Nazis. And yet this hilarious tour-de-force — written just after his escape, and just before his death in a tragic accident — eschews bitterness for rambunctious perseverance and compassion, and provides ample evidence of why von Horváth deserves renewed appreciation.

Alien Interview Lawrence R. Spencer.2008-01-01 The content of this book is the letter, Top Secret interview transcripts and personal notes received from the late Matilda O'Donnell MacElroy, an Army Air Force nurse who stationed at the Roswell Army Air Field 509th Bomb Group. Her letter asserts that this material is based on a series of interviews she conducted with an extraterrestrial being as part of her official duty as a nurse in the U.S. Army Air Force. During July and August she interviewed a saucer pilot who crashed near Roswell, New Mexico on July 8th, 1947. The being identified itself as an officer, pilot and engineer of The Domain Expeditionary Force, a race of beings who are using the asteroid belt in our solar system as a intergalactic base of operations.

The Aesthetics and Architecture of Care Environments Freja Ståhlberg-Aalto.2019 Evaluating the built environment in a comprehensive manner is both challenging and topical. The environment influences us in a multitude of ways, simultaneously and personally. We feel, hear, see, smell, and even taste the environment that surrounds us. Care environments, in particular, are complicated and their effects on users difficult to estimate. However, the aesthetics of care environments carry huge potential to induce wellbeing, enhance quality of life and, thereby, affect the healing and rehabilitation of patients and residents. This book applies experimental Q methodology - a qualitative method for systematically analyzing human subjectivity - in search of a new way to evaluate care environments. The focus is on the role of aesthetics as experienced by the actual users and stakeholders of ten high-quality and award-winning care environments in Japan and the European countries of Finland, Sweden, the United Kingdom, France and Austria. A total of 45 participants, including architects, members of the administration, care staff, patients, residents, and their relatives give their subjective accounts on the aesthetic features of the care environment. Five aesthetic discourses and a set of shared aesthetic values are identified, which transcend building-type specific, contextual and professional boundaries. The aims are to increase our understanding of care environment aesthetics and architecture, and thus contribute to the design of future care buildings that fulfil the values and expectations of the users.

**Recognitions** Terence Cave.1988 This is the first comprehensive study in any language of anagnorisis (recognition) - one of the least familiar terms in Aristotelian poetics, yet used to describe one of the most familiar features of drama and narrative fiction. The book traces the history of the term 'anagnorisis' and explores some of the ways in which it continues to be of value as a focus for theoretical reflection. Then, in a series of critical essays, the author analyses examples of recognition plots drawn from French, German, and English literature, including Corneille, Racine and Goethe, Shakespeare, James, and Conrad. Examined thus from many angles, recognition can at last be seen to deserve its place in the limelight, as a topic of the first importance, perhaps the most strictly literary of all topics in poetics. The book is aimed at a very wide readership, with English translations provided for quotations where necessary.

The Bible and its Rewritings Piero Boitani.1999-09-16 Piero Boitani discusses how some of the most fascinating scenes of Old and New Testament — Genesis, Exodus, Job, the Susanna story, the Gospel of John — are directly or indirectly rewritten in works ranging from the medieval period to the late twentieth-century: by Milton and Mann; by Chaucer, Dryden, La Fontaine, Orwell, and Kafka; by Faulkner and Tournier; by Shakespeare, T. S. Eliot, and Joseph Roth. Literature resonates with the mystery of recognition between human beings, and between God and humankind. The opening and closing chapters of the book examine this theme: from Abraham and Yahweh at Mamre to Joseph and his brothers, from Helen and Menelaus to Jesus and Mary Magdalene, from Pericles and Marina to Mendel Singer and his son Menuchim. The three central sections of the book discuss the means by which re-scripturing interprets the Scriptures: through truth or fiction; through letter or allegory; through liturgy, exegesis, catacomb frescoes, even churches themselves. This is an illuminating look at the Bible and its medieval and modern rewritings.

Fighting in Hell Peter Tsouras.2012-02-20 Detailed reports by German commanders: "Powerful testimony to the Germans' lack of preparation for the harsh climatic conditions of the Russian winter." —Military Machines International When their troops invaded the Soviet Union in 1941, the initial success convinced the German high command that the Red Army could be destroyed west of the Dnepr River and that there would be no need for conducting operations in cold, snow, and mud. They were wrong. In fact, the German war in Russia was so brutal in its extremes that all past experience paled beside it. Everything in Russia—the land, the climate, the distances, and above all the people—were harder, harsher, more unforgiving, and deadlier than anything the German soldier had ever faced before. One panzer-grenadier who fought in the West and in Russia summed it up: In the West war was the same honorable old game; nobody went out of his way to be vicious, and fighting stopped often by five in the afternoon. But in the East, the Russians were trying to kill you—all the time. The four detailed reports of campaigning in Russia included in this invaluable book (Russian Combat Methods in WWII, Effects of Climate on Combat in European Russia, Combat in Russian Forests and Swamps and Warfare in the Far North) were written in the late 1940s and early 1950s as part of the US Army program to record the German strategies and

tactics of World War II directly from the commanders. The authors were all veterans of the fighting they described, and frankly admitted that the soldiers sent to Russia were neither trained nor equipped to withstand the full fury of the elements. Fighting in Hell shows what happened on the ground, through firsthand accounts of the commanders who were there.

*Disguise and Recognition in the Odyssey* Sheila Murnaghan.2011-06-24 Disguise and Recognition in the Odyssey reveals the significance of the Odyssey's plot, in particular the many scenes of recognition that make up the hero's homecoming and dramatize the cardinal values of Homeric society, an aristocratic culture organized around recognition in the broader senses of honor, privilege, status, and fame. Odysseus' identity is seen to be rooted in his family relations, geographical origins, control of property, participation in the social institutions of hospitality and marriage, past actions, and ongoing reputation. At the same time, Odysseus' dependence on the acknowledgement of others ensures attention to multiple viewpoints, which makes the Odyssey more than a simple celebration of one man's preeminence and accounts in part for the poem's vigorous afterlife. The theme of disguise, which relies on plausible lies, highlights the nature of belief and the power of falsehood and creates the mixture of realism and fantasy that gives the Odyssey its distinctive texture. The book contains a pioneering analysis of the role of Penelope and the questions of female agency and human limitation raised by the critical debate about when exactly she recognizes that Odysseus has come home.

*The Nation as a Local Metaphor* Alon Confino.2000-11-09 All nations make themselves up as they go along, but not all make themselves up in the same way. In this study, Alon Confino explores how Germans turned national and argues that they imagined the nation as an extension of their local place. In 1871, the work of political unification had been completed, but Germany remained a patchwork of regions with different histories and traditions. Germans had to construct a national memory to reconcile the peculiarities of the region and the totality of the nation. This identity project, examined by Confino as it evolved in the southwestern state of Württemberg, oscillated between failure and success. The national holiday of Sedan Day failed in the 1870s and 1880s to symbolically commingle localness and nationhood. Later, the idea of the Heimat, or homeland, did prove capable of representing interchangeably the locality, the region, and the nation in a distinct national narrative and in visual images. The German nationhood project was successful, argues Confino, because Germans made the nation into an everyday, local experience through a variety of cultural forms, including museums, school textbooks, popular poems, travel guides, posters, and postcards. But it was not unique. Confino situates German nationhood within the larger context of modernity, and in doing so he raises broader questions about how people in the modern world use the past in the construction of identity.

*Acting in Public* Raumlaborberlin (Group).2008 Mountain hiking in the ruins of Berlin's Palast der Republik, former home of the East German parliament; building a hotel in an abandoned prefab high-rise; creating an architectural sculpture in an allotment garden... For the last 10 years the radical, utopian Berlin-based interdisciplinary team raumlaborberlin has been carrying out sensational interventions and activities that shape a new perception of architecture—acting in public in order to force the questioning of public and private space and activities. In this galvanizing and well designed volume, a conversation on design processes and working methods within raumlabor complements detailed presentations of the group's most important projects while an illustrated index introduces 72 projects in text and image. The firm's objective is to attract attention to alternative strategies of urban renewal and urban planning and to encourage residents to become involved in shaping their own living environments: We call on people to get involved, we want to show them that becoming part of urban processes is worth the risk.

**The Man in the Pulpit** Ruth Rehmman.1997-01-01 The Man in the Pulpit is a courageous autobiographical novel by the distinguished and widely praised German novelist Ruth Rehmman. Its narrator, like Rehmman herself, is a middle-class citizen of West Germany in the 1970s—more than a quarter century after the horrors of the Nazi years. Prodded by questions from her children, the narrator begins to reexamine her childhood and the father—a stern, imposing Lutheran minister—who dominated it. Her memories lead her to a fresh, painful understanding of how her father (who died in 1940) tragically reconciled himself to the moral and political outrages of National Socialism. The father's moral compromises stand in large measure for the failures of Germany as a whole. His critical views of the Weimar Republic, his “apolitical” stance in the face of Nazi aggression, the unsatisfactory guidance he offers his family and parishioners—all contribute to the portrait of a man who fails to find sufficient moral understanding and resolve in the face of the Nazi nightmare. As her story unfolds, Rehmman provides uncommon insights into how the terrible alliance in Germany between “those who were honorable and those who were dishonorable” could have occurred. From the opening memory of father and daughter walking together, singing and joking, to the final deathbed scene, there is no episode, no emotion that does not vibrate with restrained intensity. The relationship between daughter and father is both distant and intimate, simple and complex, happy and angry, and it always takes place in a larger historical context.

The essays explore the plurality of voices and cultures in Tawada's work and push on to explicate the poetics and intellectual underpinnings of her writing. Analyses of her fiction are paired with examinations of its philosophic and aesthetic foundations. The essayists represent a wide range of scholars and translators who are intimate with Tawada's work in German, Japanese, and/or English. Many of the essays begin as close readings of the German and Japanese texts.Ysko Tawada: Voices from Everywhere is an essential collection for anyone with an interest in this important young writer.

*Novel Translations* Bethany Wiggin.2011-06-15 Many early novels were cosmopolitan books, read from London to Leipzig and beyond, available in nearly simultaneous translations into French, English, German, and other European languages. In Novel Translations, Bethany Wiggin charts just one of the paths by which newness—in its avatars as fashion, novelties, and the novel—entered the European world in the decades around 1700. As readers across Europe snapped up novels, they domesticated the genre. Across borders, the novel lent readers everywhere a suggestion of sophistication, a familiarity with circumstances beyond their local ken. Into the eighteenth century, the modern German novel was not German at all; rather, it was French, as suggested by Germans' usage of the French word Roman to describe a wide variety of genres: pastoral romances, war and travel chronicles, heroic narratives, and courtly fictions. Carried in large part on the coattails of the Huguenot diaspora, these romans, nouvelles, amours secrets, histoires galantes, and histories scandaleuses shaped German literary culture to a previously unrecognized extent. Wiggin contends that this French chapter in the German novel's history began to draw to a close only in the 1720s, more than sixty years after the word first migrated into German. Only gradually did the Roman go native; it remained laden with the baggage from its French origins even into the nineteenth century.

*Museum of Unheard (Of) Things* Roland Albrecht.2015-11-05 MUSEUM OF UNHEARD (OF) THINGS is the catalogue raisonne of the world-famous literary cabinet of curiosities in Berlin, which holds the record of being the most visited museum in the German capital (if one offsets the number of visitors to the square meters of the exhibition space). The museum collects unique objects to which curator Roland Albrecht has patiently lent his ear in order to hear the unheard (of) story each of them has to tell. This book is the first publication to assemble all the 78 stories in the current collection, all categorized according to weight, translated into English for the first time. Included are unheard (of) tales about a clock of a Swiss inventor who promoted New-Time-where the day was only twenty hours long, an hour fifty minutes, and a minute fifty seconds—and was subsequently arrested by the authorities, the first portrait ID card in history created for Michel de Montaigne, a fork which reveals the secret history of a meeting

of chefs in the Alps, the stone that inspired Thomas Mann to write many of his stories, or the scandalous relationship between the Brothers Grimm and alphabet soup. The book ends with a story about the museum itself which may make some readers ponder about the veracity of its existence. These extraordinary tales of seemingly ordinary objects invite the reader to imagine the world differently by listening more carefully and intimately to all the things that surround our everyday lives. The present is always a story presented by the winners of history. With a gaze kindred to Walter Benjamin's, Albrecht collects things which appear utterly trivial in the given here and now. With patience kindred to Sigmund Freud's, he listens to them until they start revealing their stories. With a playful spirit kindred to Jorge Luis Borges, he writes them down. The result is a gentle but persistent wake-up call in the form of short stories, which cracks the tyranny of present and offers a glimpse into the unheard (of) world of things devoid of victors and losers, but full of tales that await to be told. - CODY EIKMAN Berlin exists for Museum der Unerhorten Dinge, or maybe the whole world exists for this small museum. Finally its secrets have been translated into English from German. - TOMOMI ADACHI
