The History of Yiddish Literature Leo Wiener.2018-12-03 A SUGGESTION to write the present book reached me in the spring of 1898. At that time my library contained several hundreds of volumes of the best Judeo-German (Yiddish) literature, which had been brought together by dint of continued attention and, frequently, by mere chance, for the transitoriness of its works, the absence of any and all bibliographies, the almost absolute absence of a guide into its literature, and the whimsicalness of its book trade made a systematic selection of such a library a difficult problem to solve. Not satisfied with the meagre details which could be gleaned from internal testimonies in the works of the Judeo-German writers, I resolved to visit the Slavic countries for the sake of gathering data, both literary and biographical, from which anything like a trustworthy history of its literature could be constructed.

Talk Me Down Victoria Dahl.2015-11-16 "A fun, feisty and relentlessly sexy adventure . . . a winning tale full of endearing oddballs, light mystery and plenty of innuendo and passion."

—Publishers Weekly Molly Jennings has one naughty little secret: her job as a bestselling erotic fiction author. Until her inspiration runs dry—thanks to a creepy ex—and it's time to skip town and move back to tiny Tumble Creek, Colorado. One look at former high school hunk chief of police Ben Lawson and Molly is back in business. The town gossip is buzzing at her door and, worse still, a stalker seems to be watching her every move. Thankfully, her very own lawman has taken to coming over, often. The only problem now is that Molly may have to let the cat out of the bag about her chosen profession, and straitlaced Ben will definitely not approve . . . Free, Fair, and Alive David Bollier,Silke Helfrich.2019-09-03 The power of the commons as a free, fair system of provisioning and governance beyond capitalism, socialism, and other -isms. From co-housing and agroecology to fisheries and open-source everything, people around the world are increasingly turning to 'commoning' to emancipate themselves from a predatory market-state system. Free, Fair, and Alive presents a foundational re-thinking of the commons — the self-organized social system that humans have used for millennia to meet their needs. It offers a compelling vision of a future beyond the dead-end binary of capitalism versus socialism that has almost brought the world to its knees. Written by two leading commons activists of our time, this guide is a penetrating cultural critique, table-pounding political treatise, and practical playbook. Highly readable and full of colorful stories, coverage includes: Internal dynamics of commoning How the commons worldview opens up new possibilities for change Role of language in reorienting our perceptions and political strategies Seeing the potential of commoning everywhere. Free, Fair, and Alive provides a fresh, non-academic synthesis of contemporary commons written for a popular,

activist-minded audience. It presents a compelling narrative: that we can be free and creative people, govern ourselves through fair and accountable institutions, and experience the aliveness of authentic human presence.

Old Testament Wisdom James L. Crenshaw.1998-01-01 When *Old Testament Wisdom* appeared in 1981, new perspectives on biblical theology, an increasing awareness of ancient Near Eastern texts resembling biblical wisdom, and an emerging interest in ethnic proverbs were mere intimations of what was to become a dramatic outpouring of scholarship on wisdom literature. In this expanded edition, James Crenshaw takes stock of the wealth of new material produced by contemporary interpreters. Liberation and feminists critics, scholars in comparative religion, specialists in devotional theology, and researchers exploring educational systems in the ancient Near East all have enriched our understanding of wisdom literature in recent years, and all receive insightful treatment in this new volume. Now as before, Crenshaw's *Old Testament Wisdom* is an invaluable asset for anyone wishing to understand the rich and complex legacy of wisdom literature.

Grey E L James.2015-06-30 E L James revisits the world of *Fifty Shades* with a deeper and darker take on the love story that has enthralled millions of readers around the globe. Look for E L James' passionate new love story, *The Mister*, available now. Christian Grey exercises control in all things; his world is neat, disciplined, and utterly empty—until the day that Anastasia Steele falls into his office, in a tangle of shapely limbs and tumbling brown hair. He tries to forget her, but instead is swept up in a storm of emotion he cannot comprehend and cannot resist. Unlike any woman he has known before, shy, unworldly Ana seems to see right through him—past the business prodigy and the penthouse lifestyle to Christian's cold, wounded heart. Will being with Ana dispel the horrors of his childhood that haunt Christian every night? Or will his dark sexual desires, his compulsion to control, and the self-loathing that fills his soul drive this girl away and destroy the fragile hope she offers him? This book is intended for mature audiences.

Jakob von Gunten Robert Walser.2014-03-05 The Swiss writer Robert Walser is one of the quiet geniuses of twentieth-century literature. Largely self-taught and altogether indifferent to worldly success, Walser wrote a range of short stories, essays, as well as four novels, of which *Jakob von Gunten* is widely recognized as the finest. The book is a young man's inquisitive and irreverent account of life in what turns out to be the most uncanny of schools. It is the work of an outsider artist, a writer of uncompromising originality and disconcerting humor, whose beautiful sentences have the simplicity and strangeness of a painting by Henri Rousseau.

Autonomous Driving Markus Maurer,J. Christian Gerdes,Barbara Lenz,Hermann

Winner.2016-05-21 This book takes a look at fully automated, autonomous vehicles and discusses many open questions: How can autonomous vehicles be integrated into the current transportation system with diverse users and human drivers? Where do automated vehicles fall under current legal frameworks? What risks are associated with automation and how will society respond to these risks? How will the marketplace react to automated vehicles and what changes may be necessary for companies? Experts from Germany and the United States define key societal, engineering, and mobility issues related to the automation of vehicles. They discuss the decisions programmers of automated vehicles must make to enable vehicles to perceive their environment, interact with other road users, and choose actions that may have ethical consequences. The authors further identify expectations and concerns that will form the basis for individual and societal acceptance of autonomous driving. While the safety benefits of such vehicles are tremendous, the authors demonstrate that these benefits will only be achieved if vehicles have an appropriate safety concept at the heart of their design. Realizing the potential of automated vehicles to reorganize traffic and transform mobility of people and goods requires similar care in the design of vehicles and networks. By covering all of these topics, the book aims to provide a current, comprehensive, and scientifically sound treatment of the emerging field of "autonomous driving."

Die digitale Schulleitung und das papierlose Büro Carsten Arntz,Stephan Kämper.2021-10-29

Deutschlands Schulen werden digital. Während alle Blicke auf die Digitalisierung des Unterrichts und das digitale Lernen fokussiert sind, wird ein wesentlicher Aspekt in diesem Transformationsprozess völlig außer Acht gelassen: die Digitalisierung der Schulleitungen und das Management des Organisations- und Verwaltungsapparates. Und während sich die Publikationen zur digitalen Schule, zur Professionalisierung der Lehrkräfte, der Schülerschaft und des Unterrichts regelrecht überschlagen, so gibt es so gut wie keine Hilfe für die Leitungsebene im Schulgeschäft. Gerade diese Personen sind die wichtigen Impulsgeber, Motivatoren und Entscheidungsträger in diesem schulischen Entwicklungsprozess und werden das Bildungswesen der Zukunft in Deutschland fundamental prägen. Daher sind Carsten Arntz und Stephan Kämper auf einer bildungsfördernden Mission. Sie möchten Deutschlands Schulleitungen mit ihren Expertisen im digitalen Bereich, mit ihren langjährigen Erfahrungen im Selbstmanagement und mit tagtäglich gelebten und erlebten Praxisbeispielen tatkräftig dabei unterstützen, den digitalen Wandel erfolgreich zu meistern. Die vorgestellten Strategien und Praxisbeispiele sind dabei nicht nur für das digitale Management von Schulleitungen und deren Schulverwaltung interessant, sondern können adäquat von allen Interessenten angewendet werden, die sich auf den Weg zur Digitalisierung und / oder zum papierlosen Büro machen.
