Beyond Bach Andrew Talle.2017-04-07 Reverence for J. S. Bach's music and its towering presence in our cultural memory have long affected how people hear his works. In his own time, however, Bach stood as just another figure among a number of composers, many of them more popular with the music-loving public. Eschewing the great composer style of music history, Andrew Talle takes us on a journey that looks at how ordinary people made music in Bach's Germany. Talle focuses in particular on the culture of keyboard playing as lived in public and private. As he ranges through a wealth of documents, instruments, diaries, account ledgers, and works of art, Talle brings a fascinating cast of characters to life. These individuals--amateur and professional performers, patrons, instrument builders, and listeners--inhabited a lost world, and Talle's deft expertise teases out the diverse roles music played in their lives and in their relationships with one another. At the same time, his nuanced recreation of keyboard playing's social milieu illuminates the era's reception of Bach's immortal works.

The Relationship Journey Wieland Stolzenburg.2018-09-07 How to find the solution for fulfilling relationships within yourself. The solution lies within yourself!: This practice-oriented guide, written by Wieland Stolzenburg, explains why the solution for conflicts and challenges in relationships lies within ourselves. Unless we stop searching for the cause and solution within our partner, we won't be living the relationship we desire. Straight from the practice of a relationship psychologist The author uses examples from his practice for relationship counselling and couple's therapy to illustrate that these changes are possible - practice-oriented, solution-oriented and understandable. He also communicates psychological background knowledge, offers impulses, asks questions and enables the reader to find solutions on their own and with easily implementable exercises. A book for couples and singles This relationship guide is aimed at everyone who wishes to understand themselves and their relationship pattern better and to contribute to changes by accepting responsibility. With the goal to re-design relationships to be happier, more fulfilled and harmonic. A book written by Wieland Stolzenburg, www.wielandstolzenburg.com
