Blood Runs Coal: The Yablonski Murders and the Battle for the United Mine Workers of America Mark A. Bradley.2020-10-13 A vivid account of “one of the most shocking episodes in organized labor’s blood-soaked history” (Steve Halvonik, Pittsburgh Post-Gazette). In the early hours of New Year’s Eve 1969, in the small soft coal mining borough of Clarksville, Pennsylvania, longtime trade union insider Joseph “Jock” Yablonski and his wife and daughter were brutally murdered in their old stone farmhouse. Behind the assassination was the corrupt president of the United Mine Workers of America (UMWA), Tony Boyle, who had long embezzled UMWA funds, silenced intra-union dissent, and served the interests of Big Coal companies—and would do anything to maintain power. The most infamous crimes in the history of American labor unions, the Yablonski murders catalyzed the first successful rank-and-file takeover of a major labor union in modern US history. *Blood Runs Coal* is an extraordinary portrait of one of the nation’s major unions on the brink of historical change.

Goodbye Wives and Daughters Susan K. Resnick.2010-03-01 One morning in 1943, close to eighty men descended into the Smith coal mine in Bearcreek, Montana. Only three came out alive. *Goodbye wives and daughters* . . . wrote two of the miners as they died. The story of that tragic day and its aftermath unfolds in this book through the eyes of those wives and daughters—women who lost their husbands, fathers, and sons, livelihoods, neighbors, and homes, yet managed to fight back and persevere.

They Say in Harlan County Alessandro Portelli.2010-11-04 Made famous in the 1976 documentary *Harlan County USA*, this pocket of Appalachian coal country has been home to generations of miners—and to some of the most bitter labor battles of the 20th century. It has also produced a rich tradition of protest songs and a wealth of fascinating culture and custom that has remained largely undiscovered by outsiders, until now. *They Say in Harlan County* is not a book about coal miners so much as a dialogue in which more than 150 Harlan County women and men tell the story of their region, from pioneer times through the dramatic strikes of the 1930s and '70s, up to the present. Alessandro Portelli draws on 25 years of original

interviews to take readers into the mines and inside the lives of those who work, suffer, and often die in them--from black lung, falling rock, suffocation, or simply from work that can be literally backbreaking. The book is structured as a vivid montage of all these voices--stoic, outraged, grief-stricken, defiant--skillfully interwoven with documents from archives, newspapers, literary works, and the author's own participating and critical voice. Portelli uncovers the whole history and memory of the United States in this one symbolic place, through settlement, civil war, slavery, industrialization, immigration, labor conflict, technological change, migration, strip mining, environmental and social crises, and resistance. And as hot-button issues like mountain-top removal and the use of clean coal continue to hit the news, the history of Harlan County--especially as seen through the eyes of those who lived it--is becoming increasingly important. With rare emotional immediacy, gripping narratives, and unforgettable characters, *They Say in Harlan County* tells the real story of a culture, the resilience of its people, and the human costs of coal mining.

America profonda Alessandro Portelli. 2012-10-08T00:00:00+02:00 Una contro storia degli Stati Uniti, dalla frontiera a oggi, attraverso un solo, simbolico luogo: Harlan County, Kentucky, al centro della regione mineraria dei monti Appalachi. Da Harlan la storia degli Stati Uniti è passata tutta quanta: i reduci della guerra d'indipendenza, i pionieri, la frontiera, la schiavitù, la guerra civile, le faide e il whisky clandestino, l'industrializzazione e la deindustrializzazione, la distruzione delle antiche foreste, il colonialismo interno di un capitalismo senza scrupoli, le più violente e memorabili lotte sindacali dal 1917 alla fine degli anni ottanta, l'immigrazione (anche italiana) e l'emigrazione, il movimento per i diritti civili, i disastri ambientali delle miniere a cielo aperto, l'epidemia della droga - tutto sulle spalle e sulla forza di resistenza della sua gente. Harlan è dunque un luogo intensamente reale, ma anche intensamente immaginato: c'è Harlan nei libri di Theodore Dreiser e John Dos Passos, nei film di Robert Mitchum e Barbara Kopple, nelle canzoni di Pete Seeger e Woody Guthrie, persino nei fumetti di Al Capp. Ed è un luogo di straordinaria creatività narrativa, musicale, linguistica, e di ostinata memoria. Una contro storia raccontata da Alessandro Portelli secondo la pratica della storia orale, come un montaggio di voci che ci accompagnano nel profondo delle miniere, nelle vite di chi nelle miniere lavora, vive e muore, e nelle vite delle donne che tengono in piedi le famiglie e le comunità. Raccolte in trent'anni di ricerca sul campo e intrecciate con fonti archivistiche, letterarie, giornalistiche, queste sono le voci di un'America profonda e dolorosamente reale, l'America di carbone e di sangue da cui viene l'energia che accende le luci di Hollywood e di Broadway.

came to Virginia before 1750, settling on the sparsely populated frontier west of the Blue Ridge Mountains. Their Virginia years were defined by the French and Indian War (1755-1763) and their close association with young George Washington. By 1757, their children had begun to explore more westerly lands, where they ultimately resettled with their families in what is now Washington County, Pennsylvania. Henry Jr., David, and Enoch were among the first over the mountain men, settling west of the Allegheny Mountains by 1767. Their Pennsylvania years were defined by the Revolutionary War (1775-1783) and the Indian Wars (1786-1795). By the turn of the century, the Enochs began looking west again, this time to the more promising lands of Ohio.

Murder in the Stacks David Dekok.2014-09-02 On Nov. 28, 1969, Betsy Aardsma, a 22-year-old graduate student in English at Penn State, was stabbed to death in the stacks of Pattee Library at the university's main campus in State College. For more than forty years, her murder went unsolved, though detectives with the Pennsylvania State Police and local citizens worked tirelessly to find her killer. The mystery was eventually solved—after the death of the murderer. This book will reveal the story behind what has been a scary mystery for generations of Penn State students and explain why the Pennsylvania State Police failed to bring her killer to justice. More than a simple true crime story, the book weaves together the events, culture, and attitudes of the late 1960s, memorializing Betsy Aardsma and her time and place in history.

Toward the end of 1931, the black dust was settling in the Harlan County, Kentucky, coal fields after one of the most bitterly fought labor struggles in our nation's history. The miners were beaten, their rank-and-file organization crushed. The epithet Bloody Harlan survived the day and remained a symbol for that battle and those that periodically erupted for the next half century. But the proper legacy of the Harlan wars, as the veteran Hobart Grills tells us, is not the chaotic violence but the spirit of steady resistance that smolders until the changing times fan the sparks into a new flame. During the long Depression era, the winds of change blew all across the South — from the coal fields of Appalachia to the tenant farms of Arkansas, from the cotton mills of Gastonia to the automobile factories of Atlanta. It was a period rich in the South's peculiar blend of semi-organized rebellion, individual courage, and rank-and-file militancy; but its lessons were omitted from the history books. To rectify that insult, Southern Exposure published a special book-length issue on the Depression, based largely on the oral testimonies of those who were the sparks for that era's struggles. Entitled No More Moanin', the collection — now near the end of its second printing — has been a popular source book in union halls, university classrooms, and informal study groups.
