His 'Daily Exercises' take up the most important aspects of the cello technique, such as exercises in neck and thumb positions, double stops and bowing exercises. It is particularly because of the logical structure of the exercises that they have been among the standard works of violoncello study literature since their publication in 1919.

In this way, students gain a thorough knowledge of how to find the hand positions and, once there, which notes are possible to play. Using these pieces (with names like *I Was a Teenage Monster*, *The Irish Tenor*, and *I've Got the Blues, Baby*), position study on the cello has never been so much fun!
