Front Desk Kelly Yang.2018-08-01 An empowering story of empathy, courage, and hope, based on the author's real-life experience immigrating to the US as a child and working at the front desk of the motel where her parents work. Ten year-old Mia Tang moved to the US for a better life, a freer life, but so far, it's a life where she runs the front desk of a motel while her parents clean rooms. And she's not even allowed to use the swimming pool. Based on author Kelly Yang's real-life experience immigrating to America from China and running a motel with her parents, this novel explores how one little girl overcomes language barriers, discrimination, and her own lack of confidence to find her voice - and use it to make a difference. This is a sensitive story of tolerance and diversity that will resonate with readers of all cultures who have experienced the challenges of feeling like an outsider.

Black Identities Mary C. WATERS.2009-06-30 The story of West Indian immigrants to the United States is generally considered to be a great success. Mary Waters, however, tells a very different story. She finds that the values that gain first-generation immigrants initial success--a willingness to work hard, a lack of attention to racism, a desire for education, an incentive to save--are undermined by the realities of life and race relations in the United States. Contrary to long-held beliefs, Waters finds, those who resist Americanization are most likely to succeed economically, especially in the second generation.

The Arrival Shaun Tan.2014 What drives so many to leave everything behind and journey alone to a mysterious country, a place without family or friends, where everything is nameless and the future is unknown. This silent graphic novel is the story of every migrant, every refugee, every displaced person, and a tribute to all those who have made the journey.

Albion's Seed David Hackett Fischer.1991-03-14 This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been British in its cultural origins. While most people in the United States today have no British ancestors, they have assimilated regional cultures which were created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are Albion's Seed, no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.

Spanish-language Newspapers in New Mexico, 1834-1958 Anthony Gabriel Meléndez.2005-01-01 For more than a century, Mexican American journalists used their presses to voice socio-historical concerns and to represent themselves as a determinant group of communities in Nuevo México, a particularly resilient corner of the Chicano homeland. This book draws on exhaustive archival research to review the history of newspapers in these communities from the arrival of the first press in the region to publication of the last edition of Santa Fe's El Nuevo Mexicano. Gabriel Meléndez details the education and formation of a generation of Spanish-language journalists who were instrumental in creating a culture of print in nativo communities. He then offers in-depth cultural and literary analyses of the texts produced by los periodiqueros, establishing them thematically as precursors of the Chicano literary and political movements of the 1960s and 70s. Moving beyond a simple effort to reinscribe Nuevomexicanos into history, Meléndez views these newspapers as cultural productions and the work of the editors as an organized movement against cultural erasure amid the massive influx of easterners to the Southwest. Readers will find a wealth of information in this book. But more important, they will come away with the sense that the survival of Nuevomexicanos as a culturally and politically viable group is owed to the labor of this brilliant generation of newspapermen who also were statesmen, scholars, and creative writers.

Framed by War Susie Woo.2019-11-19 An intimate portrait of the postwar lives of Korean children and women Korean children and women are the forgotten population of a forgotten war. Yet during and after the Korean War, they were central to the projection of US military, cultural, and political dominance. Framed by War examines how the Korean orphan, GI baby, adoptee, birth mother, prostitute, and bride emerged at the heart of empire. Strained embodiments of war, they brought Americans into Korea and Koreans into America in ways that defined, and at times defied, US empire in the Pacific. What unfolded in Korea set the stage for US postwar power in the second half of the twentieth century and into the twenty-first. American destruction and humanitarianism, violence and care played out upon the bodies of Korean children and women. Framed by War traces the arc of intimate relations that served as these foundations. To suture a fragmented past, Susie Woo looks to US and South Korean government documents and military correspondence; US aid organization records; Korean orphanage registers; US and South Korean newspapers and magazines; and photographs, interviews, films, and performances. Integrating history with visual and cultural analysis, Woo chronicles how Americans went from knowing very little about Koreans to making them family, and how Korean children and women who did not choose war found ways to navigate its aftermath in South Korea, the United States, and spaces in between.

College Shortcuts: the Shortcut to Getting Accepted Into Your Dream College Neha Gupta. 2018-07-20 College Shortcuts is aimed to help bring the consciousness back to college admissions. All day, I hear about competitiveness, stress, anxiety, and frustration and yelling in homes around the world over this. And, frankly, I disagree with this method. What if you could get in consciously.... Knowing the universe has your back? What if you surrendered a bit and knew that the world is here to support you, and that having a team can help you and your family get through this in a relaxed and strategic way? In this book, I am going to literally walk you through exactly how to help your child from building a college list, all the way to submitting applications. Just a quick disclaimer, this book is NOT guaranteed to get you into a top college. The truth is that the level of success for children is highly related to their own work, and while I have been an incredible coach and mentor to help mold and shape children's lives around the world, I will tell you that the relationship I have with students is highly dependent on the child itself. This book is written for both adults and teenagers - but I typically write in a style that is directed towards the teenager - so please keep this in mind if you are a parent. Many parents read this book - and I want you to read it first and hand it over to your teenager afterwards. I know that getting into college is a family decision and a very important one - and I take this very seriously.

Crying in H Mart Michelle Zauner. 2021-04-20 #1 NEW YORK TIMES BESTSELLER • From the indie rock sensation known as Japanese Breakfast, an unforgettable memoir about family, food, grief, love, and growing up Korean American—"in losing her mother and cooking to bring her back to life, Zauner became herself" (NPR). • CELEBRATING OVER ONE YEAR ON THE NEW YORK TIMES BESTSELLER LIST In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humor and heart, she tells of growing up one of the few Asian American kids at her school in Eugene, Oregon; of struggling with her mother's particular, high expectations of her; of a painful adolescence; of treasured months spent in her grandmother's tiny apartment in Seoul, where she and her mother would bond, late at night, over heaping plates of food. As she grew up, moving to the East Coast for college, finding work in the restaurant industry, and performing gigs with her fledgling band--and meeting the man who would become her husband--her Koreanness began to feel ever more distant, even as she found the life she wanted to live. It was her mother's diagnosis of terminal cancer, when Michelle was twenty-five, that forced a reckoning with her identity and brought her to reclaim the gifts of taste, language, and history her mother had given her. Vivacious and plainspoken, lyrical and honest, Zauner's voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely, and complete with family photos, *Crying in H Mart* is a book to cherish, share, and reread.

Social Work with Immigrants and Refugees Elaine P. Congress, DSW, Mr. Fernando Chang-Muy, JD. 2008-10-27 This book is an optimal tool for instructors and students of graduate classes in social work and related disciplines. --Journal of Immigrant and Minority Health I applaud social work students, professors, and social workers who seek to serve and empower the immigrant community. This text is a great tool toward raising awareness of the many issues immigrants face, and helping them find solutions. --Frank Sharry, Executive Director, America's Voice The book is a major contribution to social workers and their clients as it addresses advocacy on behalf of immigrants and refugees during a social, economic and political period that restricts immigrants' rights and service access. --Dr. Diane Drachman, Associate Professor, University of Connecticut School of Social Work Successful social work with immigrants must begin with an understanding of their legal status and how that status impacts their housing, employment, health care, education, and virtually every other aspect of life. Chang-Muy and Congress present social workers with the only book on the market to emphasize the legal aspect of immigrant issues as well as critical practice and advocacy issues. Topics discussed include historical and current trends in immigration, applicable theories for practice with immigrants, policy and advocacy methods, and the need for cultural competence. By providing comprehensive coverage of both the legal and practice issues of this complex field, this book will help social service professionals and graduate students increase their cultural sensitivity and work more effectively with immigrants. Key Features: Covers the latest aspects of the immigration debate and discusses how social workers are affected by emerging immigration policies Discusses special populations such as refugees, elderly immigrants, and victims of international trafficking Includes case studies on the most critical issues immigrants face today: legal processes, physical and mental health issues, employment difficulties, family conflicts, and more Instructional Materials Available! Chinese Student Migration and Selective Citizenship Lisong Liu. 2015-08-20 Since China began its open-door and reform policies in 1978, more than three million Chinese students have migrated to study abroad, and the United States has been their top destination. The recent surge of students following this pattern, along with the rising tide of Chinese middle- and upper-classes' emigration out of China, have aroused wide public and scholarly attention in both China and the US. This book examines the four waves of Chinese student migration to the US since the late 1970s, showing how they were shaped by the profound changes in both nations and by US-China relations. It discusses how student migrants with high socioeconomic status transformed Chinese American communities and challenged American immigration laws and race relations. The book suggests that the rise of China has not negated the deeply rooted American dream that has been constantly reinvented in contemporary China. It also addresses the theme of selective citizenship - a way in which migrants seek to claim their autonomy - proposing that this notion captures the selective nature on both ends of the negotiations between nation-states and migrants. It cautions against a universal or idealized dual citizenship model, which has often been celebrated as a reflection of eroding national boundaries under globalization. This book draws on a wide variety of sources in Chinese and English, as well as extensive fieldwork in both China and the US, and its historical perspective sheds new light on contemporary Chinese student migration and post-1965 Chinese American community. Bridging the gap between Asian and Asian American studies, the book also integrates the studies of migration, education, and international relations. Therefore, it will be of interest to students of these fields, as well as Chinese history and Asian American history more generally.

Earning Freedom Michael G Santos. 2021-08-26 Michael Santos helps audiences understand how to overcome the struggle of a lengthy prison term. Readers get to experience the mindset of a 23-year-old young man that goes into prison at the start of America's War on Drugs. They see how decisions that Santos made at different stages in the journey opened opportunities for a life of growth, fulfillment, and meaning. Santos tells

the story in three sections: Veni, Vidi, Vici. In the first section of the book, we see the challenges of the arrest, the reflections while in jail, the criminal trial, and the imposition of a 45-year prison term. In the second section of the book, we learn how Santos opened opportunities to grow. By writing letters to universities, he found his way into a college program. After earning an undergraduate degree, he pursued a master's degree. After earning a master's degree, he began work toward a doctorate degree. When authorities blocked his pathway to complete his formal education, Santos shifted his energy to publishing and creating business opportunities from inside of prison boundaries. In the final section, we learn how Santos relied upon critical-thinking skills to position himself for a successful journey inside. He nurtured a relationship with Carole and married her inside of a prison visiting room. Then, he began building businesses that would allow him to return to society strong, with his dignity intact. Through *Earning Freedom!* readers learn how to overcome struggles and challenges. At any time, we can recalibrate, we can begin working toward a better life. Santos served 9,135 days in prison, and another 365 days in a halfway house before concluding 26 years as a federal prisoner. Through his various websites, he continues to document how the decisions he made in prison put him on a pathway to succeed upon release. Geographies of Migration Richard Wright.2018-02-02 Migration is an enormously broad topic of academic enquiry engaging researchers from many different social science disciplines. A wide variety of contributors from across the globe capture some of the methodological and conceptual range of migration research in the discipline of Geography today. This volume covers a large area geographically and in the expanse of subject areas involved: eighteen chapters investigate migration from, to, or within at least fifteen countries, with several sections spanning multiple places and scales. Many chapters are deeply concerned with vulnerable populations, which is not only a characteristic of much immigration scholarship but also one that connects with other areas of geography. The study of geographical assertions of sovereign power via the discourses of disorder, chaos, and crisis, shows that in these transnational times, national power is being violently reasserted, on, within, and beyond international borders. Other important topics covered include migration and climate change, illegality, security, government policy, labor, family, and sexual orientation. This book was previously published as a special issue of *Annals of the Association of American Geographers*.

Immigration Matters Ruth Milkman,Deepak Bhargava,Penny Lewis.2021-04-27 A provocative, strategic plan for a humane immigration system from the nation's leading immigration scholars and activists During the past decade, right-wing nativists have stoked popular hostility to the nation's foreign-born population, forcing the immigrant rights movement into a defensive posture. In the Trump years, preoccupied with crisis upon crisis, advocates had few opportunities to consider questions of long-term policy or future strategy. Now is the time for a reset. *Immigration Matters* offers a new, actionable vision for immigration policy. It brings together key movement leaders and academics to share cutting-edge approaches to the urgent issues facing the immigrant community, along with fresh solutions to vexing questions of so-called "future flows" that have bedeviled policy makers for decades. The book also explores the contributions of immigrants to the nation's identity, its economy, and progressive movements for social change. *Immigration Matters* delves into a variety of topics including new ways to frame immigration issues, fresh thinking on key aspects of policy, challenges of integration, workers' rights, family reunification, legalization, paths to citizenship, and humane enforcement. The perfect handbook for immigration activists, scholars, policy makers, and anyone who cares about one of the most contentious issues of our age, *Immigration Matters* makes accessible an immigration policy that both remediates the harm done to immigrant workers and communities under Trump and advances a bold new vision for the future.

Dreaming in Cuban Cristina García.2011-06-08 "Impressive . . . [Cristina García's] story is about three generations of Cuban women and their separate responses to the revolution. Her special feat is to tell it in a style as warm and gentle as the 'sustaining aromas of vanilla and almond,' as rhythmic as the music of Beny Moré."—Time Cristina García's acclaimed book is the haunting, bittersweet story of a family experiencing a

country's revolution and the revelations that follow. The lives of Celia del Pino and her husband, daughters, and grandchildren mirror the magical realism of Cuba itself, a landscape of beauty and poverty, idealism and corruption. Dreaming in Cuban is "a work that possesses both the intimacy of a Chekov story and the hallucinatory magic of a novel by Gabriel García Márquez" (The New York Times). In celebration of the twenty-fifth anniversary of the novel's original publication, this edition features a new introduction by the author. Praise for Dreaming in Cuban "Remarkable . . . an intricate weaving of dramatic events with the supernatural and the cosmic . . . evocative and lush."—San Francisco Chronicle "Captures the pain, the distance, the frustrations and the dreams of these family dramas with a vivid, poetic prose."—The Washington Post "Brilliant . . . With tremendous skill, passion and humor, García just may have written the definitive story of Cuban exiles and some of those they left behind."—The Denver Post

Beyond Being Koelies and Kantráki Margriet Fokken. 2018 This book traces the self-positioning of Hindostani people in the face of British and Dutch colonial practices. Originally from India and shipped to the Dutch colony of Suriname after the abolition of slavery, the Hindostani served as contract labourers to keep the plantation system afloat from 1873. Central to the book is the perspective of the Hindostani themselves. We travel alongside the Hindostani from the moment they were recruited and their movement through the depots awaiting shipment, their travel experiences, their arrival in Suriname, relocation to plantations, and their dispersal following the end of their contracts, either as city workers, or farmers. All along, the book poses the question of identification: how did Hindostani make sense of themselves, their fellow Hindostani, and Surinamese society? Stereotyped images make way for insight in lived experience of lower and higher caste, Hindus and Muslims, men and women.
