Beethoven Symphonies #1-5 Arranged for Solo Piano by

Franz Liszt Franz Liszt,Ludwig Van Beethoven,Samwise

Publishing.2014-06-23 Beethoven's Symphonies Numbers One

Through Five, arranged for solo piano by Franz Liszt. The name

of Beethoven is sacred in art. His symphonies are at present universally acknowledged to be master-pieces; whoever seriously

wishes to extend his knowledge or to produce new works can

never devote too much reflection and study upon them. For this

reason every way or manner of making them accessible and

popular has a certain merit, nor are the rather numerous

arrangements published so far without relative merit, though, for

the most part, they seem to be of but little intrinsic value for

deeper research. The poorest lithograph, the most faulty

translation always gives an idea, indefinite though it be, of the

genius of Michel Angelo, of Shakespeare, in the most incomplete

piano-arrangement we recognize here and there the perhaps half

effaced traces of the master's inspiration. By the development in

technique and mechanism which the piano has gained of late, it is

possible now to attain more and better results than have been

attained so far. With the immense development of its harmonic power the piano seeks to appropriate more and more all orchestral compositions. In the compass of its seven octaves it can, with but a few exceptions, reproduce all traits, all combinations, all figuration's of the most learned, of the deepest tone-creations, and leaves to the orchestra no other advantages, than those of the variety of tone-colors and massive effects -- immense advantages, to be sure. Such has been my aim in the work I have undertaken and now lay before the musical world. I confess that I should have to consider it a rather useless employment of my time, if I had but added one more to the numerous hitherto published piano-arrangements, following in their rut; but I consider my time well employed if I have succeeded in transferring to the piano not only the grand outlines of Beethoven's compositions but also all those numerous fine details, and smaller traits that so powerfully contribute to the completion of the ensemble. My aim has been attained if I stand on the level with the intelligent engraver, the conscientious translator, who comprehend the spirit of a work and thus contribute to the knowledge of the great masters and to the formation of the sense for the beautiful. Rome, 1865.F. Liszt. (English translation by C. E. R. Mueller.)
