City of Last Chances Adrian Tchaikovsky. 2024-05-28 Ilmar is a city under occupation and on the verge of revolution. A city about to go to war not only against its oppressors, but also against itself. Ideological zealots collide with criminal fraternities, an infernal industrial revolution with an ancient curse and, when the moon is full, a portal to strange and distant shores.

Orson Welles Peter Conrad. 2005-01-01 A fresh, provocative look at one of the most enigmatic figures in the history of film by one of our most acute cultural critics (Paul Fussell) Orson Welles was a metamorphic man, a magical shape-changer who made up myths about himself and permitted others to add to their store. On different occasions, he likened himself to Christ--mankind's redeemer--and to Lucifer--the rebel angel who brought about the fall. His persona compounded the roles he played--kings, despots, generals, captains of industry, autocratic film directors--and the more or less fictitious exploits with which he regaled other people or which they attributed to him. Hailed in childhood as a genius, he remained mystified by his own promise, unable to understand or control an intellect that he came to think of as a curse; and he ended his days shilling wine and

performing magic tricks on talk shows. At times, he saw the collapse of his early ambitions as a tragedy; in other moods, he viewed his life as a humbling comedy, and settled down--like another favorite character, Shakespeare's Falstaff --to eat, drink and be irresponsibly merry. Rather than producing another conventional biography of Welles, Peter Conrad has set out to investigate the stories Welles told about his life--the myths and secret histories hidden in films both made and unmade, in the books Welles wrote and those he read. The result takes us deep into Welles' imagination, showing how he created, then ultimately destroyed himself.

Letters Nursi. 2008-11-01 Written by a celebrated Islamic scholar to his students in Turkey after his political exile in 1925, these letters follow the long-established traditions of correspondence between spiritual masters and their students in remote lands. Both expressions of friendship and long-distance tutorials on points of scholarly debate, most of the letters are answers to questions about theology and hold forth on such matters as the nature of hell, the suffering of innocents, the miracles of Prophet Muhammad, and the divine purpose of the universe.

Muhammad Martin Lings.1991 Acclaimed worldwide as the definitive biography of the Prophet Muhammad in the English language, Martin Lings' Muhammad: His Life Based to the Earliest Sources is unlike any other. Based on Arabic sources of the eighth and ninth centuries, of which some important passages are translated here for the first time, it owes the freshness and directness of its approach to the words of men and women who heard Muhammad speak and witnessed the events of his life. Martin Lings has an unusual gift for narrative. He has adopted a style which is at once extremely readable and reflects both the simplicity and grandeur of the story. The result is a book which will be read with equal enjoyment by those already familiar with Muhammad's life and those coming to it for the first time. Muhammad: His Life Based to the Earliest Sources was given an award by the government of Pakistan, and selected as the best biography of the Prophet in English at the National Seerat Conference in Islamabad in 1983.

Light of the Heart Muzaffer Ozak.2001-11-29 Light of the Heart (Anwar al-Qulub) is the companion volume to the modern Sufi classic Irshad. Finally, this long-awaited translation is available in English. Within its pages the accomplished spiritual guide, Sheikh Muzaffer Ozak, explores and illumines the mystical dimension of the great world religion of Islam. Over the centuries Sufi teachers have used many literary forms to convey Sufism's mystical heart. Like Irshad, Light of the Heart is written in the time-honored form of Sufi discourses. Sheikh Muzaffer Ozak seamlessly interweaves spiritual disquisition with personal anecdotes, traditional teaching stories, poetry and interpretations of passages from the Koran and the Hadith. Light of the Heart encompasses the universal themes of faith, repentance, gratitude, forgiveness, remembrance, worship and love. It is essentially an invitation to all humanity to the mystic path of Divine Love. Spiritual seekers from every religious tradition can find sustenance in the wisdom of Sheikh Muzaffer. As he says, When the flames of divine love appear in the heart, when heart and body are directed toward the Truth Most High, that is the beginning of all felicity.

The Divine Lawmaker John Foster.2004-01-15 John Foster presents a clear and powerful discussion of a range of topics relating to our understanding of the universe: induction, laws of nature, and the existence of God. He begins by developing a solution to the problem of induction - a solution whose key idea is that the regularities in the workings of nature that have held in our experience hitherto are to be explained by appeal to the controlling influence of laws, as forms of natural necessity. His second line of argument focuses on the issue of what we should take such necessitational laws to be, and whether we can even make sense of them at all. Having considered and rejected various alternatives, Foster puts forward his own proposal: the obtaining of a law consists in the causal imposing of a regularity on the universe as a regularity. With this causal account of laws in place, he is now equipped to offer an argument for theism. His claim is that natural regularities call for explanation, and that, whatever explanatory role we may initially assign to laws, the only plausible ultimate explanation is in terms of the agency of God. Finally, he argues that, once we accept the existence of God, we need to think of him as creating the universe by a method which imposes regularities on it in the relevant law-yielding way. In this new perspective, the original nomological-explanatory solution to the problem of induction becomes a theological-explanatory solution. *The Divine Lawmaker* is bold and original in its approach, and rich in argument. The issues on which it focuses are among the most important in the whole epistemological and metaphysical spectrum.

Robinson Crusoe Daniel Defoe.2018-08-12 Robinson Crusoe By Daniel Defoe Thus we never see the true state of our condition till it is illustrated to us by its contraries, nor know how to value what we enjoy, but by the want of it. -from Robinson Crusoe Robinson Crusoe, probably one of the most famous books throughout the world, is the first English novel and brought a huge success with it the first time it was published in 1719. Daniel Defoe achieved literary immortality with Robinson Crusoe,

in which he both challenged the social, economic and political aspects of England and created an absence of society, on an island in solitude. The rest is left for Virginia Woolf to say: Thus, Defoe persuades us to see remote islands and the solitude of the human soul. By believing fixedly in the solidity of the plot and its earthiness, he has subdued every other element to his design and has roped a whole universe into harmony. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience

The Girl Before Rena Olsen.2016-08-09 In this powerful psychological suspense debut, when a woman's life is shattered, she is faced with a devastating question: What if everything she thought was normal and good and true...wasn't? Clara Lawson is torn from her life in an instant. Without warning, her home is invaded by armed men, and she finds herself separated from her beloved husband and daughters. The last thing her husband yells to her is to say nothing. In chapters that alternate between past and present, the novel slowly unpeels the layers of Clara's fractured life. We see her growing up, raised with her sisters by the stern Mama and Papa G, becoming a poised and educated young woman, falling desperately in love with the forbidden son of her adoptive parents. We see her now, sequestered in an institution, questioned by men and women who call her a different name—Diana—and who accuse her husband of unspeakable crimes. As recollections of her past collide with new revelations, Clara must question everything she thought she knew, to come to terms with the truth of her history and to summon the strength to navigate her future.

Equal of the Sun Anita Amirrezvani.2012-06-05 Based loosely on the life of Princess Pari Khan Khanoom, *Equal of the Sun* is a riveting story of political intrigue and a moving portrait of the unlikely bond between a princess and a eunuch. Iran in 1576 is a place of wealth and dazzling beauty. But when the Shah dies without having named an heir, the court is thrown into tumult. Princess Pari, the Shah's daughter and protégée, knows more about the inner workings of the state than almost anyone, but her maneuvers to instill order after her father's sudden death incite

resentment and dissent. Pari and her closest adviser, Javaher, a eunuch able to navigate the harem as well as the world beyond the palace walls, possess an incredible tapestry of secrets that explode in a power struggle of epic proportions. Legendary women—from Anne Boleyn to Queen Elizabeth I to Mary, Queen of Scots—changed the course of history in the royal courts of sixteenth-century England. They are celebrated in history books and novels, but few people know of the powerful women in the Muslim world, who formed alliances, served as key advisers to rulers, lobbied for power on behalf of their sons, and ruled in their own right. In *Equal of the Sun*, Anita Amirrezvani's gorgeously crafted tale of power, loyalty, and love in the royal court of Iran, she brings one such woman to life, Princess Pari Khan Khanoom Safavi. Amirrezvani is a master storyteller, and in her lustrous prose this rich and labyrinthine world comes to vivid life with a stunning cast of characters, passionate and brave men and women who defy or embrace their destiny in a Machiavellian game played by those who lust for power and will do anything to attain it.
