Bulgarian Made Easy - Lower Beginner - Part 1 of 2 - Series 1 of 3 Lingo Wave.2019-06-01 We broke our new series on learning Bulgarian down into different learning stages. Start with the "Lower Beginner" books followed by the "Beginner" and "Upper Beginner" books. Next, progress to the "Intermediate" series, then test and reinforce your knowledge with the "Conversations" series. Our experienced educators and speakers possess the linguistic skills to help you understand and speak Bulgarian clearly. We are very proud to have developed a product that truly helps you learn Bulgarian quickly and easily, anytime and anywhere. This audiobook is divided into units. While it provides different learning patterns and accommodates various needs, this audiobook focuses on helping you improve your ability to understand, speak, and memorise Bulgarian. The sample will give you a taste of what you can look forward to. In Unit 1 you will hear Bulgarian decoded with each syllable spoken very slowly and clearly with repetition. Immediately before each sentence is spoken, you will hear the translation, so you will always understand what is being said. Unit 2 focuses solely on increasing your listening ability, which will improve your abilities to engage in dialogue with a native Bulgarian speaker. This chapter requires you to listen very carefully to nuances in the language. By Unit 3 you will already notice progress in your abilities to speak and understand Bulgarian. The spoken translation is followed by two repetitions in Bulgarian at a completely natural speed. While you are learning to process naturally spoken Bulgarian, Units 3 and 4 will help you memorise new vocabulary and full sentences. In Unit 5 you can test yourself on how much you have learned. If you are having difficulties, we suggest you revisit the listening, speaking, or memorisation section of Units 1, 2 3 or 4, according to what you need more help with. We developed our audiobooks to enable you to learn without an eBook. This gives you the opportunity to advance your Bulgarian language skills anywhere whether you're on the go or waiting around. As the audiobook is neatly arranged into many sub-units, it is also very practical for educators to navigate and use in classrooms or any time sensitive learning environment. Please be aware of this when making the purchase. How to use this Bulgarian workbook: This book is ideally used on a daily basis, reviewing a set number of pages in each session. The book is split into sections of 50 vocabularies which allows you to step by step progress through the book. Let's for example say you are currently reviewing vocabularies 101 to 200. Once you know vocabularies 101 to 150 very well, you can start learning vocabularies 201 to 250 and on the next day skip 101-150 and continue reviewing vocabularies 151 to 250. This way, step by step, you will work your way through the book and your language skills will jump with each page you master. Some final thoughts: Like many language hacking methods, this book is quite unconventional in its approach, but for a driven person that uses it correctly it can significantly speed up the learning process. Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work quite well ? and that is what counts in the end.
