Midwifery Practice: Critical Illness, Complications and Emergencies Case Book Maureen Raynor, Jayne Marshall, Karen Jackson.2012-06-16 Given the increasing complexities of co-morbidities in women of childbearing age, this book provides a case study approach to several critical conditions which challenge all health care professionals working in this field. The case study approach will help midwives, doctors, midwifery and medical students to ground their clinical skills training on each specific situation by working through the questions and answer format. Of particular importance is the emphasis on inter-professional team working and the links between theory and practice. Dr. Rita Borg Xuereb, Head of Department of Midwifery, Faculty of Health Sciences, University of Malta, Malta The authors are to be commended as this is the first book of its kind and is well overdue ... The content is excellent, well referenced and covers all of the important issues ... The layout makes the book easy to read and the inclusion of pre-reading, self-assessment of knowledge and case studies engages the reader and stimulates further study into the pathophysiology and management of obstetric emergencies. I particularly liked the chapter on sepsis. Professor Christine Kettle, University Hospital of North Staffordshire & Staffordshire University, UK Part of a case book series, this book contains 14 common pregnancy and childbirth emergency scenarios to help prepare student midwives for life in practice. Each case explores and explains the pathology, pharmacology and care principles, and uses test questions and answers to help assess learning. The practical cases link theory to practice and their grounding in reality will really help bring midwifery to life. The book also: Covers the principles, pathology and skills involved in a range of birthing scenarios Acts as a useful aide memoire when simulating managing care procedures Demonstrates the importance of inter-professional team working in problem-solving Uses tables, diagrams and textboxes throughout, which act as a useful reference point Midwifery Practice is essential reading for student midwives, medical students and paramedics and a valuable resource for health professionals pursuing postgraduate studies in high dependency/ critical care. It is also beneficial to the facilitation of maternity based OSCEs. Contributors: Sam Bharmal, Susan Brydon, Margaret Ramsay, Jane Rutherford, Andrew Sim

The Clumsiest People in Europe Favell Lee Mortimer, Todd Pruzan.2010-07-06 In the middle of the 1800s, Mrs Favell Lee Mortimer set out to write an ambitious guide to all the nations on Earth. There were just three problems: She had never set foot outside Shropshire. She was horribly misinformed about virtually every topic she turned her attention to. And she was prejudiced against foreigners. The result was an unintentionally hilarious masterpiece: 'The French like being smart but are not very clean.' 'The Japanese are very polite people - much politer than the Chinese - but very proud.' 'The Scotch will not take much trouble to please strangers.' In *The Clumsiest People in Europe*, Todd Pruzan has gathered together a selection of Mrs Mortimer's finest moments, celebrating the woman who turned ignorance into an art form.

Black Earth Jens Mühling.2019-10-15 An in-depth exploration of Ukraine through encounters with the many different people who live there. "Will someone pay for the spilled blood? No. Nobody." Mikhail Bulgakov composed this ominous and prophetic phrase in Kiev amid the turmoil of the Russian civil war. Since then, Ukrainian borders have shifted constantly, and its people have suffered numerous military foreign interventions. Ukraine has only existed as an independent state since 1991, and what exactly it was before then is controversial among its people as well as its European neighbors. In *Black Earth: A Journey through the Ukraine*, journalist and celebrated travel writer Jens Mühling takes readers across the country amid the ousting of former president Viktor Yanukovich and the Russian annexation of Crimea. Mühling delves deep into daily life in Ukraine, narrating his encounters with Ukrainian nationalists and old communists, Crimean Tatars and Cossacks, smugglers, and soldiers. *Black Earth* connects all these stories to convey an unconventional and unfiltered view of Ukraine, a country at the crossroads of Europe and Asia and the center of countless conflicts. In this paperback edition, a new preface is included that takes into account recent developments up to the 2022 war between Russia and Ukraine.

The Salt Path Raynor Winn.2020 Just days after Raynor learns that Moth, her husband of 32 years, is terminally ill, their home is taken away and they lose their livelihood. With nothing left and little

time, they make the brave and impulsive decision to walk the 630 miles of the sea-swept South West Coast Path. Carrying only the essentials for survival on their backs, they live wild in the ancient, weathered landscape of cliffs, sea and sky. Yet through every step, every encounter and every test along the way, their walk becomes a remarkable journey. THE SALT PATH is an honest and life-affirming true story of coming to terms with grief and the healing power of the natural world. Ultimately, it is a portrayal of home, and how it can be lost, rebuilt and rediscovered in the most unexpected ways.

Sailing by Starlight Alex Capus.2013-09-10 Capus takes us on an exploratory journey via the loss of a Spanish vessel laden with gold and jewels in the South Seas, the burial of treasure, an ancient map, and a long and dangerous voyage across the Pacific, to prove that Robert Louis Stevenson's treasure island actually exists; and that it exists in a place quite different from where hordes of treasure-hunters have been seeking it for generations. In fact, he posits, it was for this reason alone that Stevenson spent the last five years of his life in Samoa. On a long trip round the Pacific islands with the idea of writing articles for American periodicals, Stevenson, travelling with his beloved wife, Fanny, and stepson Lloyd Osbourne, had no notion of stopping at Samoa when their ship made landfall in December 1889. Yet, only six weeks later, at the age of 39, he would invest all his available assets in a patch of impenetrable jungle and spend the rest of his life there. This book traces what led Stevenson to Samoa and the origins of his famous story. For facing him from this unlikely spot was another island – a conical isle, Tafahi, where legends abound, and it was, Capus suggests, this isle that would cause him to change the course of his life.

I'm Off Then Hape Kerkeling.2009-06-16 I'm Off Then has sold more than three million copies in Germany and has been translated into eleven languages. The number of pilgrims along the Camino has increased by 20 percent since the book was published. Hape Kerkeling's spiritual journey has struck a chord. Overweight, overworked, and disenchanting, Kerkeling was an unlikely candidate to make the arduous pilgrimage across the Pyrenees to the Spanish shrine of St. James, a 1,200-year-old journey undertaken by nearly 100,000 people every year. But he decided to get off the couch and do it anyway. Lonely and searching for meaning along the way, he began the journal that turned into this utterly frank, engaging book. Filled with unforgettable characters, historic landscapes, and Kerkeling's self-deprecating humor, I'm Off Then is an inspiring travelogue, a publishing phenomenon, and a spiritual journey unlike any other.

Rafa Rafael Nadal, John Carlin. 2011-08-23 In his memoir, written with award-winning journalist John Carlin, tennis star Rafael Nadal reveals the secrets of his game and shares the inspiring personal story behind his success. What makes a champion? What does it take to be the best in the world at your sport? Rafael Nadal has the answers. It begins in Mallorca, where the tight-knit Nadal family has lived for generations. Coached by his uncle Toni from the age of four and taught humility and respect by his parents, Nadal has managed the uncommon feat of becoming an acclaimed global celebrity while remaining a gracious, hardworking role model for people in all walks of life. Now he takes us behind the scenes, from winning the Wimbledon 2008 final -- described by John McEnroe as the greatest game of tennis he had ever seen -- to the family problems that brought him low in 2009 and the numerous injuries that have threatened his career. With candor and intelligence, Nadal brings readers on his dramatic and triumphant journey, never losing sight of the prize he values above all others: the unity and love of his family. From RAFA: During a match, you are in a permanent battle to fight back your everyday vulnerabilities, bottle up your human feelings. The more bottled up they are, the greater your chances of winning, so long as you've trained as hard as you play and the gap in talent is not too wide between you and your rival. The gap in talent with Federer existed, but it was not impossibly wide. It was narrow enough, even on his favorite surface in the tournament he played best, for me to know that if I silenced the doubts and fears, and exaggerated hopes, inside my head better than he did, I could beat him. You have to cage yourself in protective armor, turn yourself into a bloodless warrior. It's a kind of self-hypnosis, a game you play, with deadly seriousness, to disguise your own weaknesses from yourself, as well as from your rival.

The English Garden Hans von Trotha.2009 Garden design in England was entirely reinvented during the eighteenth century. The strictly symmetrical gardens of the French Baroque were replaced by the artificial landscapes that soon became almost indistinguishable from natural scenery. This ideal image of nature continues to govern our notions of a beautiful landscape today. Hans von Trotha guides us through the history of the English garden to the most important, original, and beautiful park gardens in Britain. On the way, we learn how these gardens were born of the spirit of political opposition and the significance of imitation temples and ruins.

The Beach Alex Garland.1998-02-01 The irresistible novel that was adapted into a major motion picture starring Leonardo DiCaprio. The Khao San Road, Bangkok -- first stop for the hordes of rootless young Westerners traveling in Southeast Asia. On Richard's first night there, in a low-budget guest house, a fellow traveler slashes his wrists, bequeathing to Richard a meticulously drawn map to the Beach. The Beach, as Richard has come to learn, is the subject of a legend among young travelers in Asia: a lagoon hidden from the sea, with white sand and coral gardens, freshwater falls surrounded by jungle, plants untouched for a thousand years. There, it is rumored, a carefully selected international few have settled in a communal Eden. Haunted by the figure of Mr. Duck --

the name by which the Thai police have identified the dead man -- and his own obsession with Vietnam movies, Richard sets off with a young French couple to an island hidden away in an archipelago forbidden to tourists. They discover the Beach, and it is as beautiful and idyllic as it is reputed to be. Yet over time it becomes clear that Beach culture, as Richard calls it, has troubling, even deadly, undercurrents. Spellbinding and hallucinogenic, *The Beach* by Alex Garland -- both a national bestseller and his debut -- is a highly accomplished and suspenseful novel that fixates on a generation in their twenties, who, burdened with the legacy of the preceding generation and saturated by popular culture, long for an unruined landscape, but find it difficult to experience the world firsthand.

Couchsurfing in Iran Stephan Orth.2018-05-01 Included in the 2018 summer reading list by New York Times Books A modern-day glimpse into the surprising reality of life in Iran. Iran: A destination that is seldom seen by westerners yet often misunderstood. A country that simultaneously "enchants and enrages" those who visit it. A place where leading a double life has become the norm. In *Couchsurfing in Iran*, award-winning author Stephan Orth spends sixty-two days on the road in this mysterious Islamic republic to provide a revealing, behind-the-scenes look at life in one of the world's most closed societies. Through the unsurpassed hospitality of twenty-two hosts, he skips the guidebooks and tourist attractions and travels from Persian carpet to bed to cot, covering more than 8,400 kilometers to recount "this world's hidden doings." Experiencing daily what he calls the "two Irans" that coexist side by side—the "theocracy, where people mourn their martyrs" in mausoleums, and the "hide-and-seek-ocracy, where people hold secret parties and seek worldly thrills instead of spiritual bliss"—he learns that Iranians have become experts in navigating around their country's strict laws. Though couchsurfing is officially prohibited in Iran—the state fears spies would be able to travel undetected through the country—more than a hundred thousand Iranians are registered with online couchsurfing portals. And thanks to these hospitable, English-speaking strangers, Orth gets up close and personal with locals, peering behind closed doors and blank windows to uncover the inner workings of a country where public show and private reality are strikingly opposed.

Not Forgetting the Whale John Ironmonger.2015 When a young man washes up, naked, on the sands of St Piran in Cornwall, he is quickly rescued by the villagers. From the retired village doctor and the schoolteacher, to the beachcomber and the owner of the local bar, the priest's wife and the romantic novelist, they take this lost soul into their midst. But what the villagers don't know is that Joe Haak has fled the City of London fearing a worldwide collapse of civilisation, a collapse forecast by Cassie, a computer program he designed. But is the end of the world really nigh? Can Joe convince the village to seal itself off from the outside world? And what of the whale that lurks in the bay? Intimate, funny and deeply moving, *Not Forgetting the Whale* is the story of a man on a journey to find a place he can call home.

The Timbuktu School for Nomads Nicholas Jubber.2016-11-15 The Sahara: a dream-like, far away landscape of Lawrence of Arabia and Wilfred Thesiger, *The English Patient* and *Star Wars*, and home to nomadic communities whose ways of life stretch back millennia. Today it's a teeth-janglingly

dangerous destination, where the threat of jihadists lurks just over the horizon. Following in the footsteps of 16th century traveller Leo Africanus, Nicholas Jubber went on a turbulent adventure to the forgotten places of North Africa and the legendary Timbuktu. Once the seat of African civilization and home to the richest man who ever lived, this mythic city is now scarred by terrorist occupation and is so remote its own inhabitants hail you with the greeting, 'Welcome to the middle of nowhere'. From the cattle markets of the Atlas, across the Western Sahara and up the Niger river, Nicholas joins the camps of the Tuareg, Fulani, Berbers, and other communities, to learn about their craft, their values and their place in the world. The Timbuktu School for Nomads is a unique look at a resilient city and how the nomads pit ancient ways of life against the challenges of the 21st century.
