The Ghost Marriage Peter May.2010-06-23 Chief Inspector Li Yan and American pathologist Margaret Campbell, heroes of Peter May's best-selling China thrillers, return in a new story. A girl has disappeared in Peking, and the mystery is somehow connected to a strange marital rite from China's past: the Minghun, or Ghost Marriage. Winners of France's Pix Intramuros in 2007, Peter May once again takes his readers on a powerful, fascinating exploration of modern China.

Corydon André Gide.2001 In 1907 Andre Gide began work on a series of Socratic dialogues on the subject of homosexuality and its place in society. Entry Island Peter May.2015-09-15 Marilyn Stasio in The New York Times raved: Peter May is a writer I'd follow to the ends of the earth. Now Peter May takes us to a small island off the coast

of Québec with an emotionally charged new mystery. When a murder rocks the isolated community of Entry Island, insomniac homicide detective Sime Mackenzie boards a light aircraft at St. Hubert airfield bound for the small, scattered chain of Madeline Islands, in the Gulf of St. Lawrence, as part of an eight-officer investigation team from Montréal. Only two kilometers wide and three long, Entry Island is home to a population of just more than 100 inhabitants, the wealthiest of whom has just been discovered murdered in his home. Covered in her husband's blood, the dead man's melancholy wife spins a tale for the police about a masked intruder armed with a knife. The investigation appears to be little more than a formality--the evidence points to a crime of passion, implicating the wife. But Sime is electrified by the widow during his interview, convinced that he has met her before, even though this is clearly impossible. Haunted by this strange certainty, Sime's insomnia is punctuated by vivid, hallucinatory dreams of a distant past on a Scottish island 3,000 miles away, dreams in which he and the widow play leading roles. Sime's conviction soon becomes an obsession. And despite mounting evidence of the woman's guilt, he finds himself convinced of her innocence, leading to a conflict between the professional duty he must fulfill and the personal destiny he is increasingly sure awaits him.

Coffin Road Peter May.2016 In the Outer Hebrides of Scotland, a man washes up on a deserted beach with no knowledge of who he is or how he got there, while homicide detective George Gunn makes the ocean crossing to a remote lighthouse on a rock in the North Atlantic to investigate a brutal murder.

Scottish-American crime-scene photographer Michael Kapinsky is a mess, six months on from the death of his wife. HIS SECOND LIFE IS A DISTRACTION As a means of coping, he is persuaded to enter the online virtual world of Second Life, to participate in a new kind of group therapy.

NOW BOTH ARE IN DEADLY DANGER Once there, he discovers a

chilling connection between crime scenes he has attended in real life, and scenes depicted in the virtual world. And when he then uncovers a series of killings, and links them to a lucrative financial scam, Michael finds himself a marked man in both worlds.

The Fourth Sacrifice Peter May.2018-05-01 AN ELECTRIFYING MIXTURE OF MYSTERY, ROMANCE, AND HISTORY. --Kirkus Reviews MAY'S WELL-PLOTTED FOLLOW UP... AMPLIFIES HIS VIVID PICTURE OF A CHAOTIC, VITAL MODERN-DAY CHINA -- Publishers Weekly Li Yan and Margaret Campbell are reluctantly reunited, this time to track down a killer reenacting a series of gruesome rituals. The Chinese police have once more been forced to enlist the services of American forensic pathologist Margaret Campbell, this time to investigate a series of four horrific ritual executions in Beijing. Detective Li Yan is determined to discover just how one of the victims in particular, an American diplomat, became caught up in the slaying. And he is arguably even more determined to have nothing to do with Campbell, whom he finds simultaneously too foreign and too . . . familiar. The personal polarity that once attracted Yan and Campbell again strengthens their professional partnership. Yet the closer they draw to the truth, the greater the danger posed by a killer prepared to do anything to conceal it.

The Blackhouse Peter May.2013 When a grisly murder occurs on a Scottish island, Edinburgh detective Fin Macleod must confront his past if he is ever going to discover if the killing has a connection to another one that took place on the mainland.

intriguing problems of fear and safety by analysing their various meanings and manifestations in literature and other narrative media. The articles bring forth new, cross-cultural interpretations on fear and safety through examining what kinds of genre-specific means of world-making narratives use to express these two affectivities. The articles also show how important it is to study these themes in order to understand challenges in times of global threats, such as the climate crisis. The main themes of the book are approached from various theoretical perspectives as related to their literary and cultural representations. Recent trends in research, such as affect and risk theory, serve as the basis for the discussion. The articles in the volume also draw from disciplines such as gender studies and trauma studies to examine the threats posed by collective fears and aggression on individuals' lives and propose ways of coping with fear. These themes are addressed also in articles analysing new adaptations of old myths that retell stories of the past. Many of the articles in the volume discuss apocalyptic and dystopian narratives that currently permeate the entire cultural landscape. Dystopian narratives do not only deal with future threats, such as totalitarianism, technocracy, or environmental disasters, but also suggest alternative ways of being and new hopes in the form of political resistance.

Blowback Peter May.2017-09-05 Seven years earlier, France's top chef, Marc Fraysse, summoned the world's culinary press to his remote restaurant in central France to make an announcement that he said would cause shockwaves in the culinary community. Speculating that Fraysse's restaurant was about to lose one of his precious Michelin stars, the reporters were shocked to find instead that the great chef had been murdered. In the end, the media left without a clue about the message the chef intended to deliver or about who might have killed him. Continuing his string of investigations into stubborn cold cases, ex-forensics superstar Enzo Macleod takes on the case, diving into the big business and high stakes of French haute cuisine. Winter has settled in around the mountaintop restaurant, causing complications. And as he learns more about the complex web of relationships that surrounded the celebrated (if also mercurial) chef--a spurned lover, a jealous wife, an estranged brother, an embittered food critic--Macleod begins to see parallels with his own life and loves. In diving into this new case, he finds himself reopening old wounds of his own . . .
