Everything Around you is a LEAD Mohamed Elhadari.2013-06-13 What is the Book About Dear Reader, I would like to thank you for purchasing this book. It shows your intent to expand and grow your business and, most importantly, that you're open to new ideas and willing to learn something new. I wrote this book mainly for New Real Estate Investors who are having trouble getting started in the real estate investing business and who are looking for leads or ways to find or create them. I have interviewed and worked with other investors and professionals that have been in the business for a very long time to get the information presented in this book. The second reason I wrote this book is to help "Canadian" Real Estate Investors. I noticed through my journey in real estate investing that there is not a lot of information available for those who are just starting out in Canada. A lot of investors who are trying to implement US lead-generating techniques in Canada do not understand that they cannot do this. This book can be a guide for you to use if you need help getting started here in Canada. My advice is to start with 3 of the mentioned techniques, and, when you feel comfortable, add another one. I know some people who will start adding more techniques and layers to their business method each month or even the very next week. Some of these techniques have to become your habit and you have to learn how to look for new opportunities. By all means, this book does not have all the possible ways to create a lead for your business. The book is not a complete guide, but it's a good start for people who are new, and it could also be for the professionals who are looking to learn something new or refresh their skills. Again thank you for your purchase of the book, and I wish you all the best in your life and business. Best Regards, Moe Elhadari. Author: Mohamed Moe Elhadari Editor: Robin Swindle
