Catalogue de Timbres de France 2019 Spink Maury.2018-09-01 A catalogue made by collectors for collectors. This year the Spink Maury Catalogue, heir to the prestigious Maury, Ceres and Dallay catalogues, continues its work of research, compiled over generations of philately. It covers all French stamps from 1849 to the present day, offering hundreds of changes - with oddities, new varieties and discoveries presented, as always, in an exceptional way. Included in the new material is the continuation of the monographic studies, presenting a stamp per page with all varieties known until the First World War; a redesign of types Merson and Pasteur; and a specialised part devoted to Marianne de Beaujard, reviewed in depth. In addition the section on current usage stamps (TUC) is fully updated following feedback from our contributors and readers. France has one of the most beautiful philatelic legacies in the world, and we are pleased to be its modest ambassador to the numerous international readers who join us each year. "Layout and coverage are sumptuous ... The trite phrase "mine of information" does not begin to do justice to this immense achievement. To any collector of France beyond the elementary stage, this would be a bargain at twice the official retail price ... Highly recommended.an absolute must for collectors of French stamps..." Michael Round, Journal of the France & Colonies Philatelic Society

Rethinking France Pierre Nora, Professor Pierre Nora, David P. Jordan.1999-10 Les Lieux de mémoire is perhaps one of the most profound historical documents on the history and culture of the French nation. Assembled by Pierre Nora during the Mitterand years, this multivolume series has been hailed as a magnificent achievement (The New Republic) and the grandest, most ambitious effort to dissect, interpret and celebrate the French fascination with their own past (The Los Angeles Times). Written during a time when French national identity was undergoing a pivotal change and the nation was struggling to define itself, this unprecedented series consists of essays by prominent historians and cultural commentators which take, as their points of departure, a lieu de mémoire: a site of memory used to order, concentrate, and secure notions of France's past. The first volume in the Chicago translation, Rethinking France, brings together works addressing the omnipresent role of the state in French life. As in the other volumes, the lieux de mémoire serve as entries into the French past, whether they are actual sites, political traditions, rituals, or even national pastimes and textbooks. Volume I: The State offers a sophisticated and engaging view of the French and their past

through widely diverse essays on, for example, the château of Versailles and the French history of absolutism; the Code civil and its ordering of French life; memoirs written by French statesmen; and Charlemagne and his place in French history. Nora's authors constitute a who's who of French academia, yet they wear their erudition lightly. Taken as a whole, this extraordinary series documents how the French have come to see themselves and why. Contributors: Alain Guéry Maurice Agulhon Bernard Guenée Daniel Nordman Robert Morrissey Alain Boureau Anne-Marie Lecoq Hélène Himelfarb Jean Carbonnier Hervé Le Bras Pierre Nora
