A History of Spanish Film Sally Faulkner.2013-04-11 A History of Spanish Film explores Spanish film from the beginnings of the industry to the present day by combining some of the most exciting work taking place in film studies with some of the most urgent questions that have preoccupied twentieth-century Spain. It addresses new questions in film studies, like 'prestige film' and 'middlebrow cinema', and places these in the context of a country defined by social mobility, including the 1920s industrial boom, the 1940s post-Civil War depression, and the mass movement into the middle classes from the 1960s onwards. Close textual analysis of some 42 films from 1910-2010 provides an especially useful avenue into the study of this cinema for the student. - Uniquely offers extensive close readings of 42 films, which are especially useful to students and teachers of Spanish cinema. - Analyses Spanish silent cinema and films of the Franco era as well as contemporary examples. - Interrogates film's relations with other media, including literature, pictorial art and television. - Explores both 'auteur' and 'popular' cinemas. - Establishes 'prestige' and the 'middlebrow' as crucial new terms in Spanish cinema studies. - Considers the transnationality of Spanish cinema throughout its century of existence. - Contemporary directors covered in this book include Almodóvar, Bollaín, Díaz Yanes and more.

Spanish Lessons Paul Julian Smith.2017-09-01 Though unjustly neglected by English-language audiences, Spanish film and television not only represent a remarkably influential and vibrant cultural industry; they are also a fertile site of innovation in the production of "transmedia" works that bridge narrative forms. In Spanish Lessons, Paul Julian Smith provides an engaging exploration of visual culture in an era of collapsing genre boundaries, accelerating technological change, and political-economic tumult. Whether generating new insights into the work of key figures like Pedro Almodóvar, comparing media depictions of Spain's economic woes, or giving long-overdue critical attention to quality television series, Smith's book is a consistently lively and accessible cultural investigation.

The First Few Minutes of Spanish Language Films Richard K. Curry.2017-02-02 The first few minutes of a film orient the viewer, offering cues for a richer, more nuanced reading. With this premise, the author provides many insights into the history of Spanish language film, encouraging an enhanced understanding of the Spanish/Hispanic canon commonly taught in courses on film. The author explores *El espíritu de la colmena* (1973), *La historia oficial* (1985), *Fresa y chocolate* (1994), *El crimen del padre Amaro* (2002), *Abre los ojos* (1997), *Te doy mis ojos* (2003) and Carlos Saura's flamenco trilogy—*Bodas de sangre* (1981), *Carmen* (1983) and *El amor brujo* (1986), among others.

Subversive Spanish Cinema Fiona Noble.2020-07-23 A camp lipsynched routine by three air stewards distracts unsuspecting passengers from the fact that their plane is to make a crash landing. Performance functions as a diversion from unsavoury realities. In this way, Pedro Almodóvar's 2013 film *I'm So Excited* adopts a strategy of subversive anti-establishment censor-evading filmmaking practices under Franco. Contemporary cinematic performance in Spain intersects with politics to provide a platform for views and voices that do not conform to the dominant political narrative. An essential text for scholars, students and aficionados of Spanish cinema, *Subversive Spanish Cinema: The Politics of Performance* is the first single-authored monograph to focus on performance in this context. The book analyses interactions between performance and politics in technical and conceptual terms considering, for example, performance styles, the narrative role of performance and political interventions by actors such as Javier Bardem and Juan Diego Botto. Ultimately, *Subversive Spanish Cinema: The Politics of Performance* posits performance, within the specific context of contemporary Spanish cinema, as a politically-potent device and proposes that it is precisely for this reason that the arts have borne the brunt of aggressive austerity measures enforced by Spain's conservative government in recent years.

Spanish Practices Paul Julian Smith.2017-12-02 This book is the first to explore the interaction of three media in contemporary Spain. Focusing on some of the best known and most important books, feature films, and television series in the country (including novelist Antonio Muñoz Molina, director Pedro Almodóvar, and the Spanish version of telenovela *Ugly Betty*), it addresses three pairs of linked issues central to Hispanic studies and beyond: history and memory, authority and society, and genre and transitivity. Much of the material is very recent and thus as yet unstudied. The book also focuses on the representation of gender, sexuality, and transnationalism in these texts. Drawing on approaches from both the humanities and social sciences it combines close readings of key texts with the analysis of production processes, media institutions, audiences, and reception.

The Transnational Fantasies of Guillermo del Toro A. Davies, D. Shaw, D. Tierney.2014-10-02 Offering a multifaceted approach to the Mexican-born director Guillermo del Toro, this volume examines his wide-ranging oeuvre and traces the connections between his Spanish language and English language commercial and art film projects.

Contemporary Spanish cinema and genre Jay Beck, Vicente Rodríguez Ortega.2021-06-15 This volume is the first English-language collection exclusively dedicated to the study of genre in relation to Spanish cinema. Providing a variety of critical perspectives, the collection gives the reader a thorough account of the relationship between Spanish cinema and genre, drawing on case studies of several of the most remarkable Spanish films in recent years. The book analyses the significant changes in the aesthetics, production and reception of Spanish film from 1990 onwards. It brings together European and North American scholars to establish a critical dialogue on the topics under discussion, while providing multiple perspectives on the concepts of national cinemas and genre theory. In recent years film scholarship has attempted to negotiate the tension between the nationally specific and the internationally ubiquitous, discussing how globalisation has influenced film making and surrounding cultural practice. These broader social concerns have prompted scholars to emphasise a redefinition of national cinemas beyond strict national boundaries and to pay attention to the transnational character of any national site of film production and reception. This collection provides a thorough investigation of contemporary Spanish cinema within a transnational framework, by positing cinematic genres as the meeting spaces between a variety of diverse forces that necessarily operate within but also across territorial spaces. Paying close attention to the specifics of the Spanish cinematic and social panorama, the essays investigate the transnational economic, cultural and aesthetic forces at play in shaping Spanish film genres today.

Two cines con niño Erin K. Hogan.2018-04-30 The first scholarly edition of Walter Scott's most complex historical narrative poem (1808)

Spanish Film Cultures Núria Triana-Toribio.2019-07-25 The past four decades have seen the Spanish film industry rise from isolation in the 1970s to international recognition within European and World Cinema today. Exploring the cultural and political imperatives that governed this success, this book shows how Spanish film culture was deliberately and strategically shaped into its current form.

The child in Spanish cinema Sarah Wright.2015-11-01 In this, the first full-length treatment of the child in Spanish cinema, Sarah Wright explores the ways that the cinematic child comes to represent 'prosthetic memory'. The central theme of the child and the monster is used to examine the relationship of the self to the past, and to cinema. Concentrating on films from the 1950s to the present day, the book explores religious films, musicals, 'art-house horror', science-fiction, social realism and fantasy. It includes reference to Erice's *The Spirit of The Beehive*, del Toro's *Pan's Labyrinth*, Mañas's *El Bola* and the *Marisol* films. The book also draws on a century of filmmaking in Spain and intersects with recent revelations concerning the horrors of the Spanish past. The child is a potent motif for the loss of historical memory and for its recuperation through cinema. This book is suitable for scholars and undergraduates working in the areas of Spanish cinema, Spanish cultural studies and cinema studies.

New Mythological Figures in Spanish Cinema Pietsie Feenstra.2011 In the 1970s, especially after Franco's death in 1975, Spanish cinema was bursting at the seams. Numerous film directors broke free from the ancient taboos which had reigned under the dictatorship. They introduced characters who, through their bodies, transgress the traditional borders of social, cultural and sexual identities. Post-Franco cinema exhibits women, homosexuals, transsexuals, and delinquents in new and challenging ways. Under Franco rule, all of these dissident bodies were 'lost'. Here, they reflect new mythological figures, inhabiting an idealised body form (a prototypical body).

European Cinema in Motion D. Berghahn, C. Sternberg.2010-08-10 This collection brings together international experts on the cinema of migration and diaspora in postcolonial and postnational Europe. It offers a comprehensive theoretical and analytical discussion of a highly productive creative sector and documents the spectrum of this area of exploration in European, transnational and World Cinema studies.

The Routledge Companion to European Cinema Gábor Gergely, Susan Hayward. 2021-12-30 Presenting new and diverse scholarship, this wide-ranging collection of 43 original chapters asks what European cinema tells us about Europe. The book engages with European cinema that attends to questions of European colonial, racialized and gendered power; seeks to decentre Europe itself (not merely its putative centres); and interrogate Europe's various conceptualizations from a variety of viewpoints. It explores the broad, complex and heterogeneous community/ies produced in and by European films, taking in Kurdish, Hollywood and Singapore cinema as comfortably as the cinema of Poland, Spanish colonial films or the European gangster genre. Chapters cover numerous topics, including individual films, film movements, filmmakers, stars, scholarship, representations and identities, audiences, production practices, genres and more, all analysed in their context(s) so as to construct an image of Europe as it emerges from Europe's film corpus. The Companion opens the study of European cinema to a broad readership and is ideal for students and scholars in film, European studies, queer studies and cultural studies, as well as historians with an interest in audio-visual culture, nationalism and transnationalism, and those working in language-based area studies.

French and Spanish Queer Film Chris Perriam. 2016-06-02 The book advances the current state of film audience research and of our knowledge of sexuality in transnational contexts by analysing how French LGBTQ films are seen in Spain and Spanish ones in France. It studies films (in various media and platforms) and their reception across four languages (Spanish, French, Catalan, English) and considers and engages with participants from across a range of digital and physical audience locations, with a particular focus on festivals. It examines films that chronicle the local (in portraying national and sub-national identities) and draws on the regional-global (translating and transferring foreign models of non-heterosexual experience). No comparative and crosscutting study with audience research at its heart has yet been undertaken.

Performance and Spanish film Dean Allbritton, Alejandro Melero, Tom Whittaker. 2016-11-07 Performance and Spanish film is the first book to provide a detailed study of screen acting in Spanish film. With fifteen original essays by leading scholars of Spanish film, the book casts light on the manifold meanings, methods and influences of Spanish screen performance, from the silent era to the present day. In doing so, the book provides bold new readings of the work of significant Spanish actors and filmmakers, from Javier Bardem, Penélope Cruz and Alfredo Landa, to Pedro Almodóvar, Carlos Saura and Alejandro Amenábar. The fine-grained study of acting in each chapter also provides a means of exploring broader questions surrounding Spanish film practices, culture and society. Performance and Spanish film will be essential reading for both students and scholars of Spanish film alike, as well as to those more broadly interested in the history of screen acting.

Popular Music in Spanish Cinema Lidia López Gómez. 2023-08-25 Popular Music in Spanish Cinema analyses the aesthetics and stylistic development of soundtracks from national productions, considering how political instability and cultural diversity in Spain determined the ways of making art and managing culture. As a pioneering study in this field, the chronologically structured approach of this book provides readers with a complete overview of Spanish music and connects it to the complex historical events that conditioned Spanish culture throughout the 20th century to the present day, from the Second Republic, the Spanish Civil war, and the dictatorship through to democracy. The book enables an understanding of the relationships between the recording and film production industries, the construction of collective imagination, the formulation of new stereotypes, semiotic meanings within film music and the musical exchanges between national and international cinema. This volume is an essential read for students and academics in the field of musicology, ethnomusicology and history as well as those interested in the study of diverse musical styles such as copla, zarzuela, flamenco, jazz, foxtrot, pop and rock and how they have been used in Spanish films throughout history.

Featuring Post-National Spain. Film Essays. Andrés Zamora. 2016-05-06 The book explores post-Franco Spanish film's tacit or explicit, but always resolute, essays from 1975 to 2000 to make over Spain's national, in fact post-national, identity.

Spain on Screen A. Davies. 2011-01-05 A collection of original essays from leading scholars in the field exploring the contemporary debates, concerns and controversies ongoing in Spanish film industry, culture and scholarship. The essays reveal the far-reaching shifts that have occurred in the Spanish film scene, making essential reading for all interested in European cinema.

Filmspanism Juan F. Egea. 2020-09-27 Filmspanism explores the geopolitics of knowledge involved in academic approaches to Spanish cinema. This companion rethinks the role of disciplinarity, institutionality, and nationality in the study of film by taking into account a rather specific set of contentious issues, intellectual traditions, discursive servitudes, and invested scholarship. To that end, the book explores the topics of art cinema, popular culture, film genre, and transnationalism, always with Spanish cinema as its concrete object of study. An insightful contribution to the study of Spanish cinema, this discussion will be of interest to researchers and graduate students in Hispanic Studies and Film Studies.

The Spanish Fantastic Shelagh Rowan-Legg. 2016-09-06 In recent decades, the Spanish 'fantastic' has been at the forefront of genre filmmaking. Films such as *The Day of the Beast*, the *Rec* trilogy, *The Orphanage* and *Timecrimes* have received widespread attention and popularity, arguably rescuing Spanish cinema from its semi-invisibility during the creativity-crushing Franco years. By turns daring, evocative, outrageous, and intense, this new cinema has given voice to a generation, both beholden to and yet breaking away from their historical and cultural roots. Beginning in the 1990s, films from directors such as Alex de la Iglesia, Alejandro Amenabar, and Jaume Balaguero reinvigorated Spanish cinema in the horror, science fiction and fantasy veins as their work proliferated and took centre stage at international festivals such as Sitges, Fantasia International Film Festival and Fantastic Fest. Through an examination of key films and filmmakers, Shelagh Rowan-Legg here investigates the rise of this unique new wave of genre films from Spain, and how they have recycled, reshaped and renewed the stunning visual tropes, wild narratives and imaginative other worlds inherent to an increasingly influential cinematic field. Its emergence is part of a new trend of postnational cinema, led by the fantastic, which approaches the national boundaries of cinema with an exciting sense of fluidity.

Transnational Cinema in Europe Manuel Palacio, Jörg Türschmann. 2013 The attempt to produce films for the international market has led to lively exchanges and meeting points between local and national identity discourses and global processes of identity formation. Co-productions alone can no longer be seen as an incentive for national cultural production. Rather, it is necessary to regard co-productions as a privileged site for an analysis of the relations between identity, nation, and culture. Transnational Cinema in Europe is the result of a collaboration of two research groups in Madrid and Vienna. The book consists of articles by members of both research groups, as well as by several other experts. Global Genres, Local Films Elena Oliete-Aldea. 2017-06-29 The acute processes of globalisation at the turn of the century have generated an increased interest in exploring the interactions between the so-called global cultural products or trends and their specific local manifestations. Even though cross-cultural connections are becoming more patent in filmic productions in the last decades, cinema per se has always been characterized by its hybrid, transnational, border-crossing nature. From its own inception, Spanish film production was soon tied to the Hollywood film industry for its subsistence, but other film traditions such as those in the Soviet Union, France, Germany and, in particular, Italy also determined either directly or indirectly the development of Spanish cinema. *Global Genres, Local Films: The Transnational Dimension of Spanish Cinema* reaches beyond the limits of the film text and analyses and contextualizes the impact of global film trends and genres on Spanish cinema in order to study how they helped articulate specific national challenges from the conflict between liberalism and tradition in the first decades of the 20th century to the management of the contemporary financial crisis. This collection provides the first comprehensive picture of the complex national and supranational forces that have shaped Spanish films, revealing the tensions and the intricate dialogue between cross-cultural aesthetic and narrative models on the one hand, and indigenous traditions on the other, as well as the political and historical contingencies these different expressions responded to.

Contemporary Hispanic Cinema Stephanie Dennison. 2013 This collection of original essays focuses on the cross-currents and points of contact among Spain, Portugal and Latin America and their impact on the regions' film industries.

Migrants in Contemporary Spanish Film Clara Guillén Marín. 2017-07-06 During the last two decades Spain has undergone an unprecedented transformation from being a country of emigrants to receiving a significant number of migrants from all around the world. This book focuses on the analysis of documentaries and fiction films representing migrants in Spain in the first decade of the twenty-first century. Guillén Marín explores the ways in which migrant and non-migrant filmmakers reframe the urban and rural space to create opportunities for a free, although contested,

exchange between marginal voices and mainstream Spanish society. She analyzes the extent to which the films challenge forms of exclusion and represent ethnicity in a space that includes some and excludes others.

Alejandro Amenábar Barry Jordan. 2019-01-04 Since the release of his first feature in 1996, Alejandro Amenábar has become the 'golden boy' of Spanish filmmaking, a bankable star director whose brand virtually guarantees quality, big audiences and domestic box office success. He has directed three of the highest-grossing movies in Spanish film history and has enjoyed enormous international and critical acclaim, including an Oscar for Best Foreign Film for *Mar Adentro/The Sea Inside*, 2004. This book is the first full-length study in English of Amenábar's shorts and feature films. It provides detailed analysis of his engagement with popular film genres as the basis for an auteur cinema and incorporates a reappraisal of his auteurism as fundamentally decentred and shared. An essential resource for students, scholars and fans of Amenábar, the book will also appeal to a wider readership, including professionals in the film, media and culture industries as well as those who have a general interest in the best of Spanish, European and world cinema.

Territories of the Visual in Spain and Spanish America Jo Evans, Julia Biggane, Nuria Triana-Toribio. 2017-10-02 While studying the theory and contemporary impact of 'embodied' viewing, this book celebrates the emergence and development of Visual Studies as a major subject of research and teaching in the field of Hispanic Studies within the UK over the last thirty years. By exploring current routes of investigation, as well as analysing future pathways for study in the field, seven highly distinguished Spanish and Latin American scholars examine their own entry into Visual Studies, and discuss the major trends and changes which occurred in the field as matters of the visual gradually became embedded in higher-education curricula and research trajectories. Each scholar also lays out a current research project, or interest, concerning Spain or Latin America within the visual field. The projects variously explore different media - including film, sculpture, photography, dance, and performance art - spread across a wide array of geographical locales, including Mexico, Cuba, mainland Spain, and the Canary Islands. Offering a map of current and future research in the field, this book provides the first history of visual studies within UK Hispanism. It will be of lasting value to a wide range of scholars and advanced students of Spanish and Latin American cultural, visual, and film studies. This book was originally published as a special issue of the *Bulletin of Spanish Studies*.

Tracing the Borders of Spanish Horror Cinema and Television Jorge Marí. 2017-04-07 This critical anthology sets out to explore the boom that horror cinema and TV productions have experienced in Spain in the past two decades. It uses a range of critical and theoretical perspectives to examine a broad variety of films and filmmakers, such as works by Alejandro Amenábar, Álex de la Iglesia, Pedro Almodóvar, Guillermo del Toro, Juan Antonio Bayona, and Jaume Balagueró and Paco Plaza. The volume revolves around a set of fundamental questions: What are the causes for this new Spanish horror-mania? What cultural anxieties and desires, ideological motives and practical interests may be behind such boom? Is there anything specifically Spanish about the Spanish horror film and TV productions, any distinctive traits different from Hollywood and other European models that may be associated to the particular political, social, economic or cultural circumstances of contemporary Spain?

Emigrant Dreams, Immigrant Borders Raquel Vega-Durán. 2016-09-30 *Emigrant Dreams, Immigrant Borders: Migrants, Transnational Encounters, and Identity in Spain* offers a new approach to the cultural history of contemporary Spain, examining the ways in which Spain's own self-conceptions are changing and multiplying in response to migrants from Latin America and Africa. In the last twenty-five years, Spain has gone from being a country of net emigration to one in which immigrants make up nearly 12 percent of the population. This rapid growth has made migrants increasingly visible in both mass media and in Spanish visual and literary culture. This book examines the origins of media discourses on immigration and takes the analysis of contemporary Spanish culture as its primary framework, while also drawing insights from sociology and history. *Emigrant Dreams, Immigrant Borders* introduces readers to a wide range of recent films, journals, novels, photography, paintings, and music to reconsider contemporary Spain through its varied encounters with migrants. It follows the stages of the migrant's own journey, beginning outside Spanish territory, continuing across the border (either at the barbed-wire fences of Ceuta and Melilla or the waters of the Atlantic or the Strait of Gibraltar), and then considers what happens to migrants after they arrive and settle in Spain. Each chapter analyzes one of these stages in order to illustrate the complexity of contemporary Spanish identity. This examination of Spanish culture shows how Spain is evolving into a new space of imagination, one that can no longer be defined without the migrant—a space in which there is no unified identity but rather a new self-understanding is being born. Vega-Durán both places Spain in a larger European context and draws attention to some of the features that, from a comparative perspective, make the Spanish case interesting and often unique. She argues that Spain cannot be understood today outside the Transatlantic and Mediterranean spaces (both real and imaginary) where Spaniards and migrants meet. *Emigrant Dreams, Immigrant Borders* offers a timely study of present-day Spain, and makes an original contribution to the vibrant debates about multiculturalism and nation-formation that are taking

Latin Hitchcock Dona Kercher.2015-02-17 This study explores how five major directors—Pedro Almodóvar, Alejandro Amenábar, Alex de la Iglesia, Guillermo del Toro, and Juan José Campanella—modeled their early careers on Hitchcock and his film aesthetics. In shadowing Hitchcock, their works embraced the global aspirations his movies epitomize. Each section of the book begins with an extensive study, based on newspaper accounts, of the original reception of Hitchcock's movies in either Spain or Latin America and how local preferences for genre, glamour, moral issues, and humor affected their success. The text brings a new approach to world film history, showcasing both the commercial and artistic importance of Hitchcock in Spain and Latin America

Spanish cinema 1973-2010 Maria M. Delgado,Robin Fiddian.2019-01-04 This collection offers a new lens through which to examine Spain's cinema production following the isolation imposed by the Franco regime. The seventeen key films analysed in the volume span a period of 35 years that have been crucial in the development of Spain, Spanish democracy and Spanish cinema. They encompass different genres (horror, thriller, melodrama, social realism, documentary), both popular (Los abrazos rotos/Broken Embraces, Vicky Cristina Barcelona) and more select art house fare (En la ciudad de Sylvia/In the City of Sylvia, El espíritu de la colmena/Spirit of the Beehive) and are made in English (as both first and second language), Basque, Castilian, Catalan and French. Offering an expanded understanding of 'national' cinemas, the volume explores key works by Guillermo del Toro and Lucrecia Martel alongside an examination of the ways in which established auteurs (Almodóvar, José Garci, Carlos Saura) and younger generations of filmmakers (Cesc Gay, Amenábar, Bollaín) have harnessed cinematic language towards a commentary on the nation-state. The result is a bold new study of the ways in which film has created new prisms that have determined how Spain is positioned in the global marketplace.

Spanish Cinema in the Global Context Samuel Amago.2013-09-11 Across a broad spectrum of media, markets, and national contexts, self-reflexivity continues to be a favored narrative mode with wide ranging functions. In this book Amago argues that, in addition to making visible industry and production concerns within the film text, reflexive aesthetics have a cartographic function that serves to map the place of a film (geographic and cultural) within the global cinemascape, and thus to bring into sharper relief images of the national. Focusing on films in the contemporary Spanish context that in some way reflect back on themselves and the processes of their own production, that purposefully blur the distinction between reality and fiction, or that draw attention to the various modes of cinematic exhibition and reception, Amago proposes ways in which these movies can be employed to understand Spanish national cinemas today as imbedded within a dynamic global system.

War, Revolution and Remembrance in World Cinema Nancy J. Membrez.2021-04-30 Two World Wars engulfed Europe, Asia and the United States, leaving indelible scars on the landscape and survivors. The trauma of civil wars in Spain (declared) and Latin America (tacit) spanned decades yet, contradictorily, bind parties together even today. Civil wars still haunt Africa where, in more recent years, ethnic cleansing has led to wholesale genocide. Drawing on the emerging field of Memory Studies, this book examines narrative and documentary films, made far from Hollywood, that address memory--both traumatic and nostalgic--surrounding these conflicts, despite attempts by special interests to erase or manipulate history.
