Acts of Meaning Jerome Bruner. 1993-01-01 Jerome Bruner argues that the cognitive revolution, with its current fixation on mind as “information processor,” has led psychology away from the deeper objective of understanding mind as a creator of meanings. Only by breaking out of the limitations imposed by a computational model of mind can we grasp the special interaction through which mind both constitutes and is constituted by culture.

Subtle Acts of Exclusion, Second Edition Tiffany Jana, Michael Baran. 2023-09-19 This new edition of the first practical, nonjudgmental handbook on dealing with microaggressions has been thoroughly updated for the post George Floyd, post COVID world. Overt discrimination is relatively easy to spot. But the less obvious but more common actions that make people feel left out or stigmatized in our workplaces, commonly called microaggressions, can be hard to identify and even harder to deal with. The author uses a clearer, more accurate term: subtle acts of exclusion (SAE). After all, people generally aren't trying to be aggressive—usually they're trying to say something nice, learn more about a person, or be funny. Being accused of aggression shuts the conversation down, when you want to open it up. This book features examples, tools, sample scripts, and action plans to help readers prevent subtle acts of aggression from happening, or deal with them when they do. Updated throughout, this second edition features: A greatly expanded chapter on intentional acts of inclusion—actions for creating a sense of belonging. A discussion and activity guide ideal for book clubs and training sessions A new concluding chapter, Hope for Humanity Whether in the form of stereotypes, assumptions, backhanded compliments, or objectification, SAEs are damaging to our coworkers, friends, and acquaintances. This book is your friendly, accessible, non-judgmental guide to creating a welcoming workplace.

Acting Out Culture James S. Miller. 2014-11-07 Students are bombarded every day with cultural messages laden with unstated rules about what makes our work valuable, our bodies ideal, our connections meaningful. *Acting Out Culture* helps students empower themselves to use writing to speak back to their culture and question its rules. The first two editions have appealed especially to those students who are not full participants in the dominant culture, as well as to their instructors, who want to help those students to see how subtle (and not so subtle) cultural forces can shape their lives—and how they can challenge and resist those forces. The new edition of *Acting Out Culture* builds on that success, providing provocative readings (more than 50 percent of them new) that challenge the rules we live by; pedagogical tools to encourage students to think and write critically about their culture; and instructional support featuring sample syllabi, additional discussion topics, and ideas for teaching with visuals and online content. And now with the new edition, you can meet students where they are: online. Our newest set of online materials, LaunchPad Solo, provides all the key tools and course-specific content that you need to teach your class. Get all our great course-specific materials in one fully customizable space online; then assign and mix our resources with yours. [The Holocaust and the Postmodern](#) Robert Eaglestone. 2004-12-09 Robert Eaglestone argues that postmodernism is a response to the Holocaust. He

offers a range of new perspectives, including new ways of looking at testimony and at and recent Holocaust fiction; explores controversies in Holocaust history; looks at the importance of the Holocaust for recent philosophy; and asks what the Holocaust means for reason, ethics, and for being human.

Acting Out Culture + Transition to College Writing 2nd Ed James S. Miller, Keith Hjortshoj. 2010-06-15

How Dare We! Write Sherry Quan Lee. 2022 *How Dare We! Write*: a multicultural creative writing discourse offers a much-needed corrective to the usual dry and uninspired creative writing pedagogy. The collection asks us to consider questions, such as What does it mean to work through resistance from supposed mentors, to face rejection from publishers and classmates, and to stand against traditions that silence you? and How can writers and teachers even begin to make diversity matter in meaningful ways on the page, in the classroom, and on our bookshelves? The expanded 2nd edition includes six new works, *Creating Literary Spaces*, that reach beyond the personal, beyond the present, into unknown spaces that make a difference. *How Dare We! Write* is an inspiring collection of intellectually rigorous lyric essays and innovative writing exercises; it opens up a path for inquiry, reflection, understanding, and creativity that is ultimately healing. The testimonies provide a hard-won context for their innovative paired writing experiments that are, by their very nature, generative. -- Cherise A. Pollard, PhD, Professor of English, West Chester University of Pennsylvania So-called creative writing classes are highly politicized spaces, but no one says so; to acknowledge this obvious fact would be to up-end the aesthetics, cultural politics (ideology) and economics on which most educational institutions are founded. *How Dare We! Write*, a brilliant interventive anthology of essays, breaks this silence. -- Maria Damon, Pratt Institute of Art; co-editor of *Poetry and Cultural Studies: A Reader* *How Dare We! Write* is a collection of brave voices calling out to writers of color everywhere: no matter how lonely, you are not alone; you are one in a sea of change, swimming against the currents. -- Kao Kalia Yang, author of *The Latecomer: A Hmong Family Memoir*, and *The Song Poet*, a 2017 Minnesota Book Award winner *How Dare We! Write* is a much-needed collection of essays from writers of color that reminds us that our stories need to be told, from addressing academic gatekeepers, embracing our identities, the effects of the oppressor's tongue on our psyche and to the personal narratives that help us understand who we are. ---Rodrigo Sanchez-Chavarria, writer, spoken word poet/performer and contributing author to *A Good Time for the Truth: Race In Minnesota* Learn more at <http://blog.SherryQuanLee.com> From Modern History Press www.ModernHistoryPress.com Read less

Clear and Simple as the Truth Francis-Noël Thomas, Mark Turner. 2017-03-14 Everyone talks about style, but no one explains it. The authors of this book do; and in doing so, they provoke the reader to consider style, not as an elegant accessory of effective prose, but as its very heart. At a time when writing skills have virtually disappeared, what can be done? If only people learned the principles of verbal correctness, the essential rules, wouldn't good prose simply fall into place? Thomas and Turner say no. Attending to rules of grammar, sense, and sentence structure will no more lead to effective prose than knowing the mechanics of a golf swing will lead to a hole-in-one. Furthermore, ten-step programs to better writing exacerbate the problem by failing to recognize, as Thomas and Turner point out, that there are many styles with different standards. In the first half of *Clear and Simple*, the authors introduce a range of styles--reflexive, practical, plain, contemplative, romantic, prophetic, and others--contrasting them to classic style. Its principles are simple: The writer adopts the pose that the motive is truth, the purpose is presentation, the reader is an intellectual equal, and the occasion is informal. Classic style is at home in everything from business memos to personal letters, from magazine articles to university writing. The second half of the book is a tour of examples--the exquisite and the execrable--showing what has worked and what hasn't. Classic prose is found everywhere: from Thomas Jefferson to Junichirō Tanizaki, from Mark Twain to the observations of an undergraduate. Here are many fine performances in classic style, each clear and simple as the truth. Originally published in 1994. The Princeton Legacy Library uses

the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

We Will Not Cancel Us adrienne maree brown. 2020-11-20 Cancel culture addresses real harm...and sometimes causes more. It's time to think this through. "Cancel" or "call-out" culture is a source of much tension and debate in American society. The infamous "Harper's Letter," signed by public intellectuals of both the left and right, sought to settle the matter and only caused greater division. Originating as a way for marginalized and disempowered people to take down more powerful abusers, often with the help of social media, cancel culture is seen by some as having gone "too far." Adrienne maree brown, a respected cultural voice and a professional mediator, reframes the discussion for us, in a way that points to possible ways beyond the impasse. Most critiques of cancel culture come from outside the milieu that produce it, sometimes from even from its targets. Brown explores the question from a Black, queer, and feminist viewpoint that gently asks, how well does this practice serve us? Does it prefigure the sort of world we want to live in? And, if it doesn't, how do we seek accountability and redress for harm in a way that reflects our values?

Acting Out Culture James S. Miller. 2011-01-06 Students are bombarded every day with media messages laden with rules: what makes our work valuable, our bodies ideal, our communities picture perfect. Featuring fresh readings by writers who lay bare and challenge the rules we live by, the second edition of Acting Out Culture gives students the tools they need to analyze and write critically about assumptions at the heart of cultural norms.

The *Keywords* website, which features 33 essays, provides pedagogical tools that engage the entirety of the book, both in print and online. The publication brings together essays by scholars working in literary studies and political economy, cultural anthropology and ethnic studies, African American history and performance studies, gender studies and political theory. As a whole, *Keywords for American Cultural Studies* provides an accessible A-to-Z survey of prevailing academic buzzwords and a flexible tool for carving out new areas of inquiry.

The Mulatta and the Politics of Race Teresa C. Zackodnik.2010 From abolition through the years just before the civil rights struggle began, African American women recognized that a mixed-race woman made for a powerful and, at times, very useful figure in the battle for racial justice. The Mulatta and the Politics of Race traces many key instances in which black women have wielded the image of a racially mixed woman to assault the color line. In the oratory and fiction of black women from the late 1840s through the 1950s, Teresa C. Zackodnik finds the mulatta to be a metaphor of increasing potency. Before the Civil War white female abolitionists created the image of the tragic mulatta, caught between races, rejected by all. African American women put the mulatta to diverse political use. Black women used the mulatta figure to invoke and manage American and British abolitionist empathy and to contest racial stereotypes of womanhood in the postbellum United States. The mulatta aided writers in critiquing the New Negro Renaissance and gave writers leverage to subvert the aims of mid-twentieth-century mainstream American culture. The Mulatta and the Politics of Race focuses on the antislavery lectures and appearances of Ellen Craft and Sarah Parker Remond, the domestic fiction of Pauline Hopkins and Frances Harper, the Harlem Renaissance novels of Jessie Fauset and Nella Larsen, and the little-known 1950s texts of Dorothy Lee Dickens and Reba Lee. Throughout, the author discovers the especially valuable and as yet unexplored contributions of these black women and their uses of the mulatta in prose and speech. Teresa C. Zackodnik is a professor of English at the University of Alberta in Canada.

Building Racial Competency in White Educators through the Transformative Act of Writing Paul F. Walsh. 2023-12-20 This book argues that the transformative act of writing can be used to strengthen the racial competency of White educators in profound ways, leading them to a more comprehensive consciousness regarding the way their racial identity impacts them personally and professionally. Through detailing the experiences of two White educators who engaged in a practice of deeply reflective personal narrative writing about their racial identity, this book presents written data from the participants and discusses the theoretical and practical implications of the participants' written work. It also provides a strong, evidence-informed case for using reflective writing as a tool for strengthening the racial competency of White educators in order to positively impact their students, their classrooms, and their greater school communities. Lastly, the book offers writing exercises that can be applied to contexts within and outside the field of education so that readers can start the important work of further developing their racial competency. It will appeal to researchers, teacher educators, faculty, and scholars with interest in whiteness studies and advancing antiracist pedagogies, as well as literacy education and diversity and equity in education.

Material Culture and Technology in Everyday Life Phillip Vannini. 2009 Focusing on the technoculture of everyday life, this book attempts to zero in on the simplicity and the habitual character of the interaction between humans and material objects, which is often assumed or taken for granted. Because objects are always meaningful in the pragmatic use to which they are directed, the material world of everyday life can be seen as a technoculture of its own - one made of behaviors as simple, and yet as significant, as using a lawnmower, or decorating one's body. In discussing the unique methodological components of the ethnography of the technoculture of everyday life, this book begins a dialogue on how we can examine - from the participants' perspective - the interconnections between social agents, their technological/material practices, their material objects or technics, and their social and material environment.
