Maria Czaplicka Grazyna Kubica.2020-11 This biography of the Polish British anthropologist Maria Czaplicka (1884-1921) is also a cultural study of the dynamics of the anthropological collective presented from a researcher-centric perspective. Czaplicka, together with Bronisław Malinowski, studied anthropology in London and later at Oxford, then she headed the Yenisei Expedition to Siberia (1914-15) and was the first female lecturer of anthropology at Oxford. She was an engaged feminist and an expert on political issues in Northern Asia and Eastern Europe. But this remarkable woman's career was cut short by suicide. Like many women anthropologists of the time, Czaplicka journeyed through various academic institutions, and her legacy has been dispersed and her field materials lost. Grażyna Kubica covers the major events in Czaplicka's life and provides contextual knowledge about the intellectual formation in which Czaplicka grew up, including the Warsaw radical intelligentsia and the contemporary anthropology of which she became a part. Kubica also presents a critical analysis of Czaplicka's scientific and literary works, related to the issues of gender, shamanism, and race. Kubica shows how Czaplicka's sense of agency and subjectivity enriched and shaped the practice of anthropology and sheds light on how scientific knowledge arises and is produced.

The Schoolhouse Door E. Culpepper Clark.1995-06-08 On June 11, 1963, in a dramatic gesture that caught the nation's attention, Governor George Wallace physically blocked the entrance to Foster Auditorium on the University of Alabama's campus. His intent was to defy Attorney General Nicholas Katzenbach, sent on behalf of the Kennedy administration to force Alabama to accept court-ordered desegregation. After a tense confrontation, President Kennedy federalized the Alabama National Guard and Wallace backed down, allowing Vivian Malone and James Hood to become the first African Americans to enroll successfully at their state's flagship university. That night, John F. Kennedy went on television to declare civil rights a moral issue and to commit his administration to this cause. That same night, Medgar Evers was shot dead. In *The Schoolhouse Door*, E. Culpepper Clark provides a riveting account of the events that led to Wallace's historic stand, tracing a tangle of intrigue and resistance that stretched

from the 1940s, when the university rejected black applicants outright, to the post-Brown v. Board of Education era. We are there in July 1955 when Thurgood Marshall and lawyers at the NAACP Legal Defense Fund win for Autherine Lucy and all similarly situated the right to enroll at the university. We are in the car with Lucy in February 1956 as university officials escort her to class, shielding her from a mob jeering Lynch the nigger, Keep 'Bama white, and hit the nigger whore. (After only three days, these demonstrations resulted in Lucy's expulsion.) Clark exposes the many means, including threats and intimidation, used by university and state officials to discourage black applicants following the Lucy episode. And he explains how University of Alabama president Frank Anthony Rose eventually cooperated with the Kennedy administration to ensure a smooth transition toward desegregation. We also witness Robert Kennedy's remarkable face-to-face plea for Wallace's cooperation and the governor's adamant refusal: I will never submit voluntarily to any integration in a school system in Alabama. As Clark writes, Wallace's carefully orchestrated surrender would leave the forces of white supremacy free to fight another day. And the Kennedys' public embrace of the civil rights movement would set in motion a political transformation that changed the presidential base of the Democratic party for the next thirty years. In these pages, full of courageous black applicants, fist-shaking demonstrators, and powerful politicians, Clark captures the dramatic confrontations that transformed the University of Alabama into a proving ground for the civil rights movement and gave the nation unforgettable symbols for its struggle to achieve racial justice.

Confessions of a Scholarship Winner Kristina Ellis.2013-03-20
Kristina Ellis was awarded a full scholarship through her PhD. How she managed to get that kind of a scholarship offer is revealed in this book. Raised by a single mother, Kristina appeared to have everything stacked against her -- years of living

below the poverty level, imperfect grades and sub-par SAT scores. Yet Kristina discovered the secrets to effectively presenting herself as a unique and desirable scholarship candidate. And she's sharing her secrets for scholarship success with students (and their parents) so that they too can obtain money for college.

Voyage of a Spirit Friend Shivangi Puri Dewan.2020-01-09 All her school life, Tanya had been a socially awkward individual with very few friends. However, from the day she starts college, she wants to change her nature of being a loner. After joining college, she meets a young man, Chetan, and falls in love with him but later discovers a surprising fact about him that opens the door to a whole new world for her. Despite all the academic struggles, she eventually makes it into a Master's program in a reputed university. On her first day there, a senior professor announces that she did not get admission by merit but because one of the associate professors was impressed by her profile, and had thus fought for her admission. With time, the associate professor and Tanya get attracted to each other while she is still dating Chetan. With an active sex life, she enjoys the attention of two successful men. The story revolves around her confusion between the two love interests in her life.

Nationally Competitive Scholarships National Association of Fellowships Advisors. Conference.2007-07-01 Guidance for students applying for national scholarships Nationally competitive scholarship programs attract thousands of applicants every year for a relatively small number of awards. Providing informed and dedicated support to applicants is the critical and fundamental goal of the National Association of Fellowships Advisors (NAFA). The thirteen essays in this volume are a direct result of the 2005 NAFA conference held in Louisville. Contributors include both scholarship advisors and representatives of the Truman and Marshall foundations as well as the former executive director of the US-UK Fulbright Commission. These essays provide practical information ranging from helping faculty write persuasive letters

of recommendation to serving international students effectively to negotiating the British and Irish high-educational systems. In addition to providing the students with useful tips, these essays also reflect on the broader impact of the application process. They address the successes of students who do not win as well as the public-service involvement of those who do as they give back to their campus, local, and global communities.

The Friend of My Youth Jim Farrell.2023-06-25 Robert Penn Warren in his masterpiece *All the King's Men* said you never forget the friend of your youth. No matter how he changes, he is always the same to you. This is a story of two such friends. How their lives go down separate paths, but their friendship remains. Even though they change, they are always the same to each other.

Edvard Grieg in England Lionel Carley.2006 A fascinating exploration of Grieg's visits to England and what the country meant to him, showing how it had a far greater impact on his life and career than has hitherto been recorded. When Edvard Grieg came to give his first concerts in London, he had the world at his feet. As the first composer to transmute the sights and sounds of his own spectacular country into music, he was held to be both prophet and pioneer, and English writers described him as the most popular of all living composers, commenting, when he returned to London the following year, on the 'Grieg fever' that raged in the capital. Between 1862 and 1906 Grieg spent some six months of his life in this country, for most of the time engaged in giving concerts of his own music as conductor, solo pianist and accompanist. Celebrated by his fellow musicians - among them Delius, Parry, Henry Wood and Grainger - Grieg was befriended by royalty, heaped with honours that included doctoral degrees from Cambridge and Oxford, pleaded in high quarters the cause of Norwegian independence, and found new friends who effected a profound change in his religious outlook. This book explores the

impact he had on England as well as examining what the country meant to him, showing how England had a far greater influence on Grieg's life and career than has hitherto been recorded. It also offers an array of fascinating insights into the musical life and milieu of the time. LIONEL CARLEY is honorary archivist of the Delius Trust and respected author of many books about Delius. Modern Lusts Detlef Siegfried.2020-07-01 As a jazz musician, filmmaker, anthropologist, sexologist, and crime novelist, the boundlessly curious German autodidact Ernest Borneman exemplified the conflicting cultural and intellectual currents of the twentieth century. In this long-awaited English translation, acclaimed historian Detlef Siegfried chronicles Borneman's journey from a young Jewish Communist in Nazi Berlin to his emergence as a celebrated (and reliably controversial) transatlantic polymath. Through an innovative structure organized around the human senses, this biography memorably portrays a figure whose far-flung obsessions comprised a microcosm of postwar intellectual life.

Scholarships 101 Kimberly Ann STEZALA.2008-07-23 In the next five years, sixteen million high school students will graduate, making up the largest group of high school graduates in this country's history. Those students who are fortunate enough to be on the honor roll or the star quarterback of the football team will have access to the best scholarships. But what will happen to the rest of them—those students who have the potential for a great college career, but not necessarily the financial backing to attend the school of their dreams? Author Kimberly Stezala passionately believes that every student should have access to a quality education. Now, she shows parents and their kids how to approach the scholarship process like a pro. Filled with inspiring advice from successful students and scholarship providers, *Scholarships 101* shows aspiring college students how to: apply for those scholarships that are the best match for their profile and skills • create a scholarship application that will stand apart from the rest and impress the judges • find the buried treasure of scholarships that aren't necessarily available on common websites • build a team of supporters in their scholarship quest Straightforward and savvy, this book provides the extra boost many students need to plan for their futures and receive the education they deserve.

Rising From the Ashes of Bengal's Partition Jiban Mukhopadhyay.2019-08-30 Usually books on partition are sob stories, but not this one. 'Rising from the Ashes of Bengal's Partition' is an untold story of the journey of a child born around the time of partition, who battled many hurdles and aspired to lead a new life - like a Phoenix. This is a story of his - and his generation's - unflinching determination to move ahead. This is the story of the real people who did not curse their fate and sit idle shedding tears. It covers a child's - and his generations - torturous journey from refugee camps and colonies to the world above the sky. The story covers a span of seven decades of time

and space - people and events, politics and economics, corporates and their leaders and above all the kaleidoscopic panorama across the journey through Bengal and India. The book opens up several untraveled terrains - personal experiences, a person's struggle, sufferings, tears, joys and smiles. It documents people's perception about critical contemporary events, which conventional history does not cover. The author writes from the ringside, for example on how it was to work for the most reputed corporate of the country and, what happened in the business and economy when the 'Tiger' was 'Uncaged.' Sure, readers would like to run through the author's experiences. The author has poured his heart and soul out into writing this story.

Scripture, Cultures, and Criticism K. K. Yeo.2022-08-23 This collection of nineteen representative essays is a Festschrift written by former colleagues and students in honor of Prof. Dr. Robert Jewett (1933-2020) and his legacy. Our hope is that future generations of Bible readers will find this textbook on biblical interpretation helpful for navigating through the strong winds of exegetical, theological, and hermeneutical methods. Jewett's expansive research interests have inspired each author in this tribute volume, each of whom has witnessed to the ways that helmsman Jewett has navigated through the often-choppy ocean waters of biblical interpretation--as well as the complex, changing world of religion, sacred texts, films and popular culture, psychology and sociology, politics and Pauline studies.

The Revelation of Gabriel Adam S.L. Duncan. 2014-12-22 Alessia Jacobs is a typical sixteen-year-old, dying to get out of her small Maine town. Things look up when a new family comes to town. But as she begins to fall for the hot, mysterious son, Jonah, her life turns upside down. Weird visions of transforming into an otherworldly falcon are just the beginning. Soon she learns she's part of the Benandanti, an ancient cult of warriors with the

unique power to separate their souls from their bodies and take on the forms of magnificent animals. Alessia never would've suspected it, but her boring town is the site of an epic struggle between the Benandanti and the Malandanti to control powerful magic in the surrounding forest. As Alessia is drawn into the Benandanti's mission, her relationship with Jonah intensifies. Suddenly forced to weigh choices a sixteen-year-old should never have to make, Alessia witnesses two worlds colliding with devastating consequences.

Learning from Children Mary E. Hauser.2006 This is the first published biography of Caroline Pratt, an innovative progressive educator who founded the City and Country School in Greenwich Village, New York, in 1914. It provides a feminist analysis of Pratt's life and work that adds a new dimension to our appreciation of her contributions to progressive education. Learning from Children also shows how an analysis of Pratt's work can inform our understanding of current critical issues in educational policy and practice. Caroline Pratt's story will enliven courses on history of education, foundations of early childhood education, and women's history topics.

Teaching and Testing Second Language Pragmatics and Interaction Carsten Roever.2021-09-30 Pragmatic ability is crucial for second language learners to communicate appropriately and effectively; however, pragmatics is underemphasized in language teaching and testing. This book remedies that situation by connecting theory, empirical research, and practical curricular suggestions on pragmatics for learners of different proficiency levels: It surveys the field comprehensively and, with useful tasks and activities, offers rich guidance for teaching and testing L2 pragmatics. Mainly referring to

pragmatics of English and with relevant examples from multiple languages, it is an invaluable resource for practicing teachers, graduate students, and researchers in language pedagogy and assessment.

The Professor Is In Karen Kelsky.2015-08-04 The definitive career guide for grad students, adjuncts, post-docs and anyone else eager to get tenure or turn their Ph.D. into their ideal job Each year tens of thousands of students will, after years of hard work and enormous amounts of money, earn their Ph.D. And each year only a small percentage of them will land a job that justifies and rewards their investment. For every comfortably tenured professor or well-paid former academic, there are countless underpaid and overworked adjuncts, and many more who simply give up in frustration. Those who do make it share an important asset that separates them from the pack: they have a plan. They understand exactly what they need to do to set themselves up for success. They know what really moves the needle in academic job searches, how to avoid the all-too-common mistakes that sink so many of their peers, and how to decide when to point their Ph.D. toward other, non-academic options. Karen Kelsky has made it her mission to help readers join the select few who get the most out of their Ph.D. As a former tenured professor and department head who oversaw numerous academic job searches, she knows from experience exactly what gets an academic applicant a job. And as the creator of the popular and widely respected advice site *The Professor is In*, she has helped countless Ph.D.'s turn themselves into stronger applicants and land their dream careers. Now, for the first time ever, Karen has poured all her best advice into a single handy guide that addresses the most important issues facing any Ph.D., including: -When, where, and what to publish -Writing a foolproof grant application -Cultivating references and crafting the perfect CV -Acing the job talk and campus interview -Avoiding the adjunct trap -Making the leap to nonacademic work, when the time is right *The Professor Is In*

addresses all of these issues, and many more.

Guido Goldman Martin Klingst.2021-10-15 A careful reconstruction of the life of Guido Goldman, founder of the German Marshall Fund and Harvard University's Center for European Studies. "In his distinguished career, Guido Goldman has made important contributions to both the American and German societies in art, education, and their political evolution. He has created essential institutions to enhance the interaction of America and Germany. And he has been an inspiring and reliable friend through a long life."—Henry Kissinger The son of Nahum Goldmann, who was the founder of the World Jewish Congress, Guido Goldman was one of the most distinguished protagonists of the reintegration of Germany into the international community after the defeat of Nazism in 1945. His large network of friends and interlocutors included Willy Brandt and Helmut Kohl, Henry Kissinger and Ronald Reagan, Harry Belafonte and Marlene Dietrich. His generous philanthropy extended to the preservation of non-Western cultures threatened by extinction, such as the IKAT project through which he revived the unique ancient textile arts of Central Asia. From the preface Almost no one knows about Goldman. Although not without vanity, he never sought the spotlight, preferring to hang back quietly, pulling strings from behind the scenes. Nonetheless, he was a key figure in contemporary history; his life story reflects the twists and turns of a century of German, Jewish, European, and American history. His biography allows us to observe the continued impact of the Nazi era, the Cold War, and American racism; as if through a magnifying glass, we can examine the abysses, hopes, longings, successes, and defeats of the twentieth century. These twentieth-century events and emotions have not disappeared; they continue to resonate in our own world.

A short history of electronic music Johann

Merrich.2021-07-20T00:00:00+02:00 The majority of books covering the birth and development of electroacoustic and electronic music do seem to only give us a partial overview of this peculiar aspect of contemporary cultural production; essays and monographs provide an androcentric view on the subject, rarely mentioning the contribution of inventresses, female composers and theorists. The "young" age of electronic music - together with the traditional privilege granted by historians to the productions of North America and some European countries - contribute in obstructing the drafting of a paritary, diagonal and comprehensive view of this topic. This book aims to open a new perspective on electronic music history; If we want to write a new, more inclusive and equitable future, we will have to look at the facts by training a curious gaze, stripped of mechanically reiterated certainties. From the birth of the Theremin to the first commercial software intended for the production of computer music, from Japan to Russia passing through Europe and the

American Continent, each chapter of this book deals with a specific moment of the history of electronic music narrated through the compositions and experiences of women composers. Addressed to lovers of electronic music, scholars and non-experts, *A Short History of Electronic Music and its Women Protagonists* discloses a new and vibrating universe of untold stories.
