The Gospel In The Setting Of End-Time Events Leonard Philps Tolhurst.2022-06-09 Since the beginning, Seventh-day Adventists have developed a high interest in Bible prophecy. In addition to studying end-time events, early Seventh-day Adventists also focused on studying and teaching distinguished doctrines such as the Second Coming, the sanctuary, the state of the dead, the three angels' messages, the Sabbath, and the Ten Commandments. Only after the 1888 Minneapolis General Conference did Seventh-day Adventists start to give attention to the important truth of righteousness by faith. This very teaching, which almost split the church in 1888, has been a reason for debate and theological controversy. This book was written because understanding righteousness by faith and the end-time events are essential for every believer. Pastor Leonard Tolhurst devotes several chapters to clearly outline what righteousness by faith is and what it is not. He also addresses some difficult topics, such as the human nature of Christ. A person's view on whether Jesus had a sinful or sinless nature determines, to a large extent, his or her understanding of righteousness by faith. Some chapters deal with the 2,300-day prophecy of Daniel and their interpretations by futurists and preterists. The second half of the book focuses on end-time events: the three angels' messages, the latter rain, the sealing, Armageddon, among others. It ends with the Second Coming and the millennium. Each chapter is filled with Bible texts, Ellen G. White quotes, and a list of Supportive

Sources for further study. The book is a tremendous resource for Bible teachers, ministers, and church members.

Significantly, the volume reflects the combined insights of three superior (younger) biblical scholars. Throughout the book they draw on state-of-the-art research on the canonical shape and shaping of the Psalter and evidence a nuanced attention to the poetic nature of the psalms.

Sketches from the Life of Paul Ellen Gould Harmon

Paul and Union with Christ Constantine R.

Campbell.2015-05-05 Paul and Union with Christ fills the gap for biblical scholars, theologians, and pastors pondering and debating the meaning of union with Christ. Following a selective survey of the scholarly work on union with Christ through the twentieth century to the present day, Greek scholar Constantine Campbell carefully examines every occurrence of the phrases 'in Christ', 'with Christ', 'through Christ', 'into Christ,' and other related expressions, exegeting each passage in context and taking into account the unique lexical contribution of each Greek preposition. Campbell then builds a holistic portrayal of Paul's thinking and engages contemporary theological discussions about union with Christ by employing his evidence-based understanding of the theme. This volume combines high-level scholarship and a concern for practical application of a topic currently debated in the academy and the church. More than a monograph, this book is a helpful reference tool for students, scholars, and pastors to consult its treatment of any particular instance of any phrase or metaphor that relates to union with Christ in the Pauline corpus.
