Traditions & Encounters Volume 1 From the Beginning to 1500 Herbert Ziegler, Jerry Bentley. 2014-10-08 Traditions & Encounters offers an inclusive vision of the global past—one that is meaningful and appropriate for the interdependent world of contemporary times. Given the diversity of human societies, gathering and organizing the sheer mass of information in a meaningful way is a daunting challenge for any world history survey course. The seven-part chronological organization enables students to understand the development of the world through time, while also exploring broader, big-picture thematic issues in world history. Through new and revised chapter-level and part-level features, the hallmark twin themes of traditions and encounters emerge in greater clarity than ever before in this sixth edition. As a result, students have resources that enable them to move beyond the facts of history and examine the past critically, analyze causes and effects, and recognize similarities and differences across world regions and time periods. By digging deeper into the implications of world history's stories—not just the who, the what, and the where, but also the why and the how—students can make sense of the human past. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

Pagans and Christians in the Late Roman Empire Marianne Sághy, Edward M. Schoolman. 2017-10-10 Do the terms 'pagan' and 'Christian,' 'transition from paganism to Christianity' still hold as explanatory devices to apply to the political, religious and cultural transformation experienced Empire-wide? Revisiting 'pagans' and 'Christians' in Late Antiquity has been a fertile site of scholarship in recent years: the paradigm shift in the interpretation of the relations between 'pagans' and 'Christians' replaced the old 'conflict model' with a subtler, complex approach and triggered the upsurge of new explanatory models such as multiculturalism, cohabitation, cooperation, identity, or group cohesion. This collection of essays, inscribes itself into the revisionist discussion of pagan-Christian relations over a broad territory and time-span, the Roman Empire from the fourth to the eighth century. A set of papers argues that if 'paganism' had never been fully extirpated or denied by the multiethnic educated elite that managed the Roman Empire, 'Christianity' came to be presented by the same elite as providing a way for a wider group of people to combine true philosophy and right religion. The speed with which this happened is just as remarkable as the long persistence of paganism after the sea-change of the fourth century that made Christianity the official religion of the State. For a long time afterwards, 'pagans' and 'Christians' lived 'in between' polytheistic and monotheist traditions and disputed Classical and non-Classical legacies.

The Great Encounter of China and the West, 1500-1800 David E. Mungello.2005 In the twenty-first century, China has emerged as the leading challenger to U.S. global dominance. China is often seen as a sleeping giant, emerging out of poverty, backwardness, and totalitarianism and moving toward modernization. However, history shows that this vast country is not newly awakening, but rather returning to its previous state of world eminence. With this compelling perspective in mind, D. E. Mungello convincingly shows that contemporary relations between China and the West are far more like the 1500-1800 period than the more recent past. This fully revised second edition retains the clear and concise qualities of its predecessor, while developing important new social and cultural themes such as gender, sexuality, music, and technology. Drawing from the author's thirty years of experience teaching world history, this book illustrates the importance of history to students and general readers trying to understand today's world.

Command Of The Air General Giulio Douhet. 2014-08-15 In the pantheon of air power spokesmen, Giulio Douhet holds center stage. His writings, more often cited than perhaps actually read, appear as excerpts and aphorisms in the writings of numerous other air power spokesmen, advocates-and critics. Though a highly controversial figure, the very controversy that surrounds him offers to us a testimonial of the value and depth of his work, and the need for airmen today to become familiar with his thought. The progressive development of air power to the point where, today, it is more correct to refer to aerospace power has not outdated the notions of Douhet in the slightest. In fact, in many ways, the kinds of technological capabilities that we enjoy as a global air power provider attest to the breadth of his vision. Douhet, together with Hugh "Boom" Trenchard of Great Britain and William "Billy" Mitchell of the United States, is justly recognized as one of the three great spokesmen of the early air power era. This reprint is offered in the spirit of continuing the dialogue that Douhet himself so perceptively began with the first edition of this book, published in 1921. Readers may well find much that they disagree with in this book, but also much that is of enduring value. The

vital necessity of Douhet's central vision-that command of the air is all important in modern warfare-has been proven throughout the history of wars in this century, from the fighting over the Somme to the air war over Kuwait and Iraq.

The text offers the Catholic perspective on interreligious dialogue, an overview of basic questions that religions address, and Ninian Smart's seven dimensions of religion. A glossary and word pronunciations in each chapter help students learn unfamiliar terms. In addition, the second edition of this text incorporates the following new features: a new chapter on modern trends in religion; new, more detailed maps; a new section on the Aztec religion of Mesoamerica; a sidebar in each chapter offering examples of the seven dimensions of religion; and review questions at the end of each chapter.
