**Muslim Women Online** Anna Piela.2013-06-17 While issues surrounding Muslim women are common in the international media, the voices of Muslim women themselves are largely absent from media coverage and despite the rapidly increasing presence of Muslim women in online groups and discussions, it is still a relatively unexplored topic.This book examines Muslim women in transnational online groups, and their views on education, culture, marriage, sexuality, work, dress-code, race, class and sisterhood. Looking at both egalitarian and traditionalist Muslim women's views, the author considers their interpretations of Islam and identifies a new category of holists who focus on developing the Islamic sisterhood. Drawing on detailed analysis of online transcripts, she highlights women's rhetorical techniques and the thorough knowledge of Islamic sources which they use to justify their points in online discussions. She details how in the online context, as opposed to offline interactions, Muslim women are much more willing to cross boundaries between traditionalist and egalitarian interpretations of Islam and women's Islamic rights and responsibilities and to develop collaborative interpretations with supporters of different views. Shedding light on a candid and forthright global community, this book is an important contribution to the debate on women in Islam, and as such will be of interest to scholars and students of Islamic studies, gender studies, media studies and the Middle East.

**America Alone** Mark Steyn.2008-04-07 It's the end of the world as we know it... Someday soon, you might wake up to the call to prayer from a muezzin. Europeans already are. And liberals will still tell you that diversity is our strength--while Talibanic enforcers cruise Greenwich Village burning books and barber shops, the Supreme Court decides sharia law doesn't violate the separation of church and state, and the Hollywood Left decides to give up on gay rights in favor of the much safer charms of polygamy. If you think this can't happen, you haven't been paying attention, as the hilarious, provocative, and brilliant Mark Steyn--the most popular conservative columnist in the English-speaking world--shows to devastating effect. The future, as Steyn shows, belongs to the fecund and the confident. And the Islamists are both, while the West is looking ever more like the ruins of a civilization. But America can survive, prosper, and defend its freedom only if it continues to believe in itself, in the sturdier virtues of self-reliance (not government), in the centrality of family, and in the conviction that our country really is the world's last best hope. Mark Steyn's America Alone is laugh-out-loud funny--but it will also change the way you look at the world.

**Muslim Girl** Umm Zakiyyah.2014-04-24 Faith turns to shame, confidence to doubt, and conviction to rebellion. Inaya was only nine when her mother converted to Islam and moved the family to Saudi Arabia. Now, at sixteen years old, Inaya returns to America and decides to remove her Muslim clothes and hide her religion at school. ...And she hopes to get the attention of a boy she likes. But she has no idea how to hide this double life from her mother, and from everyone who admires her strong faith.

**The Years of Rice and Salt** Kim Stanley Robinson.2003-06-03 With the same unique vision that brought his now classic Mars trilogy to vivid life, bestselling author Kim Stanley Robinson boldly imagines an alternate history of the last seven hundred years. In his grandest work yet, the acclaimed storyteller constructs a world vastly different from the one we know. . . . "A thoughtful, magisterial alternate history from one of science fiction's most important writers."—The New York Times Book Review It is the fourteenth century and one of the most apocalyptic events in human history is set to occur—the coming of the Black Death. History teaches us that a third of Europe's population was destroyed. But what if the plague had killed 99 percent of the population instead? How would the world have changed? This is a look at the history that could have been—one that stretches across centuries, sees dynasties and nations rise and crumble, and spans horrible famine and magnificent innovation. Through the eyes of soldiers and kings, explorers and philosophers, slaves and scholars, Robinson navigates a world where Buddhism and Islam are the most influential and practiced religions, while Christianity is merely a historical footnote. Probing the most profound questions as only he can, Robinson shines his extraordinary light on the place of religion, culture, power—and even love—in this bold New World. "Exceptional and engrossing."—New York Post "Ambitious . . . ingenious."—Newsday

**All American Yemeni Girls** Loukia K. Sarroub.2013-11-25 Based on more than two years of fieldwork conducted in a Yemeni community in southeastern Michigan, this unique study examines Yemeni American girls' attempts to construct and make sense of their identities as Yemenis, Muslims, Americans, daughters of immigrants, teenagers, and high school students. All American Yemeni Girls contributes substantially to our understanding of the impact of religion on students attending public schools and the intersecting roles school and religion play in the lives of Yemeni students and their families. Providing a valuable background on the history of Yemen and the migration of Yemeni people to the United States, this is an eye-opening account of a group of people we hear about every day but about whom we know very little. Through a series of intensive interviews and field observations, Loukia K. Sarroub discovered that the young Muslim women shared moments of optimism and desperation and struggled to reconcile the America they experienced at school with the Yemeni lives they knew at home. Most significant, Sarroub found that they often perceived themselves as failing at being both American and Yemeni. Offering a distinctive analysis of the ways ethnicity, culture, gender, and socioeconomic status complicate lives, Sarroub examines how these students view their roles within American and Yemeni societies, between institutions such as the school and the family, between ethnic and Islamic visions of success in the United States. Sarroub argues that public schools serve as a site of liberation and reservoir of contested hope for students and teachers questioning competing religious and cultural pressures. The final chapter offers a rich and important discussion of how conditions in the United States encourage the rise of extremism and allow it to flourish, raising pressing questions about the role of public education in the post-September 11 world. All American Yemeni Girls offers a fine-grained and compelling portrait of these young Muslim women and their endeavors to succeed in American society, and it brings us closer to understanding an oft-cited but little researched population.

Hayat Shah is a young American in love for the first time. His normal life of school, baseball, and video games had previously been distinguished only by his Pakistani heritage and by

the frequent chill between his parents, who fight over things he is too young to understand. Then Mina arrives, and everything changes. American Dervish is a brilliantly written, nuanced, and emotionally forceful look inside the interplay of religion and modern life.

**Threading My Prayer Rug** Sabeeha Rehman.2016-06-14 SHORTLISTED FOR THE WILLIAM SAROYAN INTERNATIONAL PRIZE FOR WRITING. ONE OF BOOKLIST'S TOP TEN RELIGION AND SPIRITUALITY BOOKS. ONE OF BOOKLIST'S TOP TEN DIVERSE NONFICTION BOOKS. Honorable Mention in the San Francisco Book Festival Awards, Spiritual Category A 2019 United Methodist Women Reading Program Selection This enthralling story of the making of an American is a timely meditation on being Muslim in America today. Threading My Prayer Rug is a richly textured reflection. It is also the luminous story of many journeys: from Pakistan to the United States in an arranged marriage that becomes a love match lasting forty-five years; from secular Muslim in an Islamic society to devout Muslim in a society ignorant of Islam, and from liberal to conservative to American Muslim; from bride to mother; and from an immigrant intending to stay two years to an American citizen, business executive, grandmother, and tireless advocate for interfaith understanding. Beginning with a sweetly funny, moving account of her arranged marriage, the author undercuts stereotypes and offers the refreshing view of an American life through Muslim eyes. Sabeeha was doing interfaith work for Imam Feisal A. Rauf, the driving force behind the Muslim community center near Ground Zero, when the backlash began. She recounts what that experience revealed about American society and in a new preface discusses Islam in America in the time of Trump.

*What Is an American Muslim?* Abdullahi Ahmed An-Na'im, 'Abd Allāh Aḥmad Na'im.2014-03 Abdullah An-na'im offers a pioneering exploration of American Muslim citizenship and identity, arguing against the prevalent emphasis on majority-minority politics and instead promoting a shared citizenship that both accommodates and transcends religious identity. Many scholars and community leaders have called on American Muslims to engage with or integrate into mainstream American culture. Such calls tend to assume that there is a distinctive, monolithic, minority religious identity for American Muslims. Rejecting the closed categories that determine the minority status of a particular group and that, in turn, impede active, engaged citizenship, An-na'im draws attention to the relational nature of identity, emphasizing a common base of national membership and advancing a legal approach to a public recognition of a person's status as citizen. Rather than perceive themselves or accept being perceived by others as a monolithic minority, he argues, American Muslims should view themselves as American citizens who happen to be Muslims. As American citizens, they share a vast array of identities with other American citizens, whether ethnic, political, or socio-economic. But none of these identities qualify or limit their citizenship. An-na'im urges members of the American Muslim community to take a proactive, affirmative view of their citizenship in order to realize their rights fully and fulfill their obligations in social and cultural as well as political and legal terms. He shows that the freedom to associate with others in order to engage in civic action to advance rights and interests is integral to the underlying rationale of citizenship and not something that must be relinquished to become an American citizen. *What Is an American Muslim?* provides acute insight into the nature of citizenship and identity, the place of religious affiliation in American society, and what it means to share in a collective identity.

**Love, InshAllah** Nura Maznavi, Ayesha Mattu.2012-02-01 This "book that strips off the traditional trappings of Islamic womanhood to expose the special strengths and vulnerabilities that lie beneath" (The Washington Post) affirms the reality of the romantic lives of Muslim women. Romance, dating, sex and—Muslim women? And a Southern woman agrees to consider an arranged marriage, with surprising results. These compelling stories of love and romance create an irresistible balance of heart-warming and tantalizing, always revealing and deeply relatable. "A beautiful collection that reminds us all not only of the diversity of the American Muslim community, but the universality of the human condition, especially when it comes to something as magical and complicated as love." —Reza Aslan, #1 New York Times bestselling author of *God: A Human History* "Portraits of private lives that expose a group in some cases kept literally veiled, yet that also illustrate that American Muslim women grapple with universal issues." —The New York Times

*From Victims to Suspects* Shakira Hussein.2019-02-26 Drawing on interviews and examples from across the globe, this book tackles the shifting narratives surrounding Muslim women. Once regarded as passive victims waiting to be rescued, Muslim women are now widely regarded as arbiters of terror and a potential threat to be kept under control. Drawing on interviews and examples from around the world including Afghanistan, Pakistan, Europe, and North America, Shakira Hussein shows how this shift in attitude has taken place and how it impacts feminism, multiculturalism, race, and religion on a global scale. She argues that alongside the fear of Islamic terrorism is a growing fear of Islam as a cultural hazard that is undermining Western society from within. Muslim women, the transmitters of cultural practices, are frequently seen to play a key role in this.

Hussein's work makes for a compelling read, offering a unique perspective on what it means to be a Muslim woman post-9/11.

Muslim Women, Transnational Feminism and the Ethics of Pedagogy Lisa K. Taylor, Jasmin Zine. 2014-06-27 Following a long historical legacy, Muslim women's lives continue to be represented and circulate widely as a vehicle of intercultural understanding within a context of the war on terror. Following Edward Said's thesis that these cultural forms reflect and participate in the power plays of empire, this volume examines the popular and widespread production and reception of Muslim women's lives and narratives in literature, poetry, cinema, television and popular culture within the politics of a post-9/11 world. This edited collection provides a timely exploration into the pedagogical and ethical possibilities opened up by transnational, feminist, and anti-colonial readings that can work against sensationalized and stereotypical representations of Muslim women. It addresses the gap in contemporary theoretical discourse amongst educators teaching literary and cultural texts by and about Muslim Women, and brings scholars from the fields of education, literary and cultural studies, and Muslim women's studies to examine the politics and ethics of transnational anti-colonial reading practices and pedagogy. The book features interviews with Muslim women artists and cultural producers who provide engaging reflections on the transformative role of the arts as a form of critical public pedagogy.

**Muslim Cool** Su'ad Abdul Khabeer. 2016-12-06 Interviews with young Muslims in Chicago explore the complexity of identities formed at the crossroads of Islam and hip hop This groundbreaking study of race, religion and popular culture in the 21st century United States focuses on a new concept, "Muslim Cool." Muslim Cool is a way of being an American Muslim—displayed in ideas, dress, social activism in the 'hood, and in complex relationships to state power. Constructed through hip hop and the performance of Blackness, Muslim Cool is a way of engaging with the Black American experience by both Black and non-Black young Muslims that challenges racist norms in the U.S. as well as dominant ethnic and religious structures within American Muslim communities. Drawing on over two years of ethnographic research, Su'ad Abdul Khabeer illuminates the ways in which young and multiethnic US Muslims draw on Blackness to construct their identities as Muslims. This is a form of critical Muslim self-making that builds on interconnections and intersections, rather than divisions between "Black" and "Muslim." Thus, by countering the notion that Blackness and the Muslim experience are fundamentally different, Muslim Cool poses a critical challenge to dominant ideas that Muslims are "foreign" to the United States and puts Blackness at the center of the study of American Islam. Yet Muslim Cool also demonstrates that connections to Blackness made through hip hop are critical and contested—critical because they push back against the pervasive phenomenon of anti-Blackness and contested because questions of race, class, gender, and nationality continue to complicate self-making in the United States.

Muslim Girl Amani Al-Khatahtbeh. 2017-09-12 At nine years old, Amani Al-Khatahtbeh watched from her home in New Jersey as two planes crashed into the World Trade Center on September 11, 2001. Why I Am a Muslim Asma Gull Hasan.2005 The press has been filled with information and misinformation about the true nature of Islam. Hasan represents what is left out of the daily newspapers and explains why being a Muslim is not merely a matter of birth, but it is a matter of choice. In the wake of 9-11, the activities of Osama Bin Laden and Hamas, and the most recent Gulf War, the western press has been filled with information and mis-information about the true nature of Islam. Is it a feudal misogynist belief system that is a threat to Western values? Is it an ideology of oppression? Or, is it a religion that is as varied as Christianity; a big tent that includes not only bomb-throwing ideologues, but also those committed to an authentic spirituality that embraces many of the values shared by the mainstream in Europe and America? Why I am a Muslim is an attempt to grapple with these issues. Part memoir, part polemic, it represents the side of Islam that is left out of the daily newspapers. For Hasan, being a Muslim is not merely a matter of birth, but it is a matter of choice. In seven chapters, she presents seven reasons why she is committed to Islam and why it is a viable spiritual option for anyone. 1. Because I

**Islam Is a Foreign Country** Zareena Grewal.2014 Considers the question: what does it mean to be Muslim and American? In *Islam Is a Foreign Country*, Zareena Grewal explores some of the most pressing debates about and among American Muslims: what does it mean to be Muslim and American? Who has the authority to speak for Islam and to lead the stunningly diverse population of American Muslims? Do their ties to the larger Muslim world undermine their efforts to make Islam an American religion? Offering rich insights into these questions and more, Grewal follows the journeys of American Muslim youth who travel in global, underground Islamic networks. Devoutly religious and often politically disaffected, these young men and women are in search of a home for themselves and their tradition. Through their stories, Grewal captures the multiple directions of the global flows of people, practices, and ideas that connect U.S. mosques to the Muslim world. By examining the tension between American Muslims' ambivalence toward the American mainstream and their desire to enter it, Grewal puts contemporary debates about Islam in the context of a long history of American racial and religious exclusions. Probing the competing obligations of American Muslims to the nation and to the umma (the global community of Muslim believers), *Islam Is a Foreign Country* investigates the meaning of American citizenship and the place of Islam in a global age.
