From Skin to Heart Paolo Santangelo, Ulrike Middendorf. 2006 Just like the self, sensations and emotions expressed in literature are elusive issues. Necessarily separated from living reality and yet, in a sense, a mirror of it, linguistic coding of bodily feeling and emotional feeling became subject of avid interest among scholars of historical emotion research and the history of mentality in intra- and intercultural perspectives. This volume combines eleven essays with critical discussions concerning the bidirectional network of sense perception and emotion. Exploring the theme from different angles - psychological, medical, and literary - *From Skin to Heart* highlights the intimate interrelationship between bodily sensations, states of mind, and the emotions from pain, illness, and self-destruction to love-sickness and self-sacrifice in early Chinese poetry and ethics and late imperial lyrics and narrative. The partly descriptive, partly analytical essays are contributions of a new wave of Continental and American sinology that, inspired by cultural studies, discourse analysis, and rhetorical analysis, offers fresh views on body and psyche as locked into and emerging from Chinese primary sources. An appendix provides additional examples of the rich linguistic material referring to phenomena of sense perception and the affective sphere and their interdependence.

Songs of Contentment and Transgression Tian Yuan Tan. 2020-10-26 A discharged official in mid-Ming China faced significant changes in his life. This book explores three such officials in the sixteenth century—Wang Jiushi, Kang Hai, and Li Kaixian—who turned to literary endeavors when forced to retire. Instead of the formal writing expected of scholar-officials, however, they chose to engage in the stigmatized genre of *qu* (songs), a collective term for drama and *sanqu*. As their efforts reveal, a disappointing end to an official career and a physical move away from the center led to their embrace of *qu* and the pursuit of a marginalized literary genre. This book also attempts to sketch the largely unknown literary landscape of mid-Ming north China. After their retirements, these three writers became cultural leaders in their native regions. Wang, Kang, and Li are studied here not as solitary writers but as central figures in the “*qu* communities” that formed around them. Using such communities as the basic unit in the study of *qu* allows us to see how *sanqu* and drama were produced, transmitted, and “used” among these writers, things less evident when we focus on the individual.

Women and National Trauma in Late Imperial Chinese Literature Wai-yee Li. 2020-10-26 The Ming-Qing dynastic transition in seventeenth-century China was an epochal event that reverberated in Qing writings and beyond; political disorder was bound up with vibrant literary and cultural production. *Women and National Trauma in Late Imperial Chinese Literature* focuses on the discursive and imaginative space commanded by women. Encompassing writings by women and by men writing in a feminine voice or assuming a female identity, as well as writings that turn women into a signifier through which authors convey their lamentation, nostalgia, or moral questions for the fallen Ming, the book delves into the mentality of those who remembered or reflected on the dynastic transition, as well as those who reinvented its significance in later periods. It shows how history and literature intersect, how conceptions of gender mediate the experience and expression of political disorder. Why and how are variations on themes related to gender boundaries, female virtues, vices, agency, and ethical dilemmas used to allegorize national destiny? In pursuing answers to these questions, Wai-yee Li explores how this multivalent presence of women in different genres provides a window into the emotional and psychological turmoil of the Ming-Qing transition and of subsequent moments of national trauma. 2016 Joseph Levenson Book Prize, Pre-1900 Category, China and Inner Asia Council of the Association for Asian Studies

Further Adventures on the Journey to the West Master of Silent Whistle Studio. 2020-10-15 As the audacious Monkey King battles his way through a landscape of inexplicable places and

unfamiliar passions, *Further Adventures on the Journey to the West* offers a wry, revisionist critique of the late-Ming fascination with desire. Building on the great sixteenth-century novel *Journey to the West*, which recounts the escapades of a monk and three companions traveling to India in search of Buddhist scriptures to carry back to China, this sequel is a parable of self-delusion that explores the tension between desire and emptiness from a Buddhist perspective. The consummate literati novel, written by an accomplished artist for a well-educated readership, it is filled with allusions and parodies and features a dream-sequence narrative that is innovative and sophisticated even by modern standards. This new, fully annotated translation by two acclaimed scholars and translators brings to life this remarkably inventive, playful early modern text. The volume includes the original commentaries and illustrations, a critical introduction and afterword, and notes that highlight the sources of the novel's intertextual references, revealing the author's erudition and versatility.

The Ikigai Journey Hector Garcia, Francesc Miralles. 2020-06-23 In *The Ikigai Journey*, authors Hector Garcia and Francesc Miralles take their international bestseller *Ikigai: the Japanese Secret to a Long and Happy Life* a step further by showing you how to find your own ikigai through practical exercises, such as employing new habits and stepping outside your comfort zone. Ikigai is the place where our passion (what we love), mission (what we hope to contribute), vocation (the gifts we have to offer the world) and profession (how our passions and talents can become a livelihood) converge, giving us a personal sense of meaning. This book helps you bring together all of these elements so that you can enjoy a balanced life. Our ikigai is very similar to change: it is a constant that transforms depending on which phase of life we are in. Our reason for being is not the same at 15 as it is at 70. Through three sections, this book helps you to accept and embrace that--acting as a tool to revolutionize your future by helping you to understand the past, so you can enjoy your present. Section 1: Journey Through the Future: Tokyo (a symbol of modernity and innovation) Section 2: Journey Through the Past: Kyoto (an ancient capital moored in tradition) Section 3: Journey Through the Present: Ise (an ancient shrine that is destroyed and rebuilt every twenty years) Japan has one of the longest life spans in the world, and the greatest number of centenarians--many of whom cite their strong sense of ikigai as the basis for their happiness and longevity. Unlike many self-care practices, which require setting aside time in an increasingly busy world, the ikigai method helps you find peace and fulfillment in your busy life.

Bringing the World Home Theodore Hutters. 2017-04-01 *Bringing the World Home* sheds new light on China's vibrant cultural life between 1895 and 1919—a crucial period that marks a watershed between the conservative old regime and the ostensibly iconoclastic New Culture of the 1920s. Although generally overlooked in the effort to understand modern Chinese history, the era has much to teach us about cultural accommodation and is characterized by its own unique intellectual life. This original and probing work traces the most significant strands of the new post-1895 discourse, concentrating on the anxieties inherent in a complicated process of cultural transformation. It focuses principally on how the need to accommodate the West was reflected in such landmark novels of the period as Wu Jianren's *Strange Events Eyewitnessed in the Past Twenty Years* and Zhu Shouju's *Tides of the Huangpu*, which began serial publication in Shanghai in 1916. The negative tone of these narratives contrasts sharply with the facile optimism that characterizes the many essays on the New Novel appearing in the popular press of the time. Neither iconoclasm nor the wholesale embrace of the new could square the contradicting intellectual demands imposed by the momentous alternatives presenting themselves. Empress Orchid Anchee Min. 2005-04-11 “A fascinating novel, similar to Arthur Golden's *Memoirs of a Geisha* . . . A revisionist portrait of a beautiful and strong-willed woman” (*Houston Chronicle*). A

San Francisco Chronicle Best Book of the Year From Anchee Min, a master of the historical novel, *Empress Orchid* sweeps readers into the heart of the Forbidden City to tell the fascinating story of a young concubine who becomes China's last empress. Min introduces the beautiful Tzu Hsi, known as Orchid, and weaves an epic of the country girl who seized power through seduction, murder, and endless intrigue. When China is threatened by enemies, she alone seems capable of holding the country together. In this "absorbing companion piece to her novel *Becoming Madame Mao*," readers and reading groups will once again be transported by Min's lavish evocation of the Forbidden City in its last days of imperial glory and by her brilliant portrait of a flawed yet utterly compelling woman who survived, and ultimately dominated, a male world (The New York Times). "Superb . . . [An] unforgettable heroine." —People "A sexually charged, eye-opening portrayal of the Chinese empire . . . with heart-wrenching scenes of desperate failure and a sensuality that rises off its heated pages." —Elle

Theatre and Its Other Elisa Ganser.2022-02-14 What is Dance? What is Theatre? What is the boundary between enacting a character and narrating a story? When does movement become tinted with meaning? And when does beauty shine alone as if with no object? These universal aesthetic questions find a theoretically vibrant and historically informed set of replies in the oeuvre of the eleventh-century Kashmirian author Abhinavagupta. The present book offers the first critical edition, translation, and study of a crucial and lesser known passage of his commentary on the *Nāṭyaśāstra*, the seminal work of Sanskrit dramaturgy. The nature of dramatic acting and the mimetic power of dance, emotions, and beauty all play a role in Abhinavagupta's thorough investigation of performance aesthetics, now presented to the modern reader.

[Shan'ge, the 'Mountain Songs'](#) Yasushi OKI, Paolo Santangelo.2011-02-17 Mountain Songs is a collection of folk songs edited by the famous writer Feng Menglong (1574-1646). By this innovative work - mainly written in the Suzhou dialect - he aimed to revitalize poetry through the power of popular songs. This collection is very significant to the understanding of the characters of the mobile society of Jiangnan and the vitality of its intellectual world. The songs deal with the lives of common people: women, often prostitutes, boatmen, peasants, hunters, fishers and paddlers. Their spirit is far from the orthodox moral intents that Zhu Xi advocated for interpreting the Shijing, and their language is often vulgar and full of crude expressions or salacious double meanings and contains allusions to sexual and erotic behaviour.

[Revolution Plus Love](#) Liu Jianmei.2003-09-30 In the aftermath of the May Fourth movement, a growing expectation of revolution raised important intellectual issues about the position of the individual within a society in turmoil and the shifting boundaries of political and sexual identities. The theme of revolution plus love, a literary response to the widespread insurrections and upheaval, was first popularized in the late 1920s. In her examination of this popular but understudied literary formula, Liu Jianmei argues that revolution and love are culturally variable entities, their interplay a complex and constantly changing literary practice that is socially and historically determined. Liu looks at the formulary writing of revolution plus love from the 1930s to the 1970s as a case study of literary politics. Favored by leftist writers during the early period of revolutionary literature, it continued to influence mainstream Chinese literature up to the 1970s. By drawing a historical picture of the articulation and rearticulation of this theme, Liu shows how changes in revolutionary

discourse force unpredictable representations of gender rules and power relations, and how women's bodies reveal the complex interactions between political representation and gender roles. *Revolution Plus Love* is a nuanced and carefully considered work on gender and modernity in China, unmatched in its broad use of literary resources. It will be of considerable interest to scholars and students of modern Chinese literature, women's studies, cultural studies, and comparative literature.

1616: Shakespeare and Tang Xianzu's China Tian Yuan Tan, Paul Edmondson, Shih-pe Wang. 2016-02-25 The year is 1616. William Shakespeare has just died and the world of the London theatres is mourning his loss. 1616 also saw the death of the famous Chinese playwright Tang Xianzu. Four hundred years on and Shakespeare is now an important meeting place for Anglo-Chinese cultural dialogue in the field of drama studies. In June 2014 (the 450th anniversary of Shakespeare's birth), SOAS, The Shakespeare Birthplace Trust and the National Chung Cheng University of Taiwan gathered 20 scholars together to reflect on the theatrical practice of four hundred years ago and to ask: what does such an exploration mean culturally for us today? This ground-breaking study offers fresh insights into the respective theatrical worlds of Shakespeare and Tang Xianzu and asks how the brave new theatres of 1616 may have a vital role to play in the intercultural dialogue of our own time.

On Their Own Terms Benjamin A. Elman. 2009-07-01 In *On Their Own Terms*, Benjamin A. Elman offers a much-needed synthesis of early Chinese science during the Jesuit period (1600-1800) and the modern sciences as they evolved in China under Protestant influence (1840s-1900). By 1600 Europe was ahead of Asia in producing basic machines, such as clocks, levers, and pulleys, that would be necessary for the mechanization of agriculture and industry. In the seventeenth and eighteenth centuries, Elman shows, Europeans still sought from the Chinese their secrets of producing silk, fine textiles, and porcelain, as well as large-scale tea cultivation. Chinese literati

borrowed in turn new algebraic notations of Hindu-Arabic origin, Tyconic cosmology, Euclidian geometry, and various computational advances. Since the middle of the nineteenth century, imperial reformers, early Republicans, Guomindang party cadres, and Chinese Communists have all prioritized science and technology. In this book, Elman gives a nuanced account of the ways in which native Chinese science evolved over four centuries, under the influence of both Jesuit and Protestant missionaries. In the end, he argues, the Chinese produced modern science on their own terms.

Modern Archaics Shenqing Wu.2020-10-26 After the collapse of the Qing dynasty in 1911 and the rise of a vernacular language movement, most scholars and writers declared the classical Chinese poetic tradition to be dead. But how could a longstanding high poetic form simply grind to a halt, even in the face of tumultuous social change? In this groundbreaking book, Shengqing Wu explores the transformation of Chinese classical-style poetry in the early twentieth century. Drawing on extensive archival research into the poetry collections and literary journals of two generations of poets and critics, Wu discusses the continuing significance of the classical form with its densely allusive and intricately wrought style. She combines close readings of poems with a depiction of the cultural practices their authors participated in, including poetry gatherings, the use of mass media, international travel, and translation, to show how the lyrical tradition was a dynamic force fully capable of engaging with modernity. By examining the works and activities of previously neglected poets who maintained their commitment to traditional aesthetic ideals, *Modern Archaics* illuminates the splendor of Chinese lyricism and highlights the mutually transformative power of the modern and the archaic.

Homoerotic Sensibilities in Late Imperial China Cuncun Wu.2004-08-02 *Homoerotic Sensibilities in Late Imperial China* is the richest exploration to date of late imperial Chinese literati interest in male love. Employing primary sources such as miscellanies, poetry, fiction and 'flower guides', Wu Cuncun argues that male homoeroticism played a central role in the cultural life of late imperial Chinese literati elites. Countering recent arguments that homosexuality was marginal and disparaged during this period, the book also seeks to trace the relationship of homoeroticism to status and power. In addition to historical portraits and analysis, the book also advances the concept of 'sensibilities' as a method for interpreting the complex range of homoerotic texts produced in late imperial China.

The Culture of Love in China and Europe Paolo Santangelo, Gábor Boros. 2020-01-13 In *The Culture of Love in China and Europe* Paolo Santangelo and Gábor Boros offer a survey of the cults of love developed in the history of ideas and literary production in China and Europe between the 12th and early 19th century. They describe parallel evolutions within the two cultures, and how innovatively these independent civilisations developed their own categories and myths to explain, exalt but also control the emotions of love and their behavioural expressions. The analyses contain rich materials for comparison, point out the universal and specific elements in each culture, and hint at differences and resemblances, without ignoring the peculiar beauty and attractive force of the texts cultivating love.

Chinese Sympathies Daniel Leonhard Purdy. 2021-10-15 *Chinese Sympathies* examines how Europeans—German-speaking writers and thinkers in particular—identified with Chinese intellectual and literary traditions following the circulation of Marco Polo's *Travels*. This sense of affinity expanded and deepened, Daniel Leonhard Purdy shows, as generations of Jesuit missionaries, baroque encyclopedists, Enlightenment moralists, and translators established intellectual regimes that framed China as being fundamentally similar to Europe. Analyzing key German literary texts—theological treatises, imperial histories, tragic dramas, moral philosophies, literary translations, and poetic cycles—*Chinese Sympathies* traces the paths from baroque-era missionary reports that accommodated Christianity with Confucianism to Goethe's concept of world literature, bridged by Enlightenment debates over cosmopolitanism and sympathy, culminating in a secular principle that allowed readers to identify meaningful similarities across culturally diverse literatures based on shared human experiences. The Spatiality of Emotion in Early Modern China Ling Hon Lam.2018-05-15 Emotion takes place. Rather than an interior state of mind in response to the outside world, emotion per se is spatial, at turns embedding us from without, transporting us somewhere else, or putting us ahead of ourselves. In this book, Ling Hon Lam gives a deeply original account of the history of emotions in Chinese literature and culture centered on the idea of emotion as space, which the Chinese call “emotion-realm” (qingjing). Lam traces how the emotion-realm underwent significant transformations from the dreamscape to theatricality in sixteenth- to eighteenth-century China. Whereas medieval dreamscapes delivered the subject into one illusory mood after another, early modern theatricality turned the dreamer into a spectator who is no longer falling through endless oneiric layers but pausing in front of the dream. Through the lens of this genealogy of emotion-realms, Lam remaps the Chinese histories of morals, theater, and knowledge production, which converge at the emergence of sympathy, redefined as the dissonance among the dimensions of the emotion-realm pertaining to theatricality. The book challenges the conventional reading of Chinese literature as premised on interior subjectivity, examines historical changes in the spatial logic of performance through media and theater archaeologies, and ultimately uncovers the different trajectories that brought China and the West to the convergence point of theatricality marked by self-deception and mutual misreading. A major rethinking of key terms in Chinese culture from a comparative perspective, *The Spatiality of Emotion in Early Modern China* develops a new critical vocabulary to conceptualize history and existence.

Feminism and the Religious Significance of Laughing Bodies Nicole Graham.2024-06-03 This book identifies the significance of the body through a feminist reconceptualisation of laughter as a means of insight. It positions itself within the emerging scholarship on religion and humour but distinguishes itself by moving away from the emphasis on humour and instead focuses on the place and role of laughter. Through a feminist reading of laughter, which is grounded in the philosophical and psychological works of William James, this book emphasises the importance of the body to offer an exploration of laughter as a means of insight. In doing so, it challenges the classificatory orders of knowledge by recognising and arguing for the value of the body in the creation of knowledge and understanding. To demonstrate the centrality of the body for insight laughter, and thus the creation of knowledge, this book engages with laughter within three thematic areas: religious experience, gendered experiences of laughter, and the ethics of laughter. This book will be of interest to students and researchers in religious studies, theology, gender studies, humour studies, philosophy, and the history of ideas.

Cultural Transplantation: The Writing of Classical Chinese Poetry in Colonial Singapore (1887–1945) Lap Lam.2023-12-28 Classical-style poetry in modern China and other Sinitic-speaking localities is attracting greater attention with the recent upsurge in academic revision of modern Chinese literary history. Using the concept of cultural transplantation, this monograph attempts to illustrate the uniqueness, compatibility, and adaptability of classical Chinese poetry in colonial Singapore as well as its sustained connections with literary tradition and homeland. It demonstrates how the reading of classical Chinese poetry can better our understanding of Singapore’s political, social, and cultural history, deepen knowledge of the transregional relationship

between China and Nanyang, and fine-tune, redress, and enrich our perception of Singapore Chinese literature, Sinophone literature, the Chinese diaspora, and global Chinese identity.

Rêves de la Littérature de Divertissement en Chine Impériale Tardive Aude Lucas.2023-06-19 Cet ouvrage explore les vastes questions de l'onirologie chinoise dans le domaine de la littérature de divertissement (genres des « propos mineurs » - xiaoshuo 小说 - et des « notes au fil du pinceau » - biji 笔记) des 17^e et 18^e siècles. Au cours de cette période des « hauts Qing », les récits de rêve convoquent un imaginaire et des techniques narratives qui relèvent d'une tradition pluriséculaire de littérature onirique. En mettant en valeur le réemploi de certains motifs, l'étude révèle comment les auteurs des Qing réinventent une manière de conter les songes apparue tôt dans l'histoire littéraire chinoise. Toutefois, elle souligne également la façon dont ces auteurs s'affranchissent des considérations les plus courantes du genre - l'imaginaire de l'autre monde et l'interprétation onirofantastique - pour se tourner vers des questions plus novatrices - à commencer par celles de la création littéraire elle-même, ainsi que de l'expression de la subjectivité. Le volume intéressera ainsi tout sinologue désireux de s'instruire au sujet des récits littéraires de rêve de la période impériale tardive, autant que toute personne souhaitant découvrir le continent onirique chinois.
