Christliche Ethik bei Schleiermacher - Christian Ethics according to Schleiermacher Hermann Peiter.2010-04-09 No one is so intimately acquainted with Schleiermacher's Christian Ethics material or with the 1821-1822 first edition of his companion volume, *Christian Faith*, than Hermann Peiter. The present volume is a collection of Peiter's nineteen essays and thirty reviews. Extensive English summaries are offered for all this material, and an English version for four of the essays. Professor Peiter's summary of this volume reads as follows: This book treats of praxis in the Christian life and of Christian responsibility for the world we have in common. The following, however, forms a background for these considerations. Schleiermacher reminds his Christian brethren, who often deck themselves out with alien, borrowed plumes from morals and metaphysics, of their actual theme, that of religion, which he also designates as a kind or mode of faith. Like Luther, he also turns against both the practical misconception that considers faith itself to be a good work and the theoretical misconception that faith is a product of thinking, a theory. Whether a practitioner thinks to give thanks for one's own work or whether a theoretician hopes to find final fulfillment and justification in one's range of metaphysical ideas amounts to the same thing. Faith is the courage to be (Paul Tillich). For Schleiermacher, to want to have speculation (thus, metaphysics) and praxis without religion is the nonsalutary intention of Prometheus, who faintheartedly stole what he could have expected to possess in restful security. If taken seriously, the 'gods'-to use that pagan expression for once-are that nature to which a human being belongs. Each human being is their possession. When one steals what the gods have, one steals oneself, can thank oneself for a robbery. For a gift that is stolen, one cannot possibly be thankful. Only a pure gift awakens true joy. A human being has the chance to receive the gift that one is or is not (in case it is stolen) not from a thief but from religion. Thanks to one's birth, both physical and spiritual, one gains oneself and has oneself. To steal means to take away, to depreciate. In contrast, whoever has oneself from elsewhere is no longer extracted from oneself or from the one to whom one belongs.

History of the Language Sciences / Geschichte der Sprachwissenschaften / Histoire des sciences du langage. 1. Teilband Sylvain Auroux.2000-01-01

Writing in English, German, or French, more than 300 authors provide a historical description of the beginnings and of the early and subsequent development of thinking about language and languages within the relevant historical context. The gradually emerging institutions concerned with the study, organisation, documentation, and distribution are considered as well as those dealing with the utilisation of language related knowledge. Special emphasis has been placed on related disciplines, such as rhetoric, the philosophy of language, cognitive psychology, logic and neurological science.

Függetlenség és rögtönzés Peter Herrmann,Juhani Laurinkari,Nelu Bradean-Ebinger.2024-02-15 The Hungarian historian Professor Zoltán Tefner has a remarkable academic career. This book is a tribute to his versatile, energetically continuous work. At the same time, it is a collection of current texts in which Tefner's well-known students, colleagues and members of the international scientific community deal with historically and socially significant themes, such as the construction of the European territorial order, border policy and contractual civilization, the importance of jurisprudence in the search for the civilizing process, welfare economics, a systematic conception of human being, and Hungary's critical decades in the 19th and 20th centuries. The historical and geographical arc of the texts extends from the Carolingian Empire of the 8th century to the European Union of the 2020s. Tefner Zoltán magyar történész kiemelkedő tudományos pályafutással rendelkezik. Ez a könyv tisztelgés sokrétű, nyughatatlan folyamatos munkája előtt. Ugyanakkor aktuális szöveggyűjtemény, amelyben Tefner neves tanítványai, kollégái és a nemzetközi tudományos közösség tagjai történelmi és társadalmi szempontból is fontos témákkal foglalkoznak, mint a felségterület-elrendezések és határpolitikák Európában, az európai szerződéses civilizáció szerkezete, az igazságszolgáltatás jelentősége a civilizációs folyamat értelmének keresésében, a jóléti gazdaságtan, az emberiség szisztematikus szemlélete, valamint Magyarország kritikus évtizedei a 19. és a 20. században. A szövegek történelmi és földrajzi íve a 8. századi Karoling Birodalomtól a 2020-as évek Európai Uniójáig terjed. Der ungarische Historiker Professor Zoltán Tefner hat eine bemerkenswerte akademische Karriere. Dieses Buch ist eine Hommage an sein vielseitiges, dynamisch-kontinuierliches Werk. Zugleich handelt es sich um eine Sammlung aktueller Texte, in denen sich Tefners namhafte Studierende, Kollegen und Mitglieder der internationalen Wissenschaftsgemeinschaft mit historisch und gesellschaftlich bedeutsamen Themen auseinandersetzen; wie etwa den Territorialitätsordnungen und Grenzpolitiken in Europa, dem Aufbau der europäischen Vertragszivilisation, der Bedeutung der Rechtsprechung bei der Suche nach dem Sinn des Zivilisationsprozesses, der Wohlfahrtsökonomie, dem systematischen Menschenbild und den kritischen Jahrzehnten Ungarns im 19. und 20. Jahrhundert. Der historische und geografische Bogen der Texte reicht vom Karolingischen Kaiserreich des 8. Jahrhunderts bis hin zur Europäischen Union der 2020er Jahre.

Mikoletzky,Paulus Ebner.2016-07-11 The first half of the twentieth century was an era of deep-seated upheaval for Austria: Two world wars, several

changes of political system including a temporary loss of national autonomy, economic and monetary crises, and rapid technological progress came together to create a massive societal transformation. Each of these different aspects left its traces on the nation's educational system, thus also influencing the development of the TU Wien. This book, part 1 of volume 1, illustrates the most important developmental aspects of the history of the TU Wien from the early twentieth century to the end of the First Republic and the Ständestaat.

Geschichte erzählen. Strategien der Narrativierung von Vergangenheit im Mittelalter Sarah Bowden,Manfred Eikelmann,Stephen Mossman,Michael Stolz.2020-11-23 Die Beiträge dieses Bandes gehen auf eine internationale Tagung zurück, die 2017 in Manchester stattgefunden hat. Sie untersuchen die Darstellung von Geschichte in der mittelalterlichen deutschen Literatur auf der Basis von aktuellen erzähltheoretischen Forschungsansätzen. Dabei wird ein breites Spektrum an Texten, Gattungen und Diskursen in den Blick genommen; als Angelpunkt für zahlreiche relevante Fragestellungen erweist sich die im 12. Jahrhundert entstandene ›Kaiserchronik‹. Geleitet von der Erkenntnis, dass Vergangenheit erst im Erzählen zu Geschichte wird, analysieren die Beiträge einschlägige narrative Strategien.

Narration and Hero Victor Millet,Heike Sahn.2014-07-28 By the early middle ages vernacular aristocratic traditions of heroic narration were firmly established in Western and Northern Europe. Although there are regional, linguistic and formal differences, one can observe a number of similarities. Oral literature disseminates a range of themes that are shared by narratives in most parts of the continent. In all the European regions, this tradition of heroic narration came into contact with Christianity, which led to modifications. Similar processes of adaptation and transformation can be traced everywhere in this field of early European vernacular narrative. But with the increasing specialization of academic fields over the last half century, inter-disciplinary dialogue has become increasingly difficult. The volume is a contribution to renew the inter-disciplinary dialogue about common themes, topics and motifs in Nordic, Roman, Anglo-Saxon and Germanic literature, and about the different methodologies to explore them.

Rückblicke auf die Literatur der DDR .2016-08-09 Obwohl die DDR nunmehr ein abgeschlossenes Kapitel in der deutschen Geschichte geworden ist, halt die Auseinandersetzung um das, was von ihr bleibt, auch im Abstand von mehr als zehn Jahren an. Selbst nach dem deutsch-deutschen Literaturstreit unmittelbar nach der Wende, der seinerseits schon Rückblicken und Bilanzierungen ausgesetzt wurde, bleibt der Stellenwert der Literatur in und aus der DDR ein umstrittenes Terrain. Ungeachtet dessen, dass es Einhelligkeit in literarischen Fragen ohnehin nicht geben kann, sind die Urteile zur Literatur der DDR natürlich auch von den Erfahrungen und Erlebnissen mit der DDR geprägt. In diesem Band haben wir uns für eine Sicht von aussen und von innen gleichermaßen interessiert.
