Invisible Walls Hella Pick.2021-03-18 'Memoirs of such richness are rare . . . a joy' JAMES NAUGHTIE 'A remarkable personal journey, by one of the great political correspondents of our world - eloquent, enlightening, exhilarating' PHILIPPE SANDS A trailblazer for women in journalism, Hella Pick arrived in Britain in 1939 as a child refugee from Austria. Over nearly four decades she covered the volatile global scene, first in West Africa, followed by America and long periods in Europe. In her thirty-five years with the Guardian she reported on the end of Empire in West Africa, the assassination of President Kennedy, Martin Luther King's march from Selma to Montgomery, the Vietnam peace negotiation in Paris, the 1968 student revolt in France, the birth of the Solidarity movement in Poland, and the closing stages of the Cold War. A request for coffee on board a Soviet ship anchored in Malta led to a chat with Mikhail Gorbachev. A request for an interview with Willy Brandt led to a personal friendship that enabled her to come to terms with Germany's Nazi past. Her book is also a clarion call for preserving professionalism in journalism at a time when social media muddy the waters between fact and fiction, and between reporting and commentary. INVISIBLE WALLS tells the dramatic story of how a Kindertransport survivor won the trust and sometimes the friendship of world leaders, and with them a wide range of remarkable men and women. It speaks frankly of personal heartache and of a struggle over her Jewish identity. It is also the intensely touching story of how, despite a gift for friendship and international recognised achievements as a woman journalist, a continuing sense of personal insecurity has confronted her with a series of invisible walls.

In the Service of Dragons (The Complete Tetralogy) Robert Stanek.2015-12-07 Four complete novels. Over 1,000 pages in print. In the Service of Dragons is the continuation of Robert Stanek's multilayered epic fantasy adventure for young adults that began with *The Kingdoms and the Elves of the Reaches*. In his acclaimed *The Kingdoms and the Elves of the Reaches* books, he introduced us to the story of Ruin Mist, an extraordinary world of magic, adventure, and intrigue. Now in the eagerly awaited follow-up, he once again proves himself a wonderful storyteller with a gift for fast pacing and believable storylines. Already hailed as a classic, Robert Stanek's powerful epic fantasy series has been enjoyed by readers all over the world. The *Elves of the Reaches* returned from exile, bringing grave news. War came to the Kingdoms, and many perished in the turmoil and unrest. An attempt was made to kidnap a princess and assassinate a king. Now, from the ancient past a dark power returns. The Fourth Wind blows across the mountain tops, they say. And the Twelve Clans emerge from myth and memory. As prophecy becomes reality, the factions struggle for control only to further divide the lands. Some would say that it was foolish for King Andrew Alder to support the *Elves of the Reaches* and send men to aid their cause when Men in all lands were being put to the test of steel. And in the North, men back their words with action. Against a backdrop of treachery and intrigue, murder and mayhem, the price of freedom is high. Many will pay with their lives. Many will succumb to imprisonment and enslavement; for when alliances shatter, old hatreds rise anew and the plotting and scheming begin. Bold, inventive, brilliantly imagined, *In the Service of Dragons* is a novel of magic and wonder—a tale of pure excitement you will not soon forget. *** Links to individual books are included. Extras: Lost chapters and scenes restored; the meeting of Xith and Vilmos as originally written; the story of Ruin Mist completely unaltered to hint at the story's origins in ancient myth and legend. Premium full-color artwork will display as high-quality b+w on standard e-ink readers.
