European Gothic Avril Horner.2002-11-09 *European Gothic: A Spirited Exchange 1760-1960* sets out to challenge the tyranny of the Anglo-American narratives that have dominated critical histories of the Gothic so far. It argues that the Gothic novel did not simply derive from *The Castle of Otranto*, but that it has been forged in the crucible of translation. Focussing on Gothic writing in English, French, German, Russian and Spanish, the collection charts a rich process of cross-fertilization and, in particular, examines the importance of Anglo-French exchanges in the development of the Gothic novel within Europe and, subsequently, the US.

The Italian Ann Ward Radcliffe.2009-10 *The Italian* has a dark, mysterious and sombre atmosphere, and concerns the themes of love, devotion and persecution by the Holy Inquisition. It also deals with issues prevalent at the time of the French Revolution, such as religion, aristocracy and nationality.

Radcliffe's last and most unnerving novel exemplifies her definition of 'terror' writing, combining Romantic and Gothic elements and influencing countless later writers.

The Italian, The Confessional of the Black Penitents: A Romance Ann Ward Radcliffe. It was in the church of San Lorenzo at Naples, in the year 1758, that Vincentio di Vivaldi first saw Ellena Rosalba. The sweetness and fine expression of her voice attracted his attention to her figure, which had a distinguished air of delicacy and grace; but her face was concealed in her veil. So much indeed was he fascinated by the voice, that a most painful curiosity was excited as to her countenance, which he fancied must express all the sensibility of character that the modulation of her tones indicated. He listened to their exquisite expression with a rapt attention, and hardly withdrew his eyes from her person till the matin service had concluded; when he observed her leave the church with an aged lady, who leaned upon her arm, and who appeared to be her mother. Vivaldi immediately followed their steps, determined to obtain, if possible, a view of Ellena's face, and to discover the home to which she should retire. They walked quickly, looking neither to the right or left, and as they turned into the Strada di Toledo he had nearly lost them; but quickening his pace, and

relinquishing the cautious distance he had hitherto kept, he overtook them as they entered on the Terrazzo Nuovo, which runs along the bay of Naples, and leads towards the Gran Corso. He overtook them; but the fair unknown still held her veil close, and he knew not how to introduce himself to her notice, or to obtain a view of the features, which excited his curiosity. He was embarrassed by a respectful timidity, that mingled with his admiration, and which kept him silent, notwithstanding his wish to speak. In descending the last steps of the Terrazzo, however, the foot of the elder lady faltered, and, while Vivaldi hastened to assist her, the breeze from the water caught the veil, which Ellena had no longer a hand sufficiently disengaged to confine, and, wafting it partially aside, disclosed to him a countenance more touchingly beautiful than he had dared to image. Her features were of the Grecian outline, and, though they expressed the tranquillity of an elegant mind, her dark blue eyes sparkled with intelligence. She was assisting her companion so anxiously, that she did not immediately observe the admiration she had inspired; but the moment her eyes met those of Vivaldi, she became conscious of their effect, and she hastily drew her veil. The old lady was not materially hurt by her fall, but, as she walked difficultly, Vivaldi seized the opportunity thus offered, and insisted that she should accept his arm. She refused this with many acknowledgments; but he pressed the offer so repeatedly and respectfully, that, at length, she accepted it, and they walked towards her residence together. On the way thither, he attempted to converse with Ellena, but her replies were concise, and he arrived at the end of the walk while he was yet considering what he could say, that might interest and withdraw her from this severe reserve. From the style of their residence, he imagined that they were persons of honourable, but moderate independence. The house was small, but exhibited an air of comfort, and even of taste. It stood on an eminence, surrounded by a garden and vineyards, which commanded the city and bay of Naples, an ever-moving picture, and was canopied by a thick grove of pines and majestic date-trees; and, though the little portico and collonade in front were of common marble, the style of architecture was elegant. While they afforded a shelter from the sun, they admitted the cooling breezes that rose from the bay below, and a prospect of the whole scope of its enchanting shores.

Psychoanalysis and the Humanities Laurie Adams, Jacques Szaluta.1996 Written by distinguished artists and scholars with psychoanalytic training, this seminal collection of essays spans the humanities - painting, sculpture, literature, history, anthropology, and philosophy - illustrating how psychoanalytic thinking can powerfully enhance these disciplines. The essayists address a question first posed by Freud in his 1919 article, Should Psychoanalysis Be Taught at the University? With a resounding Yes, they underline the intellectual enrichment to be gained from the application of the psychoanalytic method to humanistic disciplines and, conversely, the need for contemporary psychoanalysts to acquire the kind of historical and classical education taken for granted by their counterparts earlier in this century.
