**Tropical Plant Science** G. K. Berrie, A. Berrie, J. M. O. Eze. 1987

*Arab Society* Nicholas S. Hopkins, Saad Eddin Ibrahim. 1997 This all-new edition of the classic *Arab Society: Social Science Perspectives*, containing thirty new articles by leading scholars, examines Arab society in the 1990s. Articles by scholars from many countries explore such subjects as Arab unity and identity; demographic processes; the roles of men, women, and family; rural social change; political developments; and religious change. For students, scholars, and general readers alike, *Arab Society* offers up-to-date analysis and discussion of the social, political, and economic transformations that face the region today.

**Palimpsest** Charles Stross. 2011 Welcome to the Stasis, the clandestine, near-omnipotent organization that stands at the heart of Charles Stross's Hugo Award-winning novella, *Palimpsest*. By mastering the mysteries of the Timegate, the Stasis has repeatedly steered mankind away from the brink of utter extinction. Through countless millennia, through the mayfly flickerings of innumerable transient civilizations, its members have intervened at critical junctions, reseeding the galaxy with viable potential survivors. In the process, they have reconfigured the basic structure of the universe, all in the name of human continuity. Pierce is a newly recruited member of the Stasis, serving out a complex twenty-year apprenticeship while struggling to find his way through the paradoxical maze of history (and unhistory) that surrounds him. As his once simple existence expands and replicates over vast stretches of time, Pierce uncovers a new and unexpected destiny, one that will embroil him in the larger purposes of the Stasis and in the ultimate, unresolved fate of humanity itself. Skillfully merging the threads of an individual life with the grandest, most overarching concerns, *Palimpsest* offers both visionary brilliance and narrative excitement in equal measure. Powerfully imagined, beautifully constructed, and written throughout with great economy of means, it is the kind of mind-expanding mini-epic that only science fiction and only a master practitioner like Charles Stross could produce.

*Women of the Afghan War* Deborah Ellis. 2000-04-30 This is an account of the Afghan War and its tragic aftermath as told by the women who were caught up in it and became its innocent victims. The voices in this oral history will provide personal snapshots to the news reports of the Taliban activities now coming out of Afghanistan. These accounts provide an historical background to the growth of the Taliban, and reveal circumstances of the daily life of the women who must survive in this very closed society. Through the medium of oral history, this book brings to light the stories of the women who have suffered the consequences of the Afghan War and whose lives and whose daughter's lives have been changed forever. Through the voices of the Soviet women who supported their soldiers on Afghan soil, and the voices of the Afghan women scattered by circumstance around the globe, the last Cold War battle between the superpowers takes on a very personal tone. Policy decisions issued from on high became the rockets that destroyed these women physically, mentally, and emotionally. Children were killed or maimed and homes and families destroyed. Ultimately, these women were forced to flee or become invisible within their homeland. The Taliban militia rose from the dust of this war and by government decree reduced even the most educated and influential of the women to non-person status.

*The Polis as an Urban Centre and as a Political Community* Mogens Herman Hansen. 1997

*Women and Power in the Middle East* Suad Joseph, Susan Slyomovics. 2011-10-20 The seventeen essays in *Women and Power in the Middle East* analyze the social, political, economic, and cultural forces that shape gender systems in the Middle East and North Africa. Published at different

times in Middle East Report, the journal of the Middle East Research and Information Project, the essays document empirically the similarities and differences in the gendering of relations of power in twelve countries—Morocco, Algeria, Tunisia, Egypt, Sudan, Palestine, Lebanon, Turkey, Kuwait, Saudi Arabia, Yemen, and Iran. Together they seek to build a framework for understanding broad patterns of gender in the Arab-Islamic world. Challenging questions are addressed throughout. What roles have women played in politics in this region? When and why are women politically mobilized, and which women? Does the nature and impact of their mobilization differ if it is initiated by the state, nationalist movements, revolutionary parties, or spontaneous revolt? And what happens to women when those agents of mobilization win or lose? In investigating these and other issues, the essays take a look at the impact of rapid social change in the Arab-Islamic world. They also analyze Arab disillusionment with the radical nationalisms of the 1950s and 1960s and with leftist ideologies, as well as the rise of political Islamist movements. Indeed the essays present rich new approaches to assessing what political participation has meant for women in this region and how emerging national states there have dealt with organized efforts by women to influence the institutions that govern their lives. Designed for courses in Middle East, women's, and cultural studies, *Women and Power in the Middle East* offers to both students and scholars an excellent introduction to the study of gender in the Arab-Islamic world.

*Women of Afghanistan* Isabelle Delloye.2003 When the Taliban was ousted as the ruling party of Afghanistan, the iconic images of newfound freedom were those of men shaving their beards and women removing their veils. In *Women of Afghanistan*, French journalist Isabelle Delloye goes beyond the images-and behind the veils-and collects the crucial and fascinating stories of Afghani women from the last quarter-century. Delloye began doing interviews while working as a teacher in Kabul shortly before the Soviet invasion of 1980. Upon returning to France, she felt compelled to offer a forum in which the voices of her interviewees could be heard. She compiled their words, along with her own memories and observations, into this book, and it has become regarded as a classic of French journalism. Since its first publication, *Women of Afghanistan* has been updated twice, and this edition features a large section written at the height of the Taliban's power as well as two short, moving pieces written just after September 11, 2001. *Women of Afghanistan* is an important work of social history, allowing previously silenced subjects to speak without judgment. More than that, it presents a personal glimpse into the highs and lows of daily life in a nation where threats of war, starvation and natural disaster coexist with deep family ties and love for the land. *Women of Afghanistan* is a slowly woven tapestry, in which the subjects find their own natural place in -history . . . all of them are terribly alive on paper and between the lines-women and men, children and the elderly.-LeNouvel Observateur Isabelle Delloye lived and taught in Kabul from 1975 through 1978. Since then, she has lived in her native France, and is well-known for her multiple talents as a videographer, muralist, ceramics artist, editor, and publisher.

*Tacky* Rax King.2021-11-02 An irreverent and charming collection of deeply personal essays about the joys of low pop culture and bad taste, exploring coming of age in the 2000s in the age of Hot Topic, Creed, and frosted lip gloss—from the James Beard Award-nominated writer of the Catapult column *Store-Bought Is Fine*—Tacky is about the power of pop culture—like any art—to imprint itself on our lives and shape our experiences, no matter one's commitment to good taste. These fourteen essays are a nostalgia-soaked antidote to the millennial generation's obsession with irony, putting the aesthetics we hate to love—snakeskin pants, *Sex and the City*, Cheesecake Factory's gargantuan menu—into kinder and sharper perspective. Each essay revolves around a different maligned (and yet, Rax would argue, vital) cultural artifact, providing thoughtful, even romantic meditations on desire, love, and the power of nostalgia. An essay about the gym-tan-laundry exuberance of Jersey Shore morphs into an excavation of grief over the death of her father; in *You Wanna Be On Top*, Rax writes about friendship and early aughts girlhood; in another, Guy Fieri helps her heal from an abusive relationship. The result is a collection that captures the personal and generational experience of finding joy in caring just a little too much with clarity, heartfelt honesty, and Rax King's trademark humor. **Fin de Siècle Beirut** Jens Hanssen.2005 Combining urban theory with postcolonial methodology, Jens Hanssen argues that modern Beirut is the outcome of persistent social and intellectual struggles over the production of space.

*Beirut* Samir Kassir.2010 Beirut is a tour de force that takes the reader from the ancient to the modern world, offering a dazzling panorama of the city's Seleucid, Roman, Arab, Ottoman, and French incarnations. Kassir vividly describes Beirut's spectacular growth in the nineteenth and twentieth centuries, concentrating on its emergence after the Second World War as a cosmopolitan capital until its near destruction during the devastating Lebanese civil war of 1975-1990. --from publisher description.

*Architecture for the Dead : Cairo's Medieval Necropolis* Galila El Kadi,Alain Bonnamy.2007 The great medieval necropolis of Cairo, comprising two main areas that together stretch twelve kilometers from north to south, constitutes a major feature of the city's urban landscape. With monumental and smaller-scale mausolea dating from all eras since early medieval times, and boasting some of the finest examples of Mamluk architecture not just in the city but in the region, the necropolis is an unparalleled--and until now largely undocumented--architectural treasure trove. In *Architecture for the Dead*, architect Galila El Kadi and photographer Alain Bonnamy have produced a comprehensive and visually stunning survey of all areas of the necropolis. Through detailed and painstaking research and remarkable photography, in text, maps, plans, and pictures, they describe and illustrate the astonishing variety of architectural styles in the necropolis: from Mamluk to neo-Mamluk via baroque and neo-pharaonic, from the grandest stone buildings with their decorative domes and minarets to the humblest--but elaborately decorated--wooden structures. The book also documents the modern settlement of the necropolis by families creating a space for the living in and among the tombs and architecture for the dead.

**Twelve Years a Slave** Solomon Northup.2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote

his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

*Arab Women in the Middle Ages* Shirley Guthrie.2013-08-01 Regardless of social rank and religion, whether Christian, Jew, or Muslim, Arab women in the middle ages played an important role in the functioning of society. This book is a journey into their daily lives, their private spaces and public roles. First we are introduced into the women's sanctuaries, their homes, and what occurs within its realm - marriage and contraception, childbirth and childcare, culinary traditions, body and beauty rituals - providing rare insight into the rites and rituals prevalent among the different communities of the time. These women were also much present in the public arena and made important contributions in the fields of scholarship and the affairs of state. A number of them were benefactresses, poets, calligraphers, teachers and sales women. Others were singing girls, professional mourners, bath-attendants and prostitutes. How these women managed their daily affairs, both personal and professional, defined their roles in the wider spheres of society. Drawing from the Islamic traditions, as well as legal documents, historical sources and popular chronicles of the time, Guthrie's book offers an informative study of an area which remains relatively unexplored. 'A useful survey on Arab (mostly Muslim) women's lives in past centuries.' RJS 'Of greatest use to educators and lecturers looking for diverse and entertaining details of various aspects of medieval Near Eastern social life.' International Journal of Middle Eastern Studies 'Reveals a broad understanding of the subject' MESA Bulletin

**My Forbidden Face** Latifa, Chékéba Hachemi.2002 In a moving tale of oppression and courageous defiance, sixteen-year-old Latifa tells her story of growing up in war torn Afghanistan.

*Arab Women* Suha Sabbagh.1996 The lives of Arab women today are complex, diverse and far more multi-faceted than those of the one-dimensional creatures of veiled passivity who inhabit the imaginations of so many Western experts. In most Arab countries, women face constricting laws and social customs that hold them back from full participation in their societies. Some, as a result, lead lives of passive submission. But others rage against those institutional obstacles, organize other women to challenge male domination of their public and private lives, and seize every opening, large or small, to move the rights of women at least that one next step. Arab women labor in dangerous factories and unmechanized fields, they keep families intact and care for their children without access to modern technology; sometimes even without electricity or clean water. But they also fill medical and engineering schools in universities throughout the Arab world; they are creating some of the greatest art and literature of their rich cultures; they serve bravely in overwhelmingly male parliaments; and they organize and fight-with or without men's consent-for incremental democratic gains, and sometimes for their own rights as women. This collection brings together a distinguished cast of Arab women writers and other experts and analyzes the lives, the diverse roles and the means of overcoming the challenges that confront women in today's Arab societies. Essays examine feminism, women's education and daily lives, women's views of Islam and women Islamists, and women's roles in war and literature. It also includes interviews with women political leaders such as Palestine's Hanan Mikhail Ashrawi and Jordan's Leila Sharaf. -- Back cover.

*Mobile Africa* Rijk van Dijk,Dick Foeken,Mirjam de Bruijn.2021-07-26 This anthology deals with the complexity, variety and experience of all the forms of mobility we witness today in Sub-Saharan Africa. Three sets of issues are being discussed. First, the concept of mobility itself is considered and how it is conceived of in distinction from sedentarity. Second, which forms of mobility can be distinguished, not only from the perspective of Western social sciences, but also from the perspective of people's own experiences, ideas, notions, etc? Social science in Africa has particularly focused on rural-urban migration, but it is clear that there are many other forms as well. Third, the concept of mobility concerns not only geographical space, but there are other 'spaces' to consider as well. In addition to 'forms of mobility' there is a 'mobility of forms' in which the perception of those other spaces plays a crucial role. In short, the book intends to turn the whole notion of mobility as a supposedly rupturing phenomenon on its head, emphasizing that rather through travelling connections are established and continuity is experienced. We are challenged to delve into the traveller's mind, to think and follow their multi-spatial livelihoods and to explore what it means to people if they move in a variety of spaces.

Luc Xi Vu Trong Phung. 2010-11-30 What does it mean when a city of 180,000 people has more than 5,000 women working as prostitutes? This question frames Vu Trong Phung's 1937 classic reportage Luc Xi. In the late 1930s, Hanoi had a burgeoning commercial sex industry that involved thousands of people and hundreds of businesses. It was the center of the city's nightlife and the source of suffering, violence, exploitation, and a venereal disease epidemic. For Phung, a popular writer and intellectual, it also raised disturbing questions about the state of Vietnamese society and culture and whether his country really was progressing under French colonial rule. Translator Shaun Kingsley Malarney's thoughtful and multifaceted introduction provides historical background on colonialism, prostitution, and venereal disease in Vietnam and discusses reportage as a literary genre, political tool, and historical source. A fully annotated translation of Luc Xi follows, in which Phung takes readers into the heart of colonial Hanoi's sex industry, portraying its female workers, the officials who attempted to regulate it, the doctors who treated its victims, and the secretive medical facility known as the Nha Luc Xi (The Dispensary), which examined prostitutes for venereal diseases and held them for treatment. Drawing from his interviews with doctors, officials, and prostitutes and the writings of French doctors on prostitution and venereal disease, Phung provides a rare, firsthand look at the damage caused by the commercial sex industry. His sympathetic portrayal of the Vietnamese underclass is considered one of the most accurate, but he also provides one of the most acerbic, humorous, and critical views of the changes wrought by colonialism in Southeast Asia.
