Shattered Sloane Kennedy.2017-12-15 I failed Caleb once because I was a coward. And he ended up paying the price. Never again... Ten years of war and the loss of nearly his entire family have left thirty-four-year-old former sniper, Jace Christenson, with nothing to come home to. And he prefers it that way. Life consists of his work in an underground vigilante group, the near-constant search for the last remaining link to who he used to be, and a string of meaningless sexual encounters that serve only one purpose... to make it easier to not feel anything anymore. But when Jace gets the call that the young man he saved two years earlier has gone missing, he's forced to deal with the truth he's been trying to deny from the moment he laid eyes on Caleb Cortano. That the young man is so very much more than just the exception to all his rules... You know how if something shatters when it breaks, there's no way to find all the pieces to put it back like it once was? Maybe sometimes it's better not to even try... Nineteen-year-old Caleb Cortano has been barely hanging onto his sanity in the two years since the truth about his father's depravities came to light. A victim of the man's crimes himself, Caleb has only managed to find any semblance of peace when he's in the presence of the man who saved him once before. But when he finally comes to accept that Jace Christenson wants nothing to do with someone who's shattered beyond repair, Caleb finds another way to seek solace from the pain inside. As the fear of being reunited with the father he both fears and misses becomes more and more likely, desperation has Caleb doing something foolish that brings him face to face with the only man he's ever wanted... but who doesn't want him back. Caleb stays with me until we get some answers... just me... When Caleb's life is threatened, Jace refuses to walk away a second time. Even if protecting Caleb means he's risking his own heart, Jace isn't going anywhere. At least not until he can put some of the missing pieces of Caleb's life back together. But will Caleb be able to do the same for the equally broken Jace? Will two shattered men be able to find all the missing pieces to be who they were truly meant to, or is Caleb right? Some things just aren't worth trying to fix...

*Shattered 1* Thompson Charlie.2018-09-21 SYNOPSIS FOR SHATTERED Torn away from the people he loves and a stable life, for Bloggs, exile is the exemplar of a shattered life and psychological challenges. Depressed by his anchorless spiralling life, the threat of ignominious death on the streets of Johannesburg and shame of failing his family, the equilibrium between his inner self and the outside world descends into chaos. Yet in that moment of powerlessness and vulnerability, little did he know that he was in a womb of embryonic divide where the grief soiled past was being slaughtered and the blind groping future picked vision! There is a striking group of people like him in Johannesburg and they wander around the world like thin smokes, a whole gamut of bad emotions detonating inside them. In his anchorless mind and precarious existence, Bloggs carelessly roams the city looking for death. Instead he meets his redemption! In another moment of his delirious state he narrates, The flies sensing that my life was coming apart, called more of their callous clan. They settled on my back. They hummed the story of my life. In an insulting buzz. His mind erratically plays him tricks. Things moved. Voices sang in his creaking head. Delirium sprawls everywhere. The past in a way catches up with Bloggs. A shocking discovery floats through the door to haunt him when a teenage girl innocently walks into his life. A daughter he never knew he had! Struggling to survive and living through the good and the bad of Johannesburg, Bloggs is sometimes forced into degrading activities where he is compelled to throw away his moral inhibitions. Solace and comfort comes packaged in an opaque brew called Joburg Beer. Self-redemption comes about by accepting his situation and adopting a new philosophical approach to life. Bloggs moves from the depressed man in need of help to the healer. He misses his family and fearful of his developing relationship with Connie, he decides to go back home, just to see his family. Events unfold which show that his absence back home has been sorely felt. He finds his country sprawled in a despicable state. Returning from his trip around the country he discovers that the men in dark suits were looking for him. Running away with his life, he is smuggled back into South Africa by a truck driver. He learns of the coup by the soldiers back home and in the middle of his confusion his wife, tired of loneliness, sends him messages that she is coming to him, where the cure is! This symbolises hope and the retraction of the growing estrangement with his family. His perilous visit back home after all had not been in vain. The book ends with the sad realization that only a cell version of the deposed president had usurped the throne! In *Shattered*, it is the enduring spirit of freedom and the courageous response to forces of dehumanization that constitute nobility and hope
