Georgian Jewellery 1714-1830 Ginny Redington Dawes,Olivia Collings.2018 Georgian Jewellery is a celebration of the style and excellence of the eighteenth century, and of the ingenuity that produced such a wealth of fabulous jewellery. Heavy academic tomes have already been written about the period, but this book examines it in a more colourful and accessible way. The book aims to show that Georgian jewellery is not only the stuff of museums and safe boxes, but that it can be worn as elegantly and fashionably today as it was 200 years ago. Much disparate information about the jewellery has been gathered together and the period is brought alive by portraits and character sketches of famous Georgians in their finery, fashion tips, gossip, and some rather outrageous cartoons of the time, as well as fascinating recently discovered facts. With information on how to identify, buy and repair pieces, this sumptuously illustrated volume contains the largest single catalogue of 18th Century jewellery. AUTHORS: Ginny Redington Dawes, a life-long collector of antique jewellery, has written two previous books on the subject - The Bakelite Jewellery Book and Victorian Jewellery. Staff writer for MGM Screengems Music, she is also a successful composer; she wrote the book, music and lyrics for the off-Broadway show The Talk of the Town and has won a CLEO award for music for advertising. Olivia Collings became fascinated by the seventeenth century alchemist and jeweller Christopher Pinchbeck at an early age and bought her first piece of antique jewellery aged seven. She trained in an exclusive Bond Street antique jewellery shop before starting her own business in 1975 and has continued learning about and dealing in Georgian jewellery ever since. She is now an independent jewellery consultant. SELLING POINTS: * A thoroughly researched look at the jewellery of the time, offering good basic knowledge for the beginner and new facts for the expert * New and/or little-known facts about the techniques, styles and materials of the age * The only book solely on the Georgian period, and the largest ever catalogue of the diverse range of eighteenth century jewellery * Interesting portraits of characters of the period and their influence on the jewels of the time, with some contemporary gossip, outrageous cartoons and period fashion tips * Emphasis on jewellery that has been on the open market in recent years, rather than just unobtainable museum pieces 295 colour, 7 b/w images

Gemstones and Their Origins P.C. Keller.2012-12-06 Each gem deposit-whether of primary origin in the parent rocks; or secondary as alluvial placers in valley floors, river gravels, or the sand of oceanic shelves presents an eloquent chronicle of the Earth's life story. It reveals to the expert the prodigious processes which formed the present crust of our planet, of which this volume discloses a small but exciting detail. The materials of the Earth's crust are the rocks. In this book, the author expounds on how they were formed, why they altered, why they became the cradles of precious gemstones, how they are categorized, and how they are now exploited by man. What initiates the growth of gemstones? How do they crystallize? Why do gemstones of the same species, originating from different sources, vary? What causes the occurrence of varieties? Why do diamonds, unlike other precious stones, occur not near the Earth's surface in its crust, but deep down beneath it in the upper mantle? These are only a few of the entrancing subjects discussed in this enlightening volume. The reader learns that the Earth is surprisingly alive and altering constantly-sometimes through slow and equable changes and at times by violent and tremendous cataclysms, events from which gemstones issue.

The Cartiers Francesca Cartier Brickell.2021-06-08 "A dynamic group biography studded with design history and high-society dash . . . [This] elegantly wrought narrative bears the Cartier hallmark."—The Economist The "astounding" (André Leon Talley) story of the family behind the Cartier empire and the three brothers who turned their grandfather's humble Parisian jewelry store into a global luxury icon—as told by a great-granddaughter with exclusive access to long-lost family archives "Ms. Cartier Brickell has done her grandfather proud."—The Wall Street Journal The Cartiers is the revealing tale of a jewelry dynasty—four generations, from revolutionary France to the 1970s. At its heart are the three Cartier brothers whose motto was "Never copy, only create" and who made their family firm internationally famous in the early days of the twentieth century, thanks to their unique and complementary talents: Louis, the visionary designer who created the first men's wristwatch to help an aviator friend tell the time without taking his hands off the controls of his flying machine; Pierre, the master dealmaker who bought the New York headquarters on Fifth Avenue for a double-stranded natural pearl necklace; and Jacques, the globe-trotting gemstone expert whose travels to India gave Cartier access to the world's best rubies, emeralds, and sapphires, inspiring the celebrated Tutti Frutti jewelry. Francesca Cartier Brickell, whose great-grandfather was the youngest of the brothers, has traveled the world researching her family's history, tracking down those connected with her ancestors and discovering long-lost pieces of the puzzle along the way. Now she reveals never-before-told dramas, romances, intrigues, betrayals, and more. The Cartiers also offers a behind-the-scenes look at the firm's most iconic jewelry—the notoriously cursed Hope Diamond, the Romanov emeralds, the classic panther pieces—and the long line of stars from the worlds of fashion, film, and royalty who wore them, from Indian maharajas and Russian grand duchesses to Wallis Simpson, Coco Chanel, and Elizabeth Taylor. Published in the two-hundredth anniversary year of the birth of the dynasty's founder, Louis-François Cartier, this book is a magnificent, definitive, epic social history shown through the deeply personal lens of one legendary family.

The Simply Brilliant Cynthia Amnéus.2020-10-13 Simply Brilliant presents 120 pieces by 50 leading makers of jewelry in the 1960s and '70s, drawn from the Klosterman collection in Cincinnati. Most, if not all, of the individual makers of this era thought of themselves as artists first, jewelers second, and this magnificent new volume is full of stunning one of a kind pieces which reflect the inventive, ground-breaking attitudes of the era. The book explores the 1961 Goldsmiths Hall exhibition in London and its influence on contemporary jewelry designers such as John Donald, Arthur King, Andrew Grima and Gilbert Albert. The 1961 exhibition brought a new direction in jewelry design to the fore, influencing others—including the major jewelry houses such as Cartier, Bulgari, Chopard and Van Cleef and Arpels—paving the way for an international movement in fashion and design. These jewelry designers created unique pieces, often for individual clients, using non-traditional materials and unusual forms.

The Magnificent Lives of Marjorie Post Allison Pataki.2022-02-15 NATIONAL BESTSELLER • “Marvelous . . . I just had to be there with the Post cereal heiress through every twist and turn.”—Martha Hall Kelly, *New York Times* bestselling author of *Lilac Girls* “New-money heiress Marjorie Post isn't content to remain a society bride as she remakes herself into a savvy entrepreneur, a visionary philanthropist, a presidential hostess, and much more. Allison Pataki brings a towering legend to life.”—Kate Quinn, *New York Times* bestselling author of *The Alice Network* Mrs. Post, the President and First Lady are here to see you. . . . So begins another average evening for Marjorie Merriweather Post. Presidents have come and gone, but she has hosted them all. Growing up in the modest farmlands of Battle Creek, Michigan, Marjorie was inspired by a few simple rules: always think for yourself, never take success for granted, and work hard—even when deemed American royalty, even while covered in imperial diamonds. Marjorie had an insatiable drive to live and love and to give more than she got. From crawling through Moscow warehouses to rescue the Tsar's treasures to outrunning the Nazis in London, from serving the homeless of the Great Depression to entertaining Roosevelts, Kennedys, and Hollywood's biggest stars, Marjorie Merriweather Post lived an epic life few could imagine. Marjorie's journey began gluing cereal boxes in her father's barn as a young girl. No one could have predicted that C. W. Post's Cereal Company would grow into the General Foods empire and reshape the American way of life, with Marjorie as its heiress and leading lady. Not content to stay in her prescribed roles of high-society wife, mother, and hostess, Marjorie dared to demand more, making history in the process. Before turning thirty she amassed millions, becoming the wealthiest woman in the United States. But it was her life-force, advocacy, passion, and adventurous spirit that led to her stunning legacy. And yet Marjorie's story, though full of beauty and grandeur, set in the palatial homes she built such as Mar-a-Lago, was equally marked by challenge and tumult. A wife four times over, Marjorie sought her happily-ever-after with the blue-blooded party boy who could not outrun his demons, the charismatic financier whose charm turned to betrayal, the international diplomat with a dark side, and the bon vivant whose shocking secrets would shake Marjorie and all of society. Marjorie did everything on a grand scale, especially when it came to love. Bestselling and acclaimed author Allison Pataki has crafted an intimate portrait of a larger-than-life woman, a powerful story of one woman falling in love with her own voice and embracing her own power while shaping history in the process.

Diamonds Penny Proddow, Marion Fasel. 1996 Bernard Williams is one of the most influential figures in recent ethical theory, where he has set a considerable part of the current agenda. In this collection, a distinguished international team of philosophers who have been stimulated by Williams' work give new responses to it. The topics covered include equality, consistency, comparisons between science and ethics, integrity, moral reasons, the moral system, and moral knowledge. Williams himself then provides a substantial reply, which in turn shows both the current directions of his own thought and also his present view of his earlier work (such as that on utilitarianism).

Jewels That Made History Stellene Volandes. 2020-10-13 The history of the world--triumphs and tragedies, breakthroughs and breakups--through the iconic jewels that have inspired and influenced since the dawn of time. From ancient treasures to royal weddings, great heists to the red carpet, this book is a stunning, surprising, and glittering tour of historic turning points and gem-driven drama, delving into the passions and predilections of some of the world's most interesting and extraordinary people. Starting in the era of Cleopatra and continuing through to contemporary jewelry statements by Jennifer Lopez, Lady Gaga, and Meghan Markle, Stellene Volandes tells the stories of how shiny stones and precious metals have determined empires, inspired expeditions and great crime, and been the communicator of status and ruin since ancient times. Each moment is placed in historic and relevant context, with Volandes drawing engaging parallels between Napoleon's gift to Marie Louise at the birth of their son and the modern push present or the insouciant story behind the brooch Jackie Kennedy famously wore to a 1962 State Dinner with the Shah of Iran. Illustrated with a mix of archival images and gorgeous photography of the jewels, this book is a beautiful, informative, and essential read for history lovers, fashion, celebrity, and pop-culture followers, as well as passionate jewel hounds.

Salt Sugar Fat Michael Moss. 2013-02-26 From a Pulitzer Prize-winning investigative reporter at The New York Times comes the troubling story of the rise of the processed food industry -- and how it used salt, sugar, and fat to addict us. Salt Sugar Fat is a journey into the highly secretive world of the processed food giants, and the story of how they have deployed these three essential ingredients, over the past five decades, to dominate the North American diet. This is an eye-opening book that demonstrates how the makers of these foods have chosen, time and again, to double down on their efforts to increase consumption and profits, gambling that consumers and regulators would never figure them out. With meticulous original reporting, access to confidential files and memos, and numerous sources from deep inside the industry, it shows how these companies have pushed ahead, despite their own misgivings (never aired publicly). Salt Sugar Fat is the story of how we got here, and it will hold the food giants accountable for the social costs that keep climbing even as some of the industry's own say, Enough already.

Flashfire Richard Stark. 2011-07-15 Between Parker's 1961 debut and his return in the late 1990s, the whole world of crime changed. Now fake IDs and credit cards had to be purchased from specialists; increasingly sophisticated policing made escape and evasion tougher; and, worst of all, money had gone digital—the days of cash-stuffed payroll trucks were long gone. But cash isn't everything: Flashfire and Firebreak find Parker going after, respectively, a fortune in jewels and a collection of priceless paintings. In Flashfire, Parker's in West Palm Beach, competing with a crew that has an unhealthy love of explosions. When things go sour, Parker finds himself shot and trapped—and forced to rely on a civilian to survive. Firebreak takes Parker to a palatial Montana hunting lodge where a dot-com millionaire hides a gallery of stolen old masters—which will fetch Parker a pretty penny if his team can just get it past the mansion's tight security. The forests of Montana are an inhospitable place for a heister when well-laid plans fall apart, but no matter how untamed the wilderness, Parker's guaranteed to be the most dangerous predator around.

If These Jewels Could Talk Beth Bernstein. 2015-10 Throughout the 20th century, jewellery revealed the behind-the-scenes stories and the plot twists and turns in the real lives of celebrities that will always be larger than life. Some of the world's most fabulous jewels not only illustrated power and status in society but these magical gems held tremendous sentimental value as they were linked to the most significant moments and

memories of Hollywood royalty, international aristocracy and international icons of style. If *These Jewels Could Talk* offers a glimpse into the jewellery boxes of these celebrities - the personal tastes, heartfelt anecdotes and the true tales of the women who wore and collected the pieces. During the early- to mid-20th century, a majority of screen actresses requested to wear their own favourite pieces in films. This offered a peek into some of the great jewellers of the time who were designing for women who could choose anything. Actresses such as Merle Oberon, Paulette Goddard, Joan Crawford, Grace Kelly and Elizabeth Taylor as well as icons such as Jackie Kennedy and The Duchess of Windsor created signature styles for which they became known and which influenced generations of women, becoming part of our collective consciousness. The 20s through the 50s were a time when the renowned jewellery houses were also celebrities in their own right. They mixed with the socialites and royalty they bejewelled. In films, jewellery clearly developed and defined a character's personality - as it did in real life - whether it be a rags-to-riches story or those that figured into the plot: for example, a Cartier bracelet in Alfred Hitchcock's *Lifeboat*, or a Harry Winston necklace in *Notorious*. Whether on or off screen, worn by the famed and the legendary, and designed by the most revered houses of the day, all of these jewels take us on a narrative journey that provides fascinating insight into the intriguing worlds of early Hollywood and nobility from the 1920s through today.

Beyond Fabergé Marie Betteley, David Schimmelpenninck van der Oye. 2020-10-28 A rare look at the exquisite world of Russian treasures that lies beyond Fabergé. Imperial Russia evokes images of a vanished court of unparalleled splendor: magnificent tiaras, gem-encrusted necklaces, snuff boxes and other diamond-studded baubles of the tsars and tsarinas. During that time, jewelry symbolized power and wealth, and no one knew this better than the Romanovs. The era marked the high point of the Russian jewelers' art. Beginning with Catherine I's reign in 1725, in the century when women ruled Russia, until the Russian Revolution of 1917, the imperial capital's goldsmiths perfected their craft, and soon the quality of Russia's jewelry equaled, if not surpassed, the best that Europe's capitals could offer. Who created these jewels that helped make the Russian Court the richest in Europe? Hint: it wasn't Carl Fabergé. This is the first systematic survey in any language of all the leading jewelers and silver masters of Imperial Russia. The authors skillfully unfold for us the lives, histories, creations, and maker's marks of the artisans whose jewels and silver masterworks bedazzled the tsars. The previously unheralded names include Pauzié, Bolin, Hahn, Koechli, Seftigen, Marshak, Morozov, Nicholls & Plincke, Grachev, Sazikov, and many others. The market for these exquisite masterworks is also explored, from its beginnings to today's auction world and collector demand. More than 600 stunning photos reacquaint the world with the master artisans and their creations.
