When you register for the site you're asked to choose your favorite format for books, however, you're not limited to the format you choose. When you find a book you want to read, you can select the format you prefer to download from a drop down menu of dozens of different file formats. When you click on My Google eBooks, you'll see all the books in your virtual library, both purchased and free. You can also get this information by using the My library link from the Google Books homepage. The simplified My Google eBooks view is also what you'll see when using the Google Books app on Android. The closest thing you can do is use the Authors dropdown in the navigation bar to browse by authors—and even then, you'll have to get used to the terrible user interface of the site overall. GetFreeBooks: Download original eBooks here that authors give away for free. Obooko: Obooko offers thousands of eBooks for free that the original authors have submitted. You can also borrow and lend Kindle books to your friends and family. Here's a guide on how to share Kindle eBooks.
