China's Examination Hell Ichisada Miyazaki.1981-01-01 Written by one of the foremost historians of Chinese institutions, this book focuses on China's civil service examination system in its final and most elaborate phase during the Ch'ing dynasty. All aspects of this labyrinthine system are explored: the types of questions, the style and form in which they were to be answered, the problem of cheating, and the psychological and financial burdens of the candidates, the rewards of the successful and the plight of those who failed. Drawing on a wide range of sources, including Chinese novels, short stories, and plays, this thought provoking and entertaining book brings to vivid life the testing structure that supplied China's government bureaucracy for almost fourteen hundred years. Professor Miyazaki's informative work is concerned with a system. . . that was, in effect, . . . the basic institution of Chinese political life, the real pillar which supported the imperial monarchy, the effective vehicle for the aspirations and ambitions of the ruling class. Imperial China without the examination system for the past thousand years and more would have developed in an entirely different way and might not have endured as the continuing form of government over a huge empire.--Pacific Affairs The most comprehensive narrative treatment in any language of [this] enduring achievement of Chinese civilization.--American Historical Review

Civil Service Reading Comprehension National Learning Corporation.2018 Features of the Passbook Series: FUNCTIONAL LEARNING-BY-DOING...Above all, the books directly confront the real examination by presenting, as the core, hundreds of questions (and answers). Thus, the applicant takes an actual examination as he learns to cope with the numerous valid authentic questions and problems. Then attending the highest objective in self-learning, he rates and diagnostically evaluates himself by marking his answers directly in the margin of the page and compares these with the correct answers given at the end of each section. PROGRAMMED LEARNING...The books closely follow and present the full format and content of the examination and provide step-by-step instruction, in a sequential and systematic way, together with impressive amounts of practice and drill materials. PRESENTATION OF QUESTIONS...The form and substance of the questions typify the latest findings in graduated methods and procedures. The questions are of the multiple-choice type, each containing four or five items, as will appear on the examination itself. The questions not only scan and sample the basic content of the subject matter outlined in the official bulletins of information, but also translate the applicant into the ongoing metamorphic and dynamic philosophy, principles, practices, procedures, and problems of the academic-professional world of insightful thinking and expansive reading in which he will flourish and on which he will make his impress. BUILDING SELF-CONFIDENCE...No questions in the books go unanswered. The result is that the applicant prepares confidently, and a climate of success is established for him since he now knows that there is no question, no problem, no situation which cannot be answered or solved correctly and meaningfully.
