*Job Aid Manual* .1983

A Line in the Snow Michael Farrar.2009-10 Most Americans had never heard of the Arctic National Wildlife Refuge (ANWR) before the summer of 2008 when gas prices exceeded \$4.00 per gallon. At that time a national cry rang out for relief at the pumps and for increased energy security to prevent such a painful recurrence. ANWR suddenly became a highly contentious issue in the energy debated raging in Congress, eventually spilling over into the presidential campaigns throughout the fall. It was front page news as Congressional delegations and media outlets made the obligatory pilgrimage to Anchorage and points beyond in a half-hearted effort to find truth amid the mounting hype. Yet what was learned from all this activity? What do any of us really know about ANWR that wasn't gleaned from thirty-second news bite? The sad truth is that most Americans had never seen, and never will see, the remote majestic corner of northern Alaska. Regrettably, there is no manual with respect to comprehending the issues surrounding ANWR. Current sources run a somewhat limited spectrum from addressing narrow topics in total isolation, to being only mildly informative. More importantly, the information, whether it is derived from energy advocates, environmental organizations, or political analysts, tends to harbor an innate bias. This book is a good faith effort to inform, without bias.

How Underdog Was Born Buck Biggers,Chet Stover. The creators of Total Television, the brains behind Underdog, Tennessee Tuxedo and many classic cartoons, reveal the origin of one of cartoon's greatest champions - Underdog! From conception to worldwide megahit, the entire story of the birth of Total Television at last closes an important gap in animated television history. Includes \* Original

sketches for this biography by artist/creator Chet Stover \* Unused story ideas for the 25th anniversary Underdog series \* Storylines and summaries for The World of Commander McBragg, Underdog, Go Go Gophers, Tennessee Tuxedo, and King Leonardo and His Short Subjects \* And more! The creators of the beloved cartoon Underdog for the first time tell all about the show. They reveal the way a show got on the air back in the 1960's, the power advertisers had deciding what got on, the competition they had with Jay Ward and Hanna Barbera, the influence of an I Love Lucy episode are just a few of the things they reveal. - Midwest Book Review

Managing Information Quality Martin J. Eppler.2013-06-05 What makes information useful? This seemingly simple and yet intriguing and complicated question is discussed in this book. It examines ways in which the quality of information can be improved in knowledge-intensive processes (such as on-line communication, strategy, product development, or consulting). Based on existing information quality literature, the book proposes a conceptual framework to manage information quality for knowledge-based content. It presents four proven principles to apply the framework to a variety of information products. Five in-depth company case studies show how information quality can be managed systematically. The book uses frequent diagrams and tables, as well as diagnostic questions and summary boxes to make its content actionable.

**Plain Roots** Becki Willis.2018-11 Taryn Clark thought she'd outgrown the need to find her birth mother. She thought that a successful career and a comfortable life in the city were enough to be happy. Did she really need to know about the woman who had given her away? Adopted at birth, her first few years were happy. It hadn't mattered that she didn't know her heritage; she had parents who loved her and wanted her. But divorce, and then death, ripped their tiny family apart, and at the tender age of six, she entered the foster care system. Over the next dozen years, she shuffled from home to home. Finding her roots seemed an impossible dream. But dreams are resilient. An unexpected discovery awakens old yearnings of belonging to a family, of being part of something bigger than herself. Finding the brief, ambiguous note from her birth mother is enough to unfurl the ribbons of hope still binding her heart. Her quest takes her to Lancaster County, Pennsylvania and the heart of the Plain community. Aided by her unique eye color, a healthy dose of luck, and the private investigator she hires, Taryn finds her birth family easily enough, but finding the truth is another matter. In all her musings, she never imagined a scenario where her mother might be Amish. She never imagined that the fabric of her life might be a patchwork of faith and fear, stitched together with a dark family secret. Taryn is determined to trace her roots, even if it means digging in the mud to do so. Now she's caught in the quicksand of a shocking discovery and the consequences of choices made, almost forty years ago. She'll risk everything to uncover the truth and to claim the family--and the roots--she so desperately craves.
