Gatley on Libel and Slander Richard Parkes (Judge), Godwin Busuttill, Alastair Mullis. 2021  
*The Law of Privacy and the Media* Michael Tugendhat, Iain Christie. 2006 A specialist team of barristers from Five Raymond Buildings (the media, entertainment and human rights chambers) have come together to write this timely consideration of the rapidly developing law of privacy in England and Wales. The book considers how the law protects the publication of personal information without undermining the fundamental principle of freedom of expression. Although intended as a practitioners' guide to the law, it includes a consideration of comparative and international jurisprudence, as well as leading academic writings on the subject, in order to elaborate the principles upon which privacy rights are based. These may helpfully guide the development of English law in the years ahead. At the heart of the book is an explanation of existing causes of action which may be used to protect personal privacy and practical advice on defences and remedies that may be available. It is recognized that recent legislation, most notably the Data Protection Act 1998 and the Human Rights Act 1998, has had a significant impact on the law in this area and full consideration is given to their application. A vast range of case law is also analysed, including the House of Lords judgment in *Naomi Campbell v MGN Ltd*, the European Court of Human Rights judgment in *Von Hannover v Germany*, and the Court of Appeal judgment in *Douglas v Hello!*. The *Law of Privacy and the Media* is essential reading for all those who act for or against the media, as

well as all those with a general interest in the subject.--Publisher's website.

Internet Law and Regulation Graham J. H. Smith.2007 This book provides a clear and authoritative explanation of the law governing the internet, both in the UK and globally. It identifies legal questions likely to arise, explains how to deal with them, and addresses key areas of contention.

Comparative Defamation and Privacy Law Andrew T. Kenyon.2016-04-21 Defamation and privacy are now two central issues in media law. While defamation law has long posed concerns for media publications, the emergence of privacy as a legal challenge has been relatively recent in many common law jurisdictions outside the US. A number of jurisdictions have seen recent defamation and privacy law reforms, which have often drawn on, or reacted against, developments elsewhere. This timely book examines topical issues in defamation and privacy law focused on media, journalism and contemporary communication. Aimed at a wide legal audience, it brings together leading and emerging analysts of media law to address current and proposed reforms and the impact of changes in communication environments, and to re-examine basic principles such as harm and free speech. This book will be of interest to all those working on commonwealth or US law, as well as comparative scholars from wider jurisdictions.

*Religious Offence and Human Rights* Lorenz Langer.2014-07-10 Should offence to religions be punishable by law, or does freedom of expression extend even to blasphemy? This book examines this question.

*McGregor on Damages* Harvey McGregor.2001 The 16th edition of McGregor on Damages maintains the standards of its forebears and provides an authoritative text on common law damages. Detailed consideration is given to all relevant points of law and practice relating to the manifold aspects of the subject. The second supplement includes the many changes in this area of law since publication of the previous edition in 1988 such as: the decisions of the Court of Appeal and House of Lords in the recent BBL litigation, developments in exemplary damages, and the appropriate discount rate for multipliers in personal injury cases.

**The Law of Unjust Enrichment** Robert Goff Baron Goff of Chieveley, Gareth H. Jones. 2016

Présentation de l'éditeur : Goff & Jones is the leading work on the law of unjust enrichment. The first edition appeared fifty years ago, in 1966, and successive editions have played a major role in establishing the central importance of the subject for private and commercial law. The text is comprehensive in coverage and written by highly respected scholars who analyse and explain the principles governing claims in unjust enrichment, demonstrating how these principles have been applied through detailed discussion of case-law. The book is frequently cited in court and continues to set the agenda for future developments in the field. The new 9th Edition is completely up-to-date and contains detailed discussion of important decisions since the last edition. Many chapters have been rewritten to take account of significant new cases, and their impact on topics including the valuation of enrichments, the recovery of benefits from remote recipients, the recovery of benefits transferred by mistake, the recovery of money paid as tax that is not due, and the content of the tracing rules and their significance for the award of proprietary remedies.
