Russian Corporate Capitalism From Peter the Great to Perestroika Thomas C. Owen.1995-12-07 From the three perspectives of geography, economic policy, and ideology, this work examines corporate capitalism under the tsarist and late Soviet regimes. Thomas C. Owen discovers a remarkable history of thwarted effort and lost opportunity. He explores the impact of bureaucratic restrictions and reveals the entrepreneurial capabilities of Russia's corporate founders from various social groups as well as the prominence of Poles, Germans, Jews, Armenians, and foreign citizens in the corporate elite of the Russian Empire and its ten largest cities. The study stresses continuities between tsarist and late Soviet periods, especially in the persistence of anti-capitalist attitudes, both radical and reactionary. A provocative final chapter considers the implications of the weak corporate heritage for the future of Russian capitalism.

Climate Justice Mary Robinson.2018-09-04 The antidote for your climate change paralysis. —Sierra Magazine An urgent call to arms by one of the most important voices in the international fight against climate change, sharing inspiring stories and offering vital lessons for the path forward. Holding her first grandchild in her arms in 2003, Mary Robinson was struck by the uncertainty of the world he had been born into. Before his fiftieth birthday, he would share the planet with more than nine billion people--people battling for food, water, and shelter in an increasingly volatile climate. The faceless, shadowy menace of climate change had become, in an instant, deeply personal. Mary Robinson's mission would lead her all over the world, from Malawi to Mongolia, and to a heartening revelation: that an irrepressible driving force in the battle for climate justice could be found at the grassroots level, mainly among women, many of them mothers and grandmothers like herself. From Sharon Hanshaw, the Mississippi matriarch whose campaign began in her East Biloxi hair salon and culminated in her speaking at the United Nations, to Constance Okollet, a small farmer who transformed the fortunes of her ailing community in rural Uganda, Robinson met with ordinary people whose resilience and ingenuity had already unlocked extraordinary change. Powerful and deeply humane, Climate Justice is a stirring manifesto on one of the most pressing humanitarian issues of our time, and a lucid, affirmative, and well-argued case for hope. "As advocate for the forgotten and the ignored, Mary Robinson has not only shone a light on human suffering, but illuminated a better future for our world." -Barack Obama

Typhoid Mary Anthony Bourdain.2010-10-17 'Bourdain's prose is utterly riveting' New York Magazine 'A juicy drama ... Bourdain creates a varied historical portrait of Mallon's time' Seattle Times

The story of a notorious cook and a riveting slice of 1900s New York from the bestselling author of Kitchen Confidential In 1906, at a prosperous Long Island summer home, a family falls ill and typhoid is diagnosed. When Dr George Soper is called in to find the source of the contagion, he notices that the household cook has gone missing. She is Mary Mallon, the woman who would become known as Typhoid Mary. Soper, sanitary engineer turned sleuth, sees Mary as his Moriarty. He finds there has been an outbreak of typhoid fever in every household she has worked in over the past decade. Mary is a 'carrier', a seemingly healthy individual who passes on her dangerous germs, sometimes with fatal consequences. Now Soper must hunt the cook down before she can infect more unsuspecting victims. A poor Irish immigrant, Mary refuses to believe that she can harbour typhoid in her strong and healthy body, and she doesn't intend to go quietly. In this fascinating true story Bourdain, in an homage from one cook to another, follows Mary through the kitchens of New York, putting a human face to a desperate and unintentional murderer, and examines a time, and a life, with his inimitable style.
