Nāga-mandala Girish Raghunath Karnad.1990 An English Version Of Girish Karnad`S Play Originally Written In Kannanada - Which Was Based On 2 Folk-Tales From Karnataka.

*Three Plays* Girish Karnad,Girish Raghunath Karnad.1994 These plays represent three phases in the career of the dramatist Girish Karnad, whose very first play rejected the naturalism then prevalent on the Indian stage. All three are classics of the Indian stage. Tughlaq is a historical play in the manner of the nineteenth-century Parsi theatre. It deals with the tumultuous reign of the medieval Sultan, Muhammad bin Tughlaq, a visionary, a poet and one of the most gifted individuals to ascend the throne of Delhi (who also came to be considered one of the most spectacular failures in history). Hayavadana was one of the first modern Indian plays to employ traditional theatre techniques. The various conventions—music, mime, masks, the framing narrative, the mixing of human and non-human worlds - are here used for a simultaneous presentation of alternative points of view, for alternative analyses of a human problem posed by a story from the Kathasaritsagar. By a supernatural accident, two men have their heads exchanged. The wife of one of them has to decide who is her husband in the new situation and live with the consequences of her decision. In Naga-Mandala, Karnad turns to oral tales, usually narrated by women while feeding children in the kitchen. Two such tales are fused here. The first comments on the paradoxical nature of oral tales in general: they have an existence of their own, independent of the teller, and yet live only when they are passed on from one to another. Ensnared within this is the story of a girl who makes up tales in order to come to grips with her life.

*Glass Ceiling: Impact on Women* Dr. Indu Prabha Pathak, Dr. Payal Khurana. According to Oxford Dictionary, "Glass-Ceiling is an unacknowledged barrier to advancement in a profession, especially affecting women and members of minorities." It remains the invisible barrier which resists the efforts of women to reach the top level. The term became recurrent in late 70's and early 80's as many women entered the workforce and found themselves unable to advance beyond a certain level of management. This book is dedicated to unsung women who have faced or are facing a constant battle daily to register their existence and fulfill their dreams.

Critiquing Contemporary Indian Culture Dr. Kuldeep S. Sharma. 2022-08-23 Girish Karnad, one of the best living Indian playwrights, is a flexible virtuoso. His ascent as an unmistakable dramatist in the 1960s denoted the happening time of Modern Indian Playwriting in Kannada. Throughout the previous four decades, Girish Karnad has been creating plays, frequently utilizing history and folklore to handle contemporary issues. In this book, I have tried to justify my title, "Girish Karnad: A Chronicler" As I am especially keen on the plays of Girish Karnad, I endeavored to gather all the basic translations of his plays to comprehend him insightfully. I have picked major works of him translated into English incorporating his plays in which he almost goes to an elusive land of history and legend. This book presented in six parts. My endeavour is to examine the utilization of legend in the plays of Girish Karnad. Girish Karnad has appropriately seen that our fantasies oversee the awareness of Indians, and even their fundamental demeanours towards regular daily existence are affected by the considerable stories; The Ramayana, The Mahabharatha, The Bhagavata, the Puranas, and story cycles like the Jataka Tales, Panchatantra, Kathasaritsagara, Vikramadityacharita, and others, which are loaded with the legends of our nation. In this way, Karnad found that utilizing fantasies to manage contemporary issues was a certain method to catch the creative energy of the groups of onlookers and attract their thoughtfulness regarding crucial issues of present-day times.

*Trajectory of Nation Through Myths: A Study of Girish Karnad's Selected Plays* Dr. Deepika Chaliya. 2022-09-06 The present study aims to explore the relationships between nation and its myth to address larger issues of national, international and universal interests in the dramatic mechanism of Girish Karnad. Dramatics, in the hands of Karnad, uses myth to serve its real purpose of educating and entertaining the masses. As far the importance of myth for a nation is concerned, myth has been establishing its importance in every era and in every society. It frames a major part of national heritage. It constantly reminds us who we are, where we have come from and what future we are leading to. It sounds cautionary call about making wrong decisions with the help of mythological examples. It teaches the lessons and help people avoid a similar fate. The present study aims an investigation of searching role of myth in a scenario which witnesses swift changes in priorities. World today is obsessed with endless conflicts. Every nation brims with national pride. The evil of casteism, regionalism, religious fundamentalism, patriarchy and racism have placed many seen and unseen barricades in the way of national safety and integration. Myth, in such a scenario, comes forward to guide the masses with the wisdom and experiences of ages. It not only acts as a manifesto for the present social order but works as a demonstration pattern of ethical values, sociological order, and miraculous conviction also so that traditional values can be strengthened to the extent that these can accommodate the changing form of long-established concept of morality.

Myth finds expression through various forms of art. Literature is one such form that makes us see beyond obvious and what the front door shows. It takes man to discover, inquire and construct new knowledge. Literature is a means to leap into the past through myth, history and legends. Literature, especially drama is such a form of art that reflects and expresses the inner sections of human mind in a better way. It depicts man, family, community, nation and world with all the possible tinges of truth. It not only affirms faith but can challenge long-held beliefs as well. It has been a strong medium to convey deeper meanings of life in its true and vivid colours.

A Cartographic Journey of Race, Gender and Power Syrrina Ahsan Ali Haque, Sameer Afzal.2021-05-14 This book locates spatial dimensions possible for a global identity, while incorporating the presence of collaborative and contentious religious, psycho-social and physical borders. It highlights the significance of space in the construction of racial, gender, religious, cultural idiosyncrasies where private and public space projects the power mechanisms which allocate borders. The literary narratives discussed in this collection project a trajectory of voices of the East and West, male and female, crossing boundaries between identity, race, gender and class. The book proffers that spatial borders are social constructs to propagate the power mechanisms of hierarchical structures, defying imbrications, explored here, which may be used to reflect diversity as a model for global space. These explorations are journeys back and forth in time and space towards hierarchies formed through the imposition of borders defining race, gender and power which may be considered 'post' in the postmodern, postcolonial, post 9/11, post-secular and postfeminist senses.
