Many aspects of More's description of Utopia are reminiscent of life in monasteries.

small things left behind Ella Zeltserman.2014-09-01 Freedom is something my father has never known. How do I explain freedom to the ones born bent? -from Not Scared Ella Zeltserman's poetry cuts both ways. The story of her flight from the USSR in 1979-of the young family she brought to Edmonton and the older one she left behind-does explain freedom to the ones born bent, but it also explains oppression to the ones born free. Deftly modulating language, imagery, and events of past and present, comfort and tyranny, atrocity and family, home and war, Leningrad and Edmonton, she touches readers emotionally, drawing them into the journey. This authentic account of Russian-Jewish immigration to Canada during the Cold War will speak to all who have left their country or who moved far away from home.

The Flicker of Old Dreams Susan Henderson.2018-03-13 The dead come to me vulnerable, sharing their stories and secrets. . . . Mary Crampton has spent all of her thirty years in Petroleum, a small western town once supported by its grain industry. Living at home, she works as the embalmer in her father's mortuary: an unlikely job that has long marked her as an outsider. Yet, to Mary, there is a satisfying art to positioning and styling each body to capture the essence of a subject's life. Though some townsfolk pretend that the community is thriving, the truth is that Petroleum is crumbling away—a process that began twenty years ago when an accident in the grain elevator killed a beloved high school athlete. The granary closed for good, the train no longer stopped in town, and Robert Golden, the victim's younger brother, was widely blamed for the tragedy and shipped off to live elsewhere. Now, out of the blue, Robert has returned to care for his terminally ill mother. After Mary—reserved, introspective, and deeply lonely—strikes up an unlikely friendship with him, shocking the locals, she finally begins to consider what might happen if she dared to leave Petroleum. Set in America's Great Plains, *The Flicker of Old Dreams* explores themes of resilience, redemption, and loyalty in prose as lyrical as it is powerful.

The House of Cobwebs and Other Stories George Gissing.2022-09-15 *The House of Cobwebs and Other Stories* is a series of political tales focusing on such topics as white-collar poverty, class differences, and social ambitions. Excerpt: In England, during the sixties and seventies of the last century the world of books was dominated by one Gargantuan type of fiction. The terms book and novel became almost synonymous in houses that were not Puritan, yet where books and reading, in the era of few and unfree libraries, were strictly circumscribed. George Gissing was no exception to this rule. The English novel was at the summit of its reputation during his boyish days.

The American South William J. Cooper Jr.,Thomas E. Terrill,Christopher Childers.2016-11-17 In *The American South: A History, Fifth Edition*, William J. Cooper, Jr. and Thomas E. Terrill demonstrate their belief that it is impossible to divorce the history of the South from the history of the United States. The authors' analysis underscores the complex interaction between the South as a distinct region and the South as an inescapable part of America. Cooper and Terrill show how the resulting tension has often propelled section and nation toward collision. In supporting their thesis, the authors draw on the tremendous amount of profoundly new scholarship in Southern history. Each volume includes a substantial bibliographical essay—completely updated for this edition—which provides the reader with a guide to literature on the history of the South. This volume contains

updated chapters, and tables.

Belonging Through a Psychoanalytic Lens Rebecca Coleman Curtis.2020-12-29 Watching people protest, one hypothesis is that underlying these actions for specific justifiable causes is a sense of wishing to belong, of wishing not to be alone. Recent knowledge from patients and empirical research shows the importance of belonging to groups to both psychological and physical well-being. The problems of many students, minority group members, immigrants, terrorists, and lonely people are linked to an insufficient sense of belonging. Whereas psychoanalytic theory has focused on the need for a secure attachment to a primary caretaker, it has failed to note the importance of a sense of belonging to the family group, a friendship group, a community, a religious group, a nation-state, etc. This book demonstrates the difficulties faced by those who immigrate, those who never feel a sense of their true selves as belonging in a family or a cohesive professional group, and the difficulties of psychoanalysts themselves in knowing where they belong in patients' lives. The problems of breaking up marital and professional relationships as well as our relationship with the Earth are also discussed. Freudian theory rejected the idea of a sense of oneness with humanity as being infantile. Recent developments regarding the similarities between meditational practices and psychoanalysis have questioned Freud's idea. This book shows the importance of an interpersonal/relational psychoanalysis focusing on real relationships and not simply one that examines inner conflicts. It will be useful to psychologists, other mental health practitioners, social scientists, and anyone with normal struggles in life.

Debating the Afropolitan Emilia María Durán-Almarza, Ananya Jahanara Kabir, Carla Rodríguez González.2020-05-21 This volume evaluates the vitality of the term 'Afropolitan' within the fields of African and Afro-diasporic studies. A hotly debated and malleable term, its wide circulation has allowed for Afropolitanism to become a contested space for critical inquiry. The contributions to this book are representative of the lively discussions that Afropolitan aesthetics, identity politics and Afro(cosmo)politanisms have sparked in recent years. The book aims to continue the debates around these concepts foregrounded by earlier works in the fields of postcolonial literature, African cultural studies, and studies of diaspora and transnationalism. This book was originally published as a special issue of the European Journal of English Studies.

Women's Writing in Canada Patricia Demers.2019-08-22 Spanning the period from the Massey Commission to the present and reflecting on the media of print, film, and song, this study attends to the burgeoning energy of women writers across genres. It explores how their work interprets our national story. The questioning, disruptive feminist practice of their fiction, filmmaking, poetry, song-writing, drama, and non-fiction reveals the tensions of colonial society at the same time as it transforms cultural life in Canada. Women's Writing in Canada resurrects foremothers who were active before and after the mid-century - Ethel Wilson, Gabrielle Roy, Gwen Pharis Ringwood, Dorothy Livesay, and P.K. Page - as well as such forgotten writers as Grace Irwin, Patricia Blondal, and Edna Jaques. Its breadth extends to the contemporary voices and influences of novelists Tracey Lindberg and Heather O'Neill, poets Marilyn Dumont and Leanne Betasamosake Simpson, playwrights Hannah Moscovitch and Anna Chatterton, and filmmakers Sarah Polley and Mina Shum. Writing for children as well as memoirs, autobiographies, comic books, and cookbooks illustrate the wide and impressive range of women's talents.

Trying Again to Stop Time Jalal Barzanji.2015-04-15 "It's a losing battle: my words have no chance against time. Sometimes, unable to catch up with imagination, I leave the battle, candle in hand, in complete darkness." — from "Trying Again to Stop Time Jalal Barzanji chronicles the path of exile and estrangement from his beloved native Kurdistan to his chosen home in Canada. His poems speak of the tension that exists between the place of one's birth and an adoptive land, of that delicate dance that happens in the face of censorship and oppression. In defiance of Saddam Hussein's call for sycophantic political verse, he turns to the natural world to reference a mournful state of loss, longing, alienation, and melancholy. Barzanji's poetry is infused with the richness of the Middle East, but underlying it all is a close affinity to Western Modernists. In those moments where language and culture collide and co-operate, Barzanji carves out a strong voice of opposition to political oppression. Readers will return to his work again and again, just as viewers return to a favourite painting. "Like contemporary poets Taslima Nasrin, Adonis, Yehuda Amichai, and Shuntaro Tanikawa, Barzanji's is a voice in which the native willingly mutates into the global." — Sabah A. Salih, Translator "The Kurdish question stands tall in our age as yet another emblematic paradigm of the violence enacted on a people in the name of the nation-state. Barzanji's poetry is lovely, with frequent piercing tender moments and visions of the daily and the ordinary. The translation reads smoothly and naturally, highlighting the spoken quality of the poems, the loving and wounded quality of their speaker." — Fady Joudah, translator of Ghassan Zaqtan's *Like a Straw Bird It Follows Me, and Other Poems*, winner of the 2013 International Griffin Poetry Prize

The Black Prairie Archives Karina Vernon.2020-02-19 The Black Prairie Archives: An Anthology recovers a new regional archive of "black prairie" literature, and includes writing that ranges from work by nineteenth-century black fur traders and pioneers, all of it published here for the first time, to contemporary writing of the twenty-first century. This anthology establishes a new black prairie literary tradition and transforms inherited understandings of what prairie literature looks and sounds like. It collects varied and unique work by writers who were both conscious and unconscious of themselves as black writers or as "prairie" people. Their letters, recipes, oral literature, autobiographies, rap, and poetry- provide vivid glimpses into the reality of their lived experiences and give meaning to them. The book includes introductory notes for each writer in non-specialist language, and notes to assist readers in their engagement with the literature. This archive and its supporting text offer new scholarly and pedagogical possibilities by expanding the nation's and the region's archives. They enrich our understanding of black Canada by bringing to light the prairies' black histories, cultures, and presences.

Half-Blood Blues Esi Edugyan.2013-10-28 The brilliant, bestselling, Giller Prize-winning novel Esi Edugyan's *Half-Blood Blues* took the literary world

by storm when it was first published, captivating readers and reviewers with its audacity, power, and sheer brilliance. The novel won or was nominated for every literary prize in Canada—and many international ones, too, including the prestigious Man Booker Prize. It was hailed as one of the best books of the year by Oprah, The Globe and Mail, Amazon, The San Francisco Chronicle and The Vancouver Sun, and it was named a New York Times Editor's Choice. From the smoky bars of pre-war Berlin to the salons of Paris, the narrator of *Half-Blood Blues*, musician Sid Griffiths, leads the reader through a fascinating, little-known world and into the heart of his own guilty conscience. The bestselling, award-winning *Half-Blood Blues* is an entrancing, electric story about jazz, race, love and loyalty, and the sacrifices we ask of ourselves—and demand of others—in the name of art.

A Strange Eventful History Michael Holroyd. 2010-03-02 PLEASE NOTE: THIS EBOOK DOES NOT CONTAIN PHOTOS INCLUDED IN THE PRINT EDITION. Deemed a prodigy among biographers by The New York Times Book Review, Michael Holroyd transformed biography into an art. Now he turns his keen observation, humane insight, and epic scope on an ensemble cast, a remarkable dynasty that presided over the golden age of theater. Ellen Terry was an ethereal beauty, the child bride of a Pre-Raphaelite painter who made her the face of the age. George Bernard Shaw was so besotted by her gifts that he could not bear to meet her, lest the spell she cast from the stage be broken. Henry Irving was an ambitious, harsh-voiced merchant's clerk, but once he painted his face and spoke the lines of Shakespeare, his stammer fell away to reveal a magnetic presence. He would become one of the greatest actor-managers in the history of the theater. Together, Terry and Irving created a powerhouse of the arts in London's Lyceum Theatre, with Bram Stoker—who would go on to write *Dracula*—as manager. Celebrities whose scandalous private lives commanded global attention, they took America by storm in wildly popular national tours. Their all-consuming professional lives left little room for their brilliant but troubled children. Henry's boys followed their father into the theater but could not escape the shadow of his fame. Ellen's feminist daughter, Edy, founded an avant-garde theater and a largely lesbian community at her mother's country home. But it was Edy's son, the revolutionary theatrical designer Edward Gordon Craig, who possessed the most remarkable gifts and the most perplexing inability to realize them. A now forgotten modernist visionary, he collaborated with the Russian director Stanislavski on a production of *Hamlet* that forever changed the way theater was staged. Maddeningly self-absorbed, he inherited his mother's potent charm and fathered thirteen children by eight women, including a daughter with the dancer Isadora Duncan. An epic story spanning a century of cultural change, *A Strange Eventful History* finds space for the intimate moments of daily existence as well as the bewitching fantasies played out by its subjects. Bursting with charismatic life, it is an incisive portrait of two families who defied the strictures of their time. It will be swiftly recognized as a classic. Please note: This ebook edition does not contain photos and illustrations that appeared in the print edition.

Bukowski Neeli Cherkovski. 2020-07-28 Meet the man behind the myth in the only full-fledged biography of the American novelist, poet, and legend by a close friend and collaborator. Neeli Cherkovski began a deep friendship with Bukowski in the 1960s while guzzling beer at wrestling matches or during quieter evenings discussing life and literature in Bukowski's East Hollywood apartment. Over the decades, those hundreds of conversations

took shape as this biography—now with a new preface, “This Thing Upon Me Is Not Death: Reflections on the Centennial of Charles Bukowski.” Bukowski, author of *Ham on Rye*, *Post Office*, and other bestselling novels, short stories, and poetry collections only ever wanted to be a writer. Maybe that’s why Bukowski’s voice is so real and immediate that readers felt included in a conversation. “In his written work, he’s a hero, a fall guy, a comic character, a womanizing lush, a wise old dog,” biographer Neeli Cherkovski writes. “His readers do more than glimpse his many-sidedness. For some, it’s a deep experience. They feel as if his writing opens places inside of themselves they might never have seen otherwise. Often a reader comes away feeling heroic, because the poet has shown them that their ordinary lives are imbued with drama.” Full of anecdotes, wisdom, humor, and insight, this is an essential companion to the work of a great American writer. Long-time Bukowski fans will come away with fresh insights while readers new to his work will find this an exhilarating introduction. “A treasure trove for Bukowski fans . . . Cherkovski’s access to his subject allows him an intimacy otherwise impossible.” —John Rechy, *Los Angeles Times*

In the Shadows of the Tropics James S. Duncan.2016-05-23 In this original work James Duncan explores the transformation of Ceylon during the mid-nineteenth century into one of the most important coffee growing regions of the world and investigates the consequent ecological disaster which erased coffee from the island. Using this fascinating case study by way of illustration, *In the Shadows of the Tropics* reveals the spatial unevenness and fragmentation of modernity through a focus on modern governmentality and biopower. It argues that the practices of colonial power, and the differences that race and tropical climates were thought to make, were central to the working out of modern governmental rationalities. In this context, the usefulness of Foucault's notions of biopower, discipline and governmentality are examined. The work contributes an important rural focus to current work on studies of governmentality in geography and offers a welcome non-state dimension by considering the role of the plantation economy and individual capitalists in the lives and deaths of labourers, the destabilization of subsistence farming and the aggressive re-territorialization of populations from India to Ceylon.

Black Lives Under Nazism Sarah Phillips Casteel.2024-02-06 In a little-known chapter of World War II, Black people living in Nazi Germany and occupied Europe were subjected to ostracization, forced sterilization, and incarceration in internment and concentration camps. In the absence of public commemoration, African diaspora writers and artists have preserved the stories of these forgotten victims of the Third Reich. Their works illuminate the relationship between creative expression and wartime survival and the role of art in the formation of collective memory. This groundbreaking book explores a range of largely overlooked literary and artistic works that challenge the invisibility of Black wartime history. Emphasizing Black agency, Sarah Phillips Casteel examines both testimonial art by victims of the Nazi regime and creative works that imaginatively reconstruct the wartime period. Among these are the internment art of Caribbean painter Josef Nassy, the survivor memoir of Black German journalist Hans J. Massaquoi, the jazz fiction of African American novelist John A. Williams and Black Canadian novelist Esi Edugyan, and the photomontages of Scottish Ghanaian visual artist Maud Sulter. Bridging Black and Jewish studies, this book identifies the significance of African

diaspora experiences and artistic expression for Holocaust history, memory, and representation.

Revolutionary Dreams Richard Stites.1991-11-14 The revolutionary ideals of equality, communal living, proletarian morality, and technology worship, rooted in Russian utopianism, generated a range of social experiments which found expression, in the first decade of the Russian revolution, in festival, symbol, science fiction, city planning, and the arts. In this study, historian Richard Stites offers a vivid portrayal of revolutionary life and the cultural factors--myth, ritual, cult, and symbol--that sustained it, and describes the principal forms of utopian thinking and experimental impulse. Analyzing the inevitable clash between the authoritarian elements in the Bolshevik's vision and the libertarian behavior and aspirations of large segments of the population, Stites interprets the pathos of utopian fantasy as the key to the emotional force of the Bolshevik revolution which gave way in the early 1930s to bureaucratic state centralism and a theology of Stalinism.

Travels with Henry James Henry James.2016-10-25 "To travel with James in these pages is to take an unhurried vacation with a thoroughly seasoned, supremely cultivated, acutely intelligent companion. Our guide is a curious, engaged observer not only of landscapes and streets and cathedrals but also of paintings and plays and the characteristics—national, social, and individual—of the people we encounter at his side. This is a book to be read slowly, the better to absorb its sights and sounds, its insights and reflections." —from the foreword by Hendrik Hertzberg Brimming with charm, wit, and biting criticism, this new collection of travel essays reintroduces the iconic novelist Henry James as a formidable travel companion. Whether for a trip to Lake George or an afternoon visit to an art exhibit in Paris, James will delight readers with his insights and make them feel nostalgic for places they've never been.

Butterfly People William R. Leach.2014-01-28 With 32 pages of full-color inserts and black-and-white illustrations throughout. From one of our most

highly regarded historians, here is an original and engrossing chronicle of nineteenth-century America's infatuation with butterflies—"flying flowers"—and the story of the naturalists who unveiled the mysteries of their existence. A product of William Leach's lifelong love of butterflies, this engaging and elegantly illustrated history shows how Americans from all walks of life passionately pursued butterflies, and how through their discoveries and observations they transformed the character of natural history. In a book as full of life as the subjects themselves and foregrounding a collecting culture now on the brink of vanishing, Leach reveals how the beauty of butterflies led Americans into a deeper understanding of the natural world.

Dreaming with the Ancestors Shirley Boteler Mock.2012-10-09 Indian freedmen and their descendants have garnered much public and scholarly attention, but women's roles have largely been absent from that discussion. Now a scholar who gained an insider's perspective into the Black Seminole community in Texas and Mexico offers a rare and vivid picture of these women and their contributions. In *Dreaming with the Ancestors*, Shirley Boteler Mock explores the role that Black Seminole women have played in shaping and perpetuating a culture born of African roots and shaped by southeastern Native American and Mexican influences. Mock reveals a unique maroon culture, forged from an eclectic mixture of religious beliefs and social practices. At its core is an amalgam of African-derived traditions kept alive by women. The author interweaves documentary research with extensive interviews she conducted with leading Black Seminole women to uncover their remarkable history. She tells how these women nourished their families and held fast to their Afro-Seminole language — even as they fled slavery, endured relocation, and eventually sought new lives in new lands. Of key importance were the warrior women — keepers of dreams and visions that bring to life age-old African customs. Featuring more than thirty illustrations and maps, including historic photographs never before published, *Dreaming with the Ancestors* combines scholarly analysis with human interest to open a new window on both African American and American Indian history and culture.

The Second Life of Samuel Tyne Esi Edugyan.2011-03-04 Haunting and atmospheric, this debut novel portrays the heartbreak, hardship and moments of surprising grace in the life of a man struggling to realize his destiny. A young man of astonishing promise when he emigrated from Ghana in 1955, Samuel Tyne was determined to accomplish great things. Fifteen long years later, he's an insignificant government employee who hates his job when he unexpectedly inherits his uncle's crumbling mansion in Aster, Alberta. Despite his wife's resistance and the sullen complaints of his thirteen-year-old twin daughters, Samuel quits his job and moves his family to the town. For here, he believes, is that fabled second chance, and he is determined not to fail again. At first, Aster seems perfect — to Samuel, the formerly all-black town represents the return to a communal, idyllic way of life. But he soon discovers the town's problems: a history of in-fighting, a strict town council and a series of mysterious fires that put all the townsfolk on edge. When his daughters cease speaking and refuse to explain their increasingly strange behaviour, Samuel turns more and more to the refuge of his electronics shop. As his ambitions intensify, the life he has struggled so hard to improve begins to disintegrate around him, and a dark current of menace in the town is turned upon the Tyne family.
