Julie took about twenty-five small steps out onto the hanging bridge. Katie looked back up stream and yelled, Watch out! A tree! A tree is floating down the river at you! Get off the bridge! Lori shouted, Julie! Come back! However, Julie stood, there, frozen. Julie! .Ju-lie! screamed Lori. Julie turned and took two steps back when the tree roots hit the bridge closest to the other side. The rampaging current caused the tree roots to push against the bridge with tremendous force. When the bridge lurched terribly, Julies feet slid off the slats. She was now hanging onto the rope handrails. Only Lori knew about Julies previous fear of the water and wanted to go out on the bridge to help her. Suddenly the bridge ripped in half, dumping Julie into the turbulent water. Lori raced down river as Julie was hanging onto the rope for dear life. Meanwhile, the tree careened around, slowly at first, and then faster, as it turned broadside to the current. Its branches came at Julie with ever-increasing speed. Watch out! screamed Lori. Julie didnt see the danger and a branch banged her on the side of her head. She went completely under the water and was swept away by the tree.

*Six Steps Down* Mandi Greenwood.2013 Halfway down, the treacherous loose gravel gave way and her feet slid out from under her, making Aisley scream. When sixteen year old Aisley Brannon first comes to live at Sheldon's Seat, little does she know of the tragic history she is about to uncover. A school project throws her together with five friends as they decide to make her home the subject of their presentation. What ensues is a hundred year old journey of mystery and discovery, running alongside the turmoil of a modern teenage love story. Aisley and her friends ride a rollercoaster of intrigue, heartbreak and disaster before the truth is finally revealed. About the Author An ardent lover of books from day one, Mandi has been reading and writing fiction her entire life, and has always wanted to be an author. Surrounded by books since childhood, she was besotted early on by the likes of Charlotte Bronte, Frances Hodgson Burnett, and of course, JRR Tolkien. Her first copy of Jane Eyre, given to her at age ten, was re-read over and over until it literally fell apart. Mandi still adores reading and she has encouraged this love and respect for books in her children as well. Six Steps Down is Mandie(tm)s debut novel. It and the sequel she is currently writing come from ideas formed over time inspired by many things, but predominantly by her love for Victoriae(tm)s beautiful, rugged coastline.

**Green Ribbons and Turbans** Armin Arefi.2011-11-01 During the last presidential election in Iran, nonviolent protestors defied the mullahs' power by wearing green ribbons on their wrists. In June of 2009, the inhabitants of Tehran were living underground to escape the government's authority, strangled by interdictions, dreaming of freedom and revolution. Mahmoud Ahmadinejad, president of the Islamic Republic of Iran and desperate to maintain his power, defeated his opponent, Mahmoud Mousavi, by massive electoral fraud. The resulting frustration and anger throughout the country sparked a gigantic wave of opposition. The Green Movement was born. In this timely, politically relevant, and unique account of life in Iran, Arefi takes us to a world removed from the usual cultural and political clichés about Iran and lets us hear the voices of a new generation of Iranians, who have never known anything but religious dictatorship and repression. He also tells the stories of the first victims of repression—Neda, Sohrab, and Taraneh.

**The ETTO Principle: Efficiency-Thoroughness Trade-Off** Erik Hollnagel.2017-11-01 Accident investigation and risk assessment have for decades focused on the human factor, particularly 'human error'. Countless books and papers have been written about how to identify, classify, eliminate, prevent and compensate for it. This bias towards the study of performance failures, leads to a neglect of normal or 'error-free' performance and the assumption that as failures and successes have different origins there is little to be gained from studying them together. Erik Hollnagel believes this assumption is false and that safety cannot be attained only by eliminating risks and failures. The ETTO Principle looks at the common trait of people at work to adjust what they do to match the conditions - to what has happened, to what happens, and to what may happen. It proposes that this efficiency-thoroughness trade-off (ETTO) - usually sacrificing thoroughness for efficiency - is normal. While in some cases the adjustments may lead to adverse outcomes, these are due to the very same processes that produce successes, rather than to errors and malfunctions. The ETTO Principle removes the need for specialised theories and models of failure and 'human error' and offers a viable basis for effective and just approaches to both reactive and proactive safety management.

*The 60s: The Story of a Decade* The New Yorker Magazine.2016-10-25 This fascinating anthology collects notable New Yorker pieces from the most tumultuous years of the twentieth century—including work by James Baldwin, Pauline Kael, Sylvia Plath, Roger Angell, and Muriel Spark—alongside new assessments of the 1960s by some of today's finest writers. Here are real-time accounts of these years, brought to immediate and profound life: Calvin Trillin reports on the integration of Southern universities, E. B. White and John Updike wrestle with the enormity of the Kennedy assassination, and Jonathan Schell travels with American troops into the jungles of Vietnam. Some of the truly timeless works of American journalism came out of The New Yorker that decade, including Truman Capote's *In Cold Blood*, Rachel Carson's *Silent Spring*, and James Baldwin's *The Fire Next Time*, all excerpted here. The arts, too, underwent an extraordinary transformation, with the magazine publishing such indelible short story masterpieces as John Cheever's "The Swimmer" and John Updike's "A & P"; iconic poems by Sylvia Plath and Anne Sexton; and in-depth profiles of crucial cultural figures like Bob Dylan, Allen Ginsberg, Mike Nichols and Elaine May, and Muhammad Ali (when he was still Cassius Clay). This collection of groundbreaking pieces is also given contemporary context by current New Yorker writers, resulting in an incomparable portrait of a truly galvanizing era. Including contributions by Renata Adler • Roger Angell • Hannah Arendt • James Baldwin • Truman Capote • Rachel Carson • John Cheever • Mavis Gallant • Pauline Kaell • Jane Kramer • John McPhee • Sylvia Plath • Muriel Spark • Calvin Trillin • John Updike • E. B. White And featuring new perspectives by Jennifer Egan • Malcolm Gladwell • Dana Goodyear • Adam Gopnik • Jill Lepore • Larissa MacFarquhar • Evan Osnos • George Packer • Kelefa Sanneh Praise for *The 60s: The Story of a Decade* "The third installment in the esteemed magazine's superb decades series . . . The contributor list is an embarrassment of riches. . . . The hits continue. Bring on the '70s."—Kirkus Reviews (starred review) "[The 60s] deserves a lasting place on one's shelves. Like its predecessors in the series, this collection is a time capsule and a keeper."—Booklist

*A Father's Betrayal* Chick Lung.2014-08-29 Wendy woke up on the helicopter as it flew through the night in blackness. No lights could be seen and the blades were muffled so that it could fly over someone on the ground a thousand feet below and no sound would be heard by the man on the ground. Something was pressed hard against her left buttock, but Wendy stayed quiet until she knew where she was. She could hear the faint noise of the helicopter and make out the green screen at the front of the helicopter. She soon realized the thing pressing sharply into her buttock was the end of the mounted machinegun's bullets belt. Wendy tried to inch away, but when she did she felt the butt of a rifle smash down on the middle of her right hand almost causing her to pass out from pain. You move again, and I'll break every finger on your right hand, Wabba. The soldier spat out the name Wabba as if it were a foul word he had to get out of his mouth in a hurry. Wendy never moved for the next hour as she listened to the talk among the soldiers. Getting up the courage she finally spoke to no one in particular. Where are you taking me? He didn't break every finger, but she thought he had when the rifle butt again smashed into her hand. This time she did pass out for a few seconds. When

she came to, she heard one soldier laughing and saying something about her not lasting too long with old slice and dice. A sliver of pain and fear crawled down her spine at the mention of a name she knew all too well from years of living among the people and hearing the stories of him and Rasafeh Prison.
